#### § 89.1040. Eligibility Criteria.

(a) Special education services. To be eligible to receive special education services, a student must be a "child with a disability," as defined in 34 Code of Federal Regulations (CFR), §300.8(a), subject to the provisions of 34 CFR, §300.8(c), the Texas Education Code (TEC), §29.003, and this section. The provisions in this section specify criteria to be used in determining whether a student’s condition meets one or more of the definitions in federal regulations or in state law.

(b) Eligibility determination. The determination of whether a student is eligible for special education and related services is made by the student’s admission, review, and dismissal (ARD) committee. Any evaluation or re-evaluation of a student shall be conducted in accordance with 34 CFR, §§300.301-300.306 and 300.122. The multidisciplinary team that collects or reviews evaluation data in connection with the determination of a student’s eligibility must include, but is not limited to, the following:

(1) a licensed specialist in school psychology (LSSP), an educational diagnostician, or other appropriately certified or licensed practitioner with experience and training in the area of the disability; or

(2) a licensed or certified professional for a specific eligibility category defined in subsection (c) of this section.

### State Laws

#### § 29.003. Eligibility Criteria.

(a) The agency shall develop specific eligibility criteria based on the general classifications established by this section with reference to contemporary diagnostic or evaluative terminologies and techniques. Eligible students with disabilities shall enjoy the right to a free appropriate public education, which may include instruction in the regular classroom, instruction through special teaching, or instruction through contracts approved under this subchapter. Instruction shall be supplemented by the provision of related services when appropriate.

(b) A student is eligible to participate in a school district’s special education program if the student:

(1) is not more than 21 years of age and has a visual or auditory impairment that prevents the student from being adequately or safely educated in public school without the provision of special services; or

(2) is at least three but not more than 21 years of age and has one or more of the following disabilities that prevents the student from being adequately or safely educated in public school without the provision of special services: (A) physical disability; (B) mental retardation; (C) emotional disturbance; (D) learning disability; (E) autism; (F) speech disability; or (G) traumatic brain injury.

### § 7.063. PERSON FIRST RESPECTFUL LANGUAGE PROMOTION.

The commissioner shall ensure that the agency uses the terms and phrases listed as preferred under the person first respectful language initiative in Chapter 392, Government Code, when proposing, adopting, or amending the agency’s rules, reference materials, publications, and electronic media.
characteristics often associated with autism are engagement in repetitive activities and stereotyped movements, resistance to environmental change or change in daily routines, and unusual responses to sensory experiences.

(ii) Autism does not apply if a child’s educational performance is adversely affected primarily because the child has an emotional disturbance, as defined in paragraph (c)(4) of this section.

(iii) A child who manifests the characteristics of autism after age three could be identified as having autism if the criteria in paragraph (c)(1)(i) of this section are satisfied.

(2) Deaf-blindness means concomitant hearing and visual impairments, the combination of which causes such severe communication and other developmental and educational needs that they cannot be accommodated in special education programs solely for children with deafness or children with blindness.

(3) Deafness means a hearing impairment that is so severe that the child is impaired in processing linguistic information through hearing, with or without amplification that adversely affects a child’s educational performance.

(A) meets the eligibility criteria for auditory impairment specified in subsection (c)(3) of this section and visual impairment specified in subsection (c)(12) of this section;

(B) meets the eligibility criteria for a student with a visual impairment and has a suspected hearing loss that cannot be demonstrated conclusively, but a speech/language therapist, a certified speech and language therapist, or a licensed speech language pathologist indicates there is no speech at an age when speech would normally be expected;

(C) has documented hearing and visual losses that, if considered individually, may not meet the requirements for auditory impairment or visual impairment, but the combination of such losses adversely affects the student's educational performance; or

(D) has a documented medical diagnosis of a progressive medical condition that will result in concomitant hearing and visual losses that, without special education intervention, will adversely affect the student's educational performance.

§ 30.083. Statewide Plan. [Excerpt]

(d) The ARD committee shall make its decisions regarding students referred for a full and individual initial evaluation within 30 calendar days from the date of the completion of the written full and individual initial evaluation report. If the 30th day falls during the summer and school is not in session, the ARD committee shall have until the first day of classes in the fall to finalize decisions concerning the initial eligibility determination, the IEP, and placement, unless the full and individual initial evaluation indicates that the student will need extended school year (ESY) services during that summer.

(e) The written report of the ARD committee shall document the decisions of the committee with respect to issues discussed at the meeting. The report shall include the date, names, positions, and signatures of the members participating in each meeting in accordance with 34 CFR, §§300.321, 300.322, 300.324, and 300.325. The report shall also indicate each member's agreement or disagreement with the committee's decisions. In the event TEC, §29.005(d)(1), applies, the district shall provide a written or audio-taped copy of the student's IEP, as defined in 34 CFR, §300.324 and §300.320. In the event TEC, §29.005(d)(2), applies, the district shall make a good faith effort to provide a written or
audio-taped copy of the student's IEP, as defined in 34 CFR, §300.324 and §300.320.

(f) A school district shall comply with the following for a student who is newly enrolled in a school district.

(1) If the student was in the process of being evaluated for special education eligibility in the student's previous school district, the student's current school district shall coordinate with the student's previous school district as necessary and as expeditiously as possible to ensure a prompt completion of the evaluation in accordance with 34 CFR, §300.301(c)(2) and (e) and §300.304(c)(5). The evaluation shall be completed not later than the 60th calendar day following the date on which the current school district receives written consent as required by the TEC, §29.004.

(2) When a student transfers within the state and the parents verify that the student was receiving special education services in the previous school district or the previous school district verifies in writing or by telephone that the student was receiving special education services, the school district must meet the requirements of 34 CFR, §300.323(a) and (e), regarding the provision of special education services. The timeline for completing the requirements outlined in 34 CFR, §300.323(e)(1) or (2), shall be 30 school days from the date the student is verified as being a student eligible for special education services.

(3) When a student transfers from another state and the parents verify that the student was receiving special education services in the previous school district or the previous school district verifies in writing or by telephone that the student was receiving special education services, the school district must meet the requirements of 34 CFR, §300.323(a) and (f), regarding the provision of special education services. The timeline for completing the requirements outlined in 34 CFR, §300.323(f)(1) and (2), shall be 30 school days from the date the student is verified as being a student eligible for special education services.

(4) In accordance with TEC, §25.002, and 34 CFR, §300.323(g), the school district in which the student was previously enrolled shall furnish the new school district with a copy of the student's records, including the child's special education records, not later than the 30th calendar day after the student was enrolled in the new school district. The Family Educational Rights and Privacy Act (FERPA), 20 United States Code, §1232g, does not require the student's current and previous school districts to obtain parental consent before requesting or sending the student's special education records if the disclosure is conducted in accordance with 34 CFR, §99.31(a)(2) and §99.34.
(g) All disciplinary actions regarding students with disabilities shall be determined in accordance with 34 CFR, §§300.101(a) and 300.530-300.536 (relating to disciplinary actions and procedures), the TEC, Chapter 37, Subchapter A (Alternative Settings for Behavior Management), and §89.1053 of this title (relating to Procedures for Use of Restraint and Time-Out).

(h) All members of the ARD committee shall have the opportunity to participate in a collaborative manner in developing the IEP. A decision of the committee concerning required elements of the IEP shall be made by mutual agreement of the required members if possible. The committee may agree to an annual IEP or an IEP of shorter duration.

1. When mutual agreement about all required elements of the IEP is not achieved, the party (the parents or adult student) who disagrees shall be offered a single opportunity to have the committee recess for a period of time not to exceed ten school days. This recess is not required when the student's presence on the campus presents a danger of physical harm to the student or others or when the student has committed an expellable offense or an offense which may lead to a placement in an alternative education program (AEP). The requirements of this subsection (h) do not prohibit the members of the ARD committee from recessing an ARD committee meeting for reasons other than the failure of the parents and the school district from reaching mutual agreement about all required elements of an IEP.

2. During the recess the committee members shall consider alternatives, gather additional data, prepare further documentation, and/or obtain additional resource persons which may assist in enabling the ARD committee to reach mutual agreement.

3. The date, time, and place for continuing the ARD committee meeting shall be determined by mutual agreement prior to the recess.

4. If a ten-day recess is implemented as provided in paragraph (1) of this subsection and the ARD committee still cannot reach mutual agreement, the district shall implement the IEP which it has determined to be appropriate for the student.

5. When mutual agreement is not reached, a written statement of the basis for the disagreement shall be included in the IEP. The members who disagree shall be offered the opportunity to write their own statements.

6. When a district implements an IEP with which the parents disagree or the adult student disagrees, the district shall provide prior written notice to the parents or adult student as required in 34 CFR, §300.503.

7. Parents shall have the right to file a complaint, request mediation, and request a due process hearing at any

(i) A student may not be exited from the bilingual education or English as a second language program in prekindergarten or kindergarten. A district must ensure that limited English proficient students are prepared to meet academic standards required by TEC, §28.0211.

(j) For determining whether a student who has been exited from a bilingual education or English as a second language program is academically successful, the following criteria shall be used at the end of the school year:

1. provide the parent with a written or audiotaped copy of the child's individualized education program translated into Spanish if Spanish is the parent's native language; or

Students who are deaf or hard of hearing may choose to use a variety of language modes and languages, including oral and manual-visual language. Students who are deaf may choose to communicate through the language of the deaf community, American Sign Language, or through any of a number of English-based manual-visual languages. Students who are hard of hearing may choose to use spoken and written English, including speech reading or lip reading, together with amplification instruments, such as hearing aids, cochlear implants, or assistive listening systems, to communicate with the hearing population. Students who are deaf or hard of hearing may choose to use a combination of oral or manual-visual language systems, including cued speech, manual signed systems, and American Sign Language, or may rely exclusively on the oral-aural language of their choice. (3) The individual assigned to act as a surrogate parent must complete the training program described in subsection (a)(1) of this section within 90 calendar days after the date of initial assignment as a surrogate parent. Once an individual has completed a training program conducted or provided by or through the Texas Department of Family and Protective Services (TDFPS), a school district, an education service center, or any entity that receives federal funds to provide Individuals with Disabilities Education Act (IDEA) training to parents, the individual shall not be required by any school district to complete additional training in order to continue serving as the student's surrogate parent or to serve as the surrogate parent for other students with disabilities. School districts may provide ongoing or additional training to surrogate parents and/or parents; however, a district cannot deny an individual who has received the training as described in subsection (a)(1) of this section from serving as a surrogate parent on the grounds that the individual has not been trained.

### § 29.001 Statewide Plan. [Excerpt]

The agency shall develop, and modify as necessary, a statewide design, consistent with federal law, for the delivery of services to children with disabilities in this state that includes rules for the administration and funding of the special education program so that a free appropriate public education is available to all of those children between the ages of three and 21. The statewide design shall include the provision of services primarily through school districts and shared services arrangements, supplemented by regional education service centers. The agency shall also develop and implement a statewide plan with programmatic content that includes procedures designed to:

(10) ensure that an individual assigned to act as a surrogate parent for a child with a disability, as provided by 20 U.S.C. Section 1415(b) and its subsequent amendments, is required to:

(A) complete a training program that complies with minimum standards established by agency rule;

(B) visit the child and the child's school;

(C) consult with persons involved in the child's education, including teachers, caseworkers, court-appointed volunteers, guardians ad litem, attorneys ad litem, foster parents, and caretakers;

(D) review the child's educational records;

(E) attend meetings of the child's admission, review, and dismissal committee;

(F) exercise independent judgment in pursuing the child's interests; and

(G) exercise the child's due process rights under applicable state and federal law.
continue serving as his/her child's surrogate parent or parent or to serve as the surrogate parent or parent for other students with disabilities. School districts may provide ongoing or additional training to foster parents and/or parents; however, a district cannot deny an individual who has received the training as described in subsection (a)(1) of this section from serving as the parent on the grounds that the individual has not been trained.

(2) A school district should provide or arrange for the provision of the training program described in subsection (a)(1) of this section prior to assigning a foster parent to act as a parent but no later than 90 calendar days after assignment.

(c) Each school district or shared services arrangement shall develop and implement procedures for conducting an analysis of whether a foster parent or potential surrogate parent has an interest that conflicts with the interests of his/her child. A foster parent in a home which is verified by the TDFPS or a child-placing agency shall not be deemed to have a financial conflict of interest by virtue of serving as the foster parent in that home. These homes include, but are not limited to, basic, habilitative, primary medical, or therapeutic foster or foster group homes. In addition, issues concerning quality of care of the child do not constitute a conflict of interest. Concerns regarding quality of care of the child should be communicated, and may be statutorily required to be reported, to TDFPS.

(d) If a school district denies a foster parent the right to serve as a surrogate parent or parent, the school district must provide the foster parent with written notice of such denial within seven calendar days after the date on which the decision is made. The written notice shall:

(1) specify the reason(s) the foster parent is being denied the right to serve as the surrogate parent or parent (the notice must specifically explain the interests of the foster parent that conflict with the interests of his/her child); and

(2) inform the foster parent of his/her right to file a complaint with the Texas Education Agency in accordance with 34 CFR, §§300.151-300.153, relating to complaint procedures.

**§ 29.001 Statewide Plan.**

The agency shall develop, and modify as necessary, a statewide design, consistent with federal law, for the delivery of services to children with disabilities in this state that includes rules for the administration and funding of the special education program so that a free appropriate public education is available to all of those children between the ages of three and 21. The statewide design shall include the provision of services primarily through school districts and shared services arrangements, supplemented by regional education service centers. The agency shall also develop and implement a statewide plan with programmatic content that includes procedures designed to:

7. Ensure that an individualized education program for each student with a disability is properly developed, implemented, and maintained in the least restrictive environment that is appropriate to meet the student's educational needs;
8. Ensure that, when appropriate, each student with a disability is provided an opportunity to participate in career and technology and physical education classes, in
addition to participating in regular or special classes; and
(9) ensure that each student with a disability is provided necessary related services; and

   (A) to request a review of the student’s individualized education program;
   (B) that provides for a timely district response to the teacher’s request; and

3. A school district which intends to contract for residential placement of a student with a residential facility under this section shall notify the Texas Education Agency (TEA) of its intent to contract for the residential placement through the residential application process described in subsection (b) of this section.

4. The school district has the following responsibilities when making a residential placement.

   A. Before the school district places a student with a disability in, or refers a student to, a residential facility, the district shall initiate and conduct a meeting of the student's ARD committee to develop an IEP for the student in accordance with 34 Code of Federal Regulations, §§300.320-300.325, state statutes, and commissioner of education rules.

If a residential placement primarily for care or treatment reasons involves a private residential facility in which the education program is provided by the school district, the portion of the costs that includes appropriate education services, as determined by the school district's admission, review, and dismissal committee, shall be paid from state and federal education funds.

(d) A district that contracts for the provision of education services rather than providing the services itself shall oversee the implementation of the student's individualized education program and shall annually reevaluate the appropriateness of the arrangement. An approved facility, institution, or agency with whom the district contracts shall periodically report to the district on the services the student has received or will receive in accordance with the contract as well as diagnostic or other evaluative information that the district requires in order to fulfill its obligations under this subchapter.

§ 29.012. Residential Facilities.

(a) Except as provided by Subsection (b)(2), not later than the third day after the date a person 22 years of age or younger is placed in a residential facility, the residential facility shall:

   1. if the person is three years of age or older, notify the school district in which the facility is located, unless the facility is an open-enrollment charter school; or

   2. if the person is younger than three years of age, notify a local early intervention program in the area in which the facility is located.

(b) An agency or political subdivision that funds, licenses, certifies, contracts with, or regulates a residential facility must:

   1. require the facility to comply with Subsection (a) as a condition of the funding, licensing, certification, or contracting; or

   2. if the agency or political subdivision places a person in a residential facility, provide the notice under Subsection (a) for that person.

(c) For purposes of enrollment in a school, a person who resides in a residential facility is considered a resident of the school district or geographical area served by the open-enrollment charter school in which the facility is located.

### Federal Regulations

(F) For each student placed in a residential facility (both initial and continuing placements), the school district shall verify, during the initial residential placement ARD committee meeting and each subsequent annual ARD committee meeting, that:

1. the facility meets minimum standards for health and safety;
2. residential placement is needed and is documented in the IEP; and
3. the educational program provided at the residential facility is appropriate and the placement is the least restrictive environment for the student.

(G) The placement of more than one student, in the same residential facility, may be considered in the same on-site visit to a facility; however, the IEP of each student must be individually reviewed and a determination of appropriateness of placement and service must be made for each student.

(H) When a student who is residentially placed by a school district changes his residence to another Texas school district, and the student continues in the contracted placement, the school district which negotiated the contract shall be responsible for the residential contract for the remainder of the school year.

### Commissioner's/SBOE Rules

(b) Application approval process. Requests for approval of state and federal funding for residentially placed students shall be negotiated on an individual student basis through a residential application submitted by the school district to the TEA.

1. A residential application may be submitted for educational purposes only. The residential application shall not be approved if the application indicates that the:
   - (A) placement is due primarily to the student's medical problems;
   - (B) placement is due primarily to problems in the student's home;
   - (C) district does not have a plan, including timelines and criteria, for the student's return to the local school program;
   - (D) district did not attempt to implement lesser restrictive placements prior to residential placement (except in emergency situations as documented by the student's ARD committee);
   - (E) placement is not cost effective when compared with other alternative placements; and/or
   - (F) residential facility provides unfundable/unapprovable services.

The memorandum must:

1. establish the respective responsibilities of school districts and of residential facilities for the provision of a free, appropriate public education, as required by the Individuals with Disabilities Education Act (20 U.S.C. Section 1400 et seq.) and its subsequent amendments, including each requirement for children with disabilities who reside in those facilities;
2. coordinate regulatory and planning functions of the parties to the memorandum;

4. provide for appropriate educational space when education services will be provided at the residential facility;
5. establish measures designed to ensure the safety of students and teachers; and
6. provide for binding arbitration consistent with Chapter 2009, Government Code, and Section 154.027, Civil Practice and Remedies Code.

(e) This section does not apply to a residential treatment facility for juveniles established under Section 221.056, Human Resources Code.
(2) The residential placement, if approved by the TEA, shall be funded as follows:

(A) the education cost of residential contracts shall be funded with state funds on the same basis as nonpublic day school contract costs according to Texas Education Code, §42.151;

(B) related services and residential costs for residential contract students shall be funded from a combination of fund sources. After expending any other available funds, the district must expend its local tax share per average daily attendance and 25% of its Individuals with Disabilities Education Act, Part B, (IDEA-B) formula tentative entitlement (or an equivalent amount of state and/or local funds) for related services and residential costs. If this is not sufficient to cover all costs of the residential placement, the district through the residential application process may receive additional IDEA-B discretionary funds to pay the balance of the residential contract placement(s) costs; and

(C) funds generated by the formula for residential costs described in subsection (b)(2)(B) of this section shall not exceed the daily rate recommended by the Texas Department of Family and Protective Services for the specific level of care in which the student is placed.

(c) Approval of the education program for facilities which provide educational services. Residential facilities which provide educational services must have their educational programs approved for contracting purposes by the commissioner of education.

(1) If the education program of a residential facility which is not approved by the commissioner of education is being considered for a residential placement by a local school district, the school district should notify the TEA in writing of its intent to place a student at the facility. The TEA shall begin approval procedures and conduct an on-site visit to the facility within 30 calendar days after the TEA has been notified by the local school district. Approval of the education program of a residential facility may be for one, two, or three years.

(2) The commissioner of education shall renew approvals and issue new approvals only for those facilities which have contract students already placed or which have a pending request for residential placement from a school district. This approval does not apply to residential facilities which only provide related services or residential facilities in which the local accredited school district where the facility is located provides the educational program.

(3) School districts which contract for out-of-state residential placement shall do so in accordance with the rules for in-state residential placement in this section,

**§ 89.1056. Transfer of Assistive Technology Devices.**

(a) Unless otherwise specifically defined in this section, the terms used in this section shall have the meanings ascribed to such terms in Texas Education Code (TEC), §30.0015, (Transfer of Assistive Technology Devices).

(b) A transfer of an assistive technology device (ATD) pursuant to TEC, §30.0015, shall be in accordance with a transfer agreement which incorporates the standards described in TEC, §30.0015(c), and which includes, specifically, the following.

2. The informed consent of the parent of the student with a disability for whom the ATD is being transferred must be obtained before the transfer of an ATD pursuant to TEC, §30.0015. The procedures employed by a school district in obtaining such informed consent shall be consistent with the procedures employed by the district to obtain parental consent under 34 Code of Federal Regulations (CFR), §300.300. If the student has the legal capacity to enter into a contract, the informed consent may be obtained from the student. To meet the reasonable measures requirement, the school district must use procedures consistent with those described in 34 CFR, §300.322(d).
3. If the transfer is a sale, then the sale of the ATD shall be evidenced by a "Uniform Transfer Agreement" (UTA) which includes the following:
   - the names of the transferor and the transferee (which may be any individual or entity identified in TEC, §30.0015(b));
   - the date of the transfer;

§ 300.106 Extended school year services.

(a) General.

1. Each public agency must ensure that extended school year services are available as necessary to provide FAPE, consistent with paragraph (a)(2) of this section.

2. Extended school year services must be provided only if a child's IEP Team determines, on an individual basis, in accordance with §§ 300.320 through 300.324, that the services are necessary for the provision of FAPE to the child.

§ 89.1065. Extended School Year Services (ESY Services).

Extended school year (ESY) services are defined as individualized instructional programs beyond the regular school year for eligible students with disabilities.

1. The need for ESY services must be determined on an individual student basis by the admission, review, and dismissal (ARD) committee in accordance with 34 Code of Federal Regulations (CFR), §300.106, and the provisions of this section. In determining the need for and in providing ESY services, a school district may not:

   A. Limit ESY services to particular categories of disability; or
   B. Unilaterally limit the type, amount, or duration of ESY services.

2. The need for ESY services must be documented from formal and/or informal evaluations provided by the district or the parents. The documentation shall demonstrate that in one or more critical areas addressed in the current individualized education program (IEP) objectives, the student has exhibited, or reasonably may be expected to exhibit, severe or substantial regression that cannot be recouped within a reasonable period of time. Severe or substantial regression means that the student has been, or will be, unable to maintain one or more acquired critical skills in the absence of ESY services.

3. The reasonable period of time for recoupment of acquired critical skills shall be determined on the basis of needs identified in each student's IEP. If the loss of acquired critical skills would be particularly severe or substantial, or if such loss results, or reasonably may be expected to result, in immediate physical harm to the student or to others, ESY services may be justified without consideration of the period of time for recoupment of such skills. In any case, the period...

§ 300.107 Nonacademic services.
The State must ensure the following:

(a) Each public agency must take steps, including the provision of supplementary aids and services determined appropriate and necessary by the child’s IEP Team, to provide

(a) The agency shall establish procedures and criteria for the allocation of funds appropriated under this section to school districts for the provision of noneducational support services for certain students with disabilities.
nonacademic and extracurricular services and activities in the manner necessary to afford children with disabilities an equal opportunity for participation in those services and activities.

(b) Nonacademic and extracurricular services and activities may include counseling services, athletics, transportation, health services, recreational activities, special interest groups or clubs sponsored by the public agency, referrals to agencies that provide assistance to individuals with disabilities, and employment of students, including both employment by the public agency and assistance in making outside employment available.

§ 33.081. Extracurricular Activities.

(a) The State Board of Education by rule shall limit participation in and practice for extracurricular activities during the school day and the school week. The rules must, to the extent possible, preserve the school day for academic activities without interruption for extracurricular activities. In scheduling those activities and practices, a school district must comply with the rules of the board.

(b) A student enrolled in a school district in this state or who participates in an extracurricular activity or a University Interscholastic League competition is subject to school district policy and University Interscholastic League rules regarding participation only when the student is under the direct supervision of an employee of the school or district in which the student is enrolled or at any other time specified by resolution of the board of trustees of the district.

(c) A student who is enrolled in a school district in this state or who participates in a University Interscholastic League competition shall be suspended from participation in any extracurricular activity sponsored or sanctioned by the school district or the University Interscholastic League after a grade evaluation period in which the student received a grade lower than the equivalent of 70 on a scale of 100 in any academic class other than a course described by Subsection (d-1). A suspension continues for at least three school weeks and is not removed during the school year until the conditions of Subsection (d) are met. A suspension does not last beyond the end of a
school year. For purposes of this subsection, "grade evaluation period" means:

1. the six-week grade reporting period; or
2. the first six weeks of a semester and each grade reporting period thereafter, in the case of a district with a grade reporting period longer than six weeks.

(d) Until the suspension is removed under this subsection or the school year ends, a school district shall review the grades of a student suspended under Subsection (c) at the end of each three-week period following the date on which the suspension began. At the time of a review, the suspension is removed if the student's grade in each class, other than a course described by Subsection (d-1), is equal to or greater than the equivalent of 70 on a scale of 100. The principal and each of the student's teachers shall make the determination concerning the student's grades.

(d-1) Subsections (c) and (d) do not apply to an advanced placement or international baccalaureate course, or to an honors or dual credit course in the subject areas of English language arts, mathematics, science, social studies, economics, or a language other than English. The agency shall review on a biennial basis courses described by this subsection to determine if other courses should be excluded from the requirement that a student be suspended from participation in an extracurricular activity under Subsection (c). Not later than January 1 of each odd-numbered year, the agency shall report the findings under this subsection to the legislature.

(e) Suspension of a student with a disability that significantly interferes with the student's ability to meet regular academic standards must be based on the student's failure to meet the requirements of the student's individualized education program. The determination of whether a disability significantly interferes with a student's ability to meet regular academic standards must be made by the student's admission, review, and dismissal committee. For purposes of this subsection, "student with a disability" means a student who is eligible for a district's special education program under Section 29.003(b).

(f) A student suspended under this section may practice or rehearse with other students for an extracurricular activity but may not participate in a competition or other public performance.

(g) An appeal to the commissioner is not a contested case under Chapter 2001, Government Code, if the issues presented relate to a student's eligibility to participate in extracurricular activities, including issues related to the student's grades or the school district's grading policy as applied to the student's eligibility. The commissioner may delegate the matter for decision to a person the commissioner designates. The decision of the commissioner or the commissioner's designee in a matter governed by this subsection may not be appealed except
§ 300.108 Physical education.
The State must ensure that public agencies in the State comply with the following:

(a) **General.** Physical education services, specially designed if necessary, must be made available to every child with a disability receiving FAPE, unless the public agency enrolls children without disabilities and does not provide physical education to children without disabilities in the same grades.

(b) **Regular physical education.** Each child with a disability must be afforded the opportunity to participate in the regular physical education program available to nondisabled children unless—
   
   (1) The child is enrolled full time in a separate facility; or
   
   (2) The child needs specially designed physical education, as prescribed in the child’s IEP.

(c) **Special physical education.** If specially designed physical education is prescribed in a child’s IEP, the public agency responsible for the education of that child must provide the services directly or make arrangements for those services to be provided through other public or private programs.

(d) **Education in separate facilities.** The public agency responsible for the education of a child with a disability who is enrolled in a separate facility must ensure that the child receives appropriate physical education services in compliance with this section.

§ 300.111 Child find.

(a) General.

(1) The State must have in effect policies and procedures to ensure that—

(i) All children with disabilities residing in the State, including children with disabilities who are homeless children or are wards of the State, and children with disabilities attending private schools, regardless of the severity of their disability, and who are in need of special education and related services, are identified, located, and evaluated; and

(ii) A practical method is developed and implemented to determine which children are currently receiving needed special education and related services.

(b) Use of term developmental delay. The following provisions apply with respect to implementing the child find requirements of this section:

(1) A State that adopts a definition of developmental delay under § 300.8(b) determines whether the term applies to children aged three through nine, or to a subset of that age range (e.g., ages three through five).

(2) A State may not require an LEA to adopt and use the term developmental delay for any children within its jurisdiction.

(3) If an LEA uses the term developmental delay for children described in § 300.8(b), the LEA must conform to both the State’s definition of that term and to the age range that has been adopted by the State.

(4) If a State does not adopt the term developmental delay, an LEA may not independently use that term as a basis for establishing a child’s eligibility under this part.

(c) Other children in child find. Child find also must include—

(1) Children who are suspected of being a child with a disability under § 300.8 and in need of special education, even though they are advancing from grade to grade; and

§ 89.63. Instructional Arrangements and Settings.  
(a) Each local school district shall be able to provide services with special education personnel to students with disabilities in order to meet the special needs of those students in accordance with § 300.300.114-300.118.  
(b) Subject to § 89.1075(e) of this title (relating to General Program Requirements and Local District Procedures) for the purpose of determining the student's instructional arrangement/setting, the regular school day is defined as the period of time determined appropriate by the admission, review, and dismissal (ARD) committee.  
(c) Instructional arrangements/settings shall be based on the individual needs and the individualized education programs (IEPs) of eligible students receiving special education services and shall include the following.  
(1) Mainstream. This instructional arrangement/setting is for providing special education and related services to a student in the regular classroom in accordance with the student's IEP. Qualified special education personnel must be involved in the implementation of the student's IEP through the provision of direct, indirect and/or support services to the student, and/or the student's regular classroom teacher(s) necessary to enrich the regular classroom and enable student success. The student's IEP must specify the services that will be provided by qualified special education personnel to enable the student to appropriately progress in the general education curriculum and/or appropriately advance in achieving the goals set out in the student's IEP. Examples of services provided in this instructional arrangement include, but are not limited to, direct instruction, helping teacher, team teaching, co-teaching, interpreter, education aides, curricular or instructional modifications/accommodations, special materials/equipment, consultation with the student and his/her regular classroom teacher(s) regarding the student's progress in regular education classes, staff development, and reduction of ratio of students to instructional staff.

(b) A school district to which this section applies may operate an extended year program for a period not to exceed 45 days. The district's average daily attendance shall be computed for the regular school year plus the extended year.  
(c) Notwithstanding any other provision of this code, a student whose appropriate education program is a regular education program may receive services and be counted for attendance purposes for the number of hours per week appropriate for the student's condition if the student:

Homebound or hospital bedside instruction may, as provided by local district policy, also be provided to chronically ill students who are expected to be confined for any period of time totaling at least four weeks throughout the school year as documented by a physician licensed to practice in the United States. The student's ARD committee shall determine the amount of services to be provided to the student in this instructional arrangement/setting in accordance with federal and state laws, rules, and regulations, including the provisions specified in subsection (b) of this section.

The commissioner may approve a residential placement contract only after at least a programmatic evaluation of personnel qualifications, adequacy of physical plant and equipment, and curriculum content. The commissioner may approve either the whole or a part of a facility or program.

(b) Except as provided by Subsection (c), costs of an approved contract for residential placement may be paid from a combination of federal, state, and local funds. The local share of the total contract cost for each student is

provisions of subsection (c)(3) of this section.

(2) Subject to subsections (b) and (c) of this section, the district may contract with a residential facility to provide some or all of the special education services listed in the contracted student’s individualized education program (IEP). If the facility provides any educational services listed in the student’s IEP, the facility’s education program must be approved by the commissioner of education in accordance with subsection (c) of this section.

(3) A school district which intends to contract for residential placement of a student with a residential facility under this section shall notify the Texas Education Agency (TEA) of its intent to contract for the residential placement through the residential application process described in subsection (b) of this section.

(4) The school district has the following responsibilities when making a residential placement.

(A) Before the school district places a student with a disability in, or refers a student to, a residential facility, the district shall initiate and conduct a meeting of the student’s ARD committee to develop an IEP for the student in accordance with 34 Code of Federal Regulations, §§300.320-300.325, state statutes, and commissioner of education rules.

(B) For each student, the services which the school district is unable to provide and which the facility will provide shall be listed in the student’s IEP.

(C) For each student, the ARD committee shall establish, in writing, criteria and estimated timelines for the student’s return to the school district.

(D) The appropriateness of the facility for each student residentially placed shall be documented in the IEP. General screening by a regional education service center is not sufficient to meet the requirements of this subsection.

(E) The school district shall make an initial and an annual on-site visit to verify that the residential facility can, and will, provide the services listed in the student’s IEP which the facility has agreed to provide to the student.

(F) For each student placed in a residential facility (both initial and continuing placements), the school district shall verify, during the initial residential placement ARD committee meeting and each subsequent annual ARD committee meeting, that:

- residential placement is needed and is

that portion of the local tax effort that exceeds the district’s local fund assignment under Section 42.252, divided by the average daily attendance in the district. If the contract involves a private facility, the state share of the total contract cost is that amount remaining after subtracting the local share. If the contract involves a public facility, the state share is that amount remaining after subtracting the local share from the portion of the contract that involves the costs of instructional and related services. For purposes of this subsection, “local tax effort” means the total amount of money generated by taxes imposed for debt service and maintenance and operation less any amounts paid into a tax increment fund under Chapter 311, Tax Code.

(c) When a student, including one for whom the state is managing conservator, is placed primarily for care or treatment reasons in a private residential facility that operates its own private education program, none of the costs may be paid from public education funds. If a residential placement primarily for care or treatment reasons involves a private residential facility in which the education program is provided by the school district, the portion of the costs that includes appropriate education services, as determined by the school district’s admission, review, and dismissal committee, shall be paid from state and federal education funds.

(d) A district that contracts for the provision of education services rather than providing the services itself shall oversee the implementation of the student’s individualized education program and shall annually reevaluate the appropriateness of the arrangement. An approved facility, institution, or agency with whom the district contracts shall periodically report to the district on the services the student has received or will receive in accordance with the contract as well as diagnostic or other evaluative information that the district requires in order to fulfill its obligations under this subchapter.

documented in the IEP; and

(iii) the educational program provided at the residential facility is appropriate and the placement is the least restrictive environment for the student.

(G) The placement of more than one student, in the same residential facility, may be considered in the same on-site visit to a facility; however, the IEP of each student must be individually reviewed and a determination of appropriateness of placement and service must be made for each student.

(H) When a student who is residentially placed by a school district changes his residence to another Texas school district, and the student continues in the contracted placement, the school district which negotiated the contract shall be responsible for the residential contract for the remainder of the school year.

(b) Application approval process. Requests for approval of state and federal funding for residentially placed students shall be negotiated on an individual student basis through a residential application submitted by the school district to the TEA.

(1) A residential application may be submitted for educational purposes only. The residential application shall not be approved if the application indicates that the:

(A) placement is due primarily to the student's medical problems;
(B) placement is due primarily to problems in the student's home;
(C) district does not have a plan, including timelines and criteria, for the student's return to the local school program;
(D) district did not attempt to implement lesser restrictive placements prior to residential placement (except in emergency situations as documented by the student's ARD committee);
(E) placement is not cost effective when compared with other alternative placements; and/or
(F) residential facility provides unfundable/unapprovable services.

(2) The residential placement, if approved by the TEA, shall be funded as follows:

(A) the education cost of residential contracts shall be funded with state funds on the same basis as nonpublic day school contract costs according to Texas Education Code, §42.151;
(B) related services and residential costs for residential contract students shall be funded from a combination of fund sources. After expending daily attendance for the preceding year.

(c) If the student is admitted for a program less than two complete semesters in duration, other than a summer program, the district's share of the cost is an amount equal to the amount that would be the district's share under Subsection (b) for a full-time program multiplied by the quotient resulting from the number of full-time equivalent days in the program divided by the minimum number of days of instruction for students as provided by Section 25.081.

(d) Each school district and state institution shall provide to the commissioner the necessary information to determine the district's share under this section. The information must be reported to the commissioner on or before a date set by rule of the State Board of Education. After determining the amount of a district's share for all students for which the district is responsible, the commissioner shall deduct that amount from the payments of foundation school funds payable to the district. Each deduction shall be in the same percentage of the total amount of the district's share as the percentage of the total foundation school fund entitlement being paid to the district at the time of the deduction, except that the amount of any deduction may be modified to make necessary adjustments or to correct errors. The commissioner shall provide for remitting the amount deducted to the appropriate school at the same time at which the remaining funds are distributed to the district. If a district does not receive foundation school funds or if a district's foundation school entitlement is less than the amount of the district's share under this section, the commissioner shall direct the district to remit payment to the commissioner, and the commissioner shall remit the district's share to the appropriate school.

(e) For each student enrolled in the Texas School for the Blind and Visually Impaired or the Texas School for the Deaf, the appropriate school is entitled to the state available school fund apportionment.

(f) The commissioner, with the assistance of the comptroller, shall determine the amount that the Texas School for the Blind and Visually Impaired and the Texas School for the Deaf would have received from the available school fund if Chapter 28, Acts of the 68th Legislature, 2nd Called Session, 1984, had not transferred statutorily dedicated taxes from the available school fund to the foundation school fund. That amount, minus any amount the schools do receive from the available school fund, shall be set apart as a separate account in the foundation school fund and appropriated to those schools for educational purposes.

(f-1) The commissioner shall determine the total amount that the Texas School for the Blind and Visually Impaired and the Texas School for the Deaf would have received from school districts in accordance with this section if H.B. No.
any other available funds, the district must expend its local tax share per average daily attendance and 25% of its Individuals with Disabilities Education Act, Part B, (IDEA-B) formula tentative entitlement (or an equivalent amount of state and/or local funds) for related services and residential costs. If this is not sufficient to cover all costs of the residential placement, the district through the residential application process may receive additional IDEA-B discretionary funds to pay the balance of the residential contract placement(s) costs; and

(C) funds generated by the formula for residential costs described in subsection (b)(2)(B) of this section shall not exceed the daily rate recommended by the Texas Department of Family and Protective Services for the specific level of care in which the student is placed.

(c) Approval of the education program for facilities which provide educational services. Residential facilities which provide educational services must have their educational programs approved for contracting purposes by the commissioner of education.

(1) If the education program of a residential facility which is not approved by the commissioner of education is being considered for a residential placement by a local school district, the school district should notify the TEA in writing of its intent to place a student at the facility. The TEA shall begin approval procedures and conduct an on-site visit to the facility within 30 calendar days after the TEA has been notified by the local school district. Approval of the education program of a residential facility may be for one, two, or three years.

(2) The commissioner of education shall renew approvals and issue new approvals only for those facilities which have contract students already placed or which have a pending request for residential placement from a school district. This approval does not apply to residential facilities which only provide related services or residential facilities in which the local accredited school district where the facility is located provides the educational program.

(3) School districts which contract for out-of-state residential placement shall do so in accordance with the rules for in-state residential placement in this section, except that the facility must be approved by the appropriate agency in the state in which the facility is located, rather than by the commissioner of education in Texas.

§ 89.62. Support of Students Enrolled in the Texas School for the Blind and Visually Impaired and Texas School for the Deaf.

1. Acts of the 79th Legislature, 3rd Called Session, 2006, had not reduced the districts’ share of the cost of providing education services. That amount, minus any amount the schools do receive from school districts, shall be set aside as a separate account in the foundation school fund and appropriated to those schools for educational purposes.

(g) The State Board of Education may adopt rules as necessary to implement this section.

(h) Expired.

§ 30.005. Texas School for the Blind and Visually Impaired Memorandum of Understanding.

The Texas Education Agency and the Texas School for the Blind and Visually Impaired shall develop, agree to, and by commissioner rule adopt a memorandum of understanding to establish:

(1) the method for developing and reevaluating a set of indicators of the quality of learning at the Texas School for the Blind and Visually Impaired;

(2) the process for the agency to conduct and report on an annual evaluation of the school's performance on the indicators;

(3) the requirements for the school's board to publish, discuss, and disseminate an annual report describing the educational performance of the school;

(4) the process for the agency to:
   (A) assign an accreditation status to the school;
   (B) reevaluate the status on an annual basis; and
   (C) if necessary, make on-site accreditation investigations; and

(5) the type of information the school shall be required to provide through the Public Education Information Management System (PEIMS).

(a) A school district shall provide to the parent of each district student at the beginning of each school year or on enrollment of the student after the beginning of a school year:

(1) a written explanation of the provisions of the Family Educational Rights and Privacy Act of 1974 (20 U.S.C. Section 1232g), regarding the release of directory information about the student; and

§ 300.132 Provision of services for parentally-placed private school children with disabilities—basic requirement.

(a) General. To the extent consistent with the number and location of children with disabilities who are enrolled by their parents in private, including religious, elementary schools and secondary schools located in the school district served by the LEA, provision is made for the participation of those children in the program assisted or carried out under Part B of the Act by providing them with special education and related services, including direct services determined in accordance with § 300.137, unless the Secretary has arranged for services to those children under the by-pass provisions in §§ 300.190 through 300.198.

(b) Services plan for parentally-placed private school children with disabilities. In accordance with paragraph (a) of this section and §§ 300.137 through 300.139, a services plan must be developed and implemented for each private school child with a disability who has been designated by the LEA in which the private school is located to receive special education and related services under this part.

(c) Record keeping. Each LEA must maintain in its records, and provide to the SEA, the following information related to parentally-placed private school children covered under §§ 300.130 through 300.144:

1. The number of children evaluated;
2. The number of children determined to be children with disabilities; and
3. The number of children served.

(Approved by the Office of Management and Budget under control numbers 1820–0030 and 1820–0600)

§ 300.133 Expenditures.

(a) Formula. To meet the requirement of § 300.132(a), each LEA must spend the following on providing special education and related services (including direct services) to parentally-placed private school children with disabilities:

1. For children aged 3 through 21, an amount that is the same proportion of the LEA’s total subgrant under section 611(f) of the Act as the number of private school children with disabilities aged 3 through 21 who are enrolled by their parents in private, including religious, elementary schools and secondary schools located in the school district served by the LEA, is to the total procedures in 34 CFR, §§300.300, 300.504, 300.507, 300.508, and 300.510-300.518 (relating to due process hearings) do not apply to complaints regarding the implementation of the components of the student's IEP that have been selected by the parent and the district under subsection (c).
number of children with disabilities in its jurisdiction aged 3 through 21.

(2) (i) For children aged three through five, an amount that is the same proportion of the LEA’s total subgrant under section 619(g) of the Act as the number of parentally-placed private school children with disabilities aged three through five who are enrolled by their parents in a private, including religious, elementary school located in the school district served by the LEA, is to the total number of children with disabilities in its jurisdiction aged three through five.

(ii) As described in paragraph (a)(2)(i) of this section, children aged three through five are considered to be parentally-placed private school children with disabilities enrolled by their parents in private, including religious, elementary schools, if they are enrolled in a private school that meets the definition of elementary school in §300.13.

(3) If an LEA has not expended for equitable services all of the funds described in paragraphs (a)(1) and (a)(2) of this section by the end of the fiscal year for which Congress appropriated the funds, the LEA must obligate the remaining funds for special education and related services (including direct services) to parentally-placed private school children with disabilities during a carry-over period of one additional year.

(b) Calculating proportionate amount. In calculating the proportionate amount of Federal funds to be provided for parentally-placed private school children with disabilities, the LEA, after timely and meaningful consultation with representatives of private schools under § 300.134, must conduct a thorough and complete child find process to determine the number of parentally-placed children with disabilities attending private schools located in the LEA. (See Appendix B for an example of how proportionate share is calculated).

(c) Annual count of the number of parentally-placed private school children with disabilities.

(1) Each LEA must—

(i) After timely and meaningful consultation with representatives of parentally-placed private school children with disabilities (consistent with § 300.134), determine the number of parentally-placed private school children with disabilities attending private schools located in the LEA; and

(ii) Ensure that the count is conducted on any date between October 1 and December 1, inclusive, of each year.

(2) The count must be used to determine the amount that the LEA must spend on providing special education and related services to parentally-placed private school children with disabilities in the next subsequent fiscal year.
### § 300.134 Consultation.

To ensure timely and meaningful consultation, an LEA, or, if appropriate, an SEA, must consult with private school representatives and representatives of parents of parentally-placed private school children with disabilities during the design and development of special education and related services for the children regarding the following:

**(a) Child find.** The child find process, including—

1. How parentally-placed private school children suspected of having a disability can participate equitably; and
2. How parents, teachers, and private school officials will be informed of the process.

**(b) Proportionate share of funds.** The determination of the proportionate share of Federal funds available to serve parentally-placed private school children with disabilities under § 300.133(b), including the determination of how the proportionate share of those funds was calculated.

**(c) Consultation process.** The consultation process among the LEA, private school officials, and representatives of parents of parentally-placed private school children with disabilities, including how the process will operate throughout the school year to ensure that parentally-placed children with disabilities identified through the child find process can meaningfully participate in special education and related services.

**(d) Provision of special education and related services.** How, where, and by whom special education and related services will be provided for parentally-placed private school children with disabilities, including a discussion of—

1. The types of services, including direct services and alternate service delivery mechanisms; and
2. How special education and related services will be apportioned if funds are insufficient to serve all parentally-placed private school children; and
3. How and when those decisions will be made;

**(e) Written explanation by LEA regarding services.** How, if the LEA disagrees with the views of the private school officials on the provision of services or the types of services (whether provided directly or through a contract), the LEA will provide to the private school officials a written explanation of the reasons why the LEA chose not to provide services directly or

In implementing § 300.146, the SEA must—

(a) The Texas School for the Deaf is a state agency established to provide educational services to persons who are 21 years of age or younger on September 1 of any school year and who are deaf or hard of hearing and who may have one or more other disabilities. The school shall provide comprehensive educational services, on a day or residential basis, and short-term services to allow a student to better achieve educational results from services available in the community. The school is not intended to serve:

(1) students whose needs are appropriately addressed in a home or hospital setting or a residential treatment facility; or

(2) students whose primary, ongoing needs are related to a severe or profound emotional, behavioral, or cognitive deficit.

(b) The school shall serve as a primary statewide resource center promoting excellence in education for students who are deaf or hard of hearing through research, training, and demonstration projects.

(c) The school shall work in partnership with state, regional, and local agencies to provide new or improved programs or methods to serve the previously unmet or future needs of persons throughout the state who are deaf or hard of hearing.

(d) The school shall cooperate with public and private agencies and organizations serving students and other persons who are deaf or hearing impaired in the planning, development, and implementation of effective educational and rehabilitative service delivery systems associated with educating students who are deaf or hard of hearing. To maximize and make efficient use of state facilities, funding, and resources, the services provided in this area may include conducting a cooperative program with other agencies to serve persons who have graduated from high school and who have identified needs related to vocational training, independent living skills, and social and leisure skills.

(e) If a school district or another educational entity requests an assessment of a student’s educational or related needs related to hearing impairment, the school may conduct an assessment and charge a reasonable fee for the assessment.

an RF for educational purposes, the placing LEA must provide or ensure the provision of a FAPE to the student.

(B) Not later than the third day after the date a person 22 years of age or younger is placed in an RF, the RF must provide notification in accordance with TEC, §29.012(a), as follows:

(i) if the person placed in the RF is three years of age or older, the RF must notify the LEA in which the RF is located, unless the RF is an open-enrollment charter school or the RF has been designated as an LEA (e.g., TYC correctional facilities, Texas School for the Deaf, the University of Texas Medical Branch); or

(ii) if the person placed in the RF is younger than three years of age, the RF must notify a local early childhood intervention program in the area in which the RF is located.

(2) Regulatory and planning functions of the parties are coordinated as follows.

(A) The parties will require LEAs and RFs to:

(i) share, within a reasonable period of time and to the extent permitted by applicable statutes and regulations, all appropriate records and relevant information relating to a student with a disability. This subsection does not authorize the LEA to modify requirements for admission and enrollment into an LEA as set forth in TEC, Chapter 25. The records and information to be shared may include, but are not limited to:

(I) birth certificate or other identifying document that proves the student's age;

(II) medical history and medical records, including current immunization records and a history of infectious disease (e.g., Hepatitis B, tuberculosis), including a description of any behavioral characteristics related to the transmission of such disease;

(III) social history;

(IV) vision and hearing screening and evaluation;

(V) evaluation reports, including psychological, educational, related service, assistive technology and vocational evaluations, and behavioral assessments;

(VI) treatment plan of care or service;

(VII) educational history (e.g., previous...
(VIII) any relevant court orders (e.g., orders related to placement in an RF, guardianship or conservatorship, or court-ordered services);

(IX) information regarding a student’s movement from an RF to a subsequent residence, including but not limited to the date the student left the RF and the location of the student’s subsequent residence; and

(X) name and phone number of contact persons representing the RF and the LEA; and

(ii) coordinate a student’s individualized education program (IEP) and treatment plan of care or service. Coordination between an LEA and RF includes but is not limited to communication about responsibilities and timelines related to the development and implementation of the IEP and treatment plan, including permanency planning.

(B) TEA will require LEAs to provide:

(i) the name and phone number of the contact person representing the RF to the surrogate parent, upon assignment of the surrogate parent;

(ii) the name and phone number of the surrogate parent, upon assignment of the surrogate parent, to the contact person representing the RF; and

(iii) designation and training of surrogate parents in accordance with §9.107 of this title (relating to Procedures for Surrogate and Foster Parents).

(C) TYC and the HHS agencies will provide the following notifications to TEA.

(i) TYC and the HHS agencies, other than PRS, will notify TEA when an RF opens, closes, expands, or reduces its capacity to provide services, if the notifying agency expects such action will have a significant effect on one or more LEAs. The notice will be provided to TEA before the RF opens, closes, expands, or reduces its capacity to provide services, or as soon thereafter as the notifying agency becomes aware of the action. If an RF is closing, the notifying TYC or HHS agency will request that the RF attempt to obtain any consent necessary to release to TEA and an LEA, information about a student with a disability residing in the RF, including the student’s name, date of
birth, social security number, disability, and name of the LEA to which the student will be moving. TEA will notify the affected LEA of the expected action so the LEA can adjust its capacity to serve students with disabilities.

(ii) PRS will provide TEA with a copy of the notice required by Texas Human Resources Code, §42.0461(a)(2). Additionally, PRS and TEA will explore possible use of PRS’ Child Care Licensing Automation Support Services management system to generate information that may assist TEA in its effort to notify LEAs when an RF opens, closes, expands, or reduces its capacity to provide services.

(3) Criteria for determining when a public school will provide educational services are established as follows.

(A) TEA will ensure that the local school district provides a FAPE to all eligible students with disabilities, in the least restrictive environment (LRE), to the maximum extent appropriate, to meet the individual educational needs of the student as determined by a duly-constituted admission, review, and dismissal (ARD) committee, and in accordance with §89.1001 of this title (relating to Scope and Applicability).

(B) The student's ARD committee must determine the appropriate educational placement for the student, considering all available information regarding the educational needs of the student, and including the non-educational needs that may restrict the ability of the LEA to serve the student on a public school campus or other instructional setting. These non-educational needs could include the student's health and safety (e.g. substance abuse), and/or the student's placement in a restrictive RF program (e.g., juvenile incarceration or restrictive court-ordered placements). The ARD committee's determination must be individualized based on student need and not made on a categorical basis, such as the student's disability or residence in an RF. Further, ARD committees must not determine educational placement on the basis of what is most convenient to LEAs or RFs.

(4) When educational services will be provided at an RF, appropriate educational space will be determined as follows.

(A) The ARD committee must determine whether space available at the RF is appropriate for the provision of a FAPE. This determination must be based on the individual student's needs and the RF's available space.

(B) An ARD committee must find alternative locations for providing educational services if the ARD committee or RF determines that the RF has no
appropriate available space.

(5) Measures designed to ensure the safety of students and teachers are established as follows.

(A) The parties will require RFs and LEAs to agree in writing to the staffing levels that will be maintained by both the RF and the LEA to ensure the safety of students and teachers while educational services are provided at an RF.

(B) TYC, TJPC, and HHS agencies will require RFs to communicate to LEA staff applicable safety, emergency, and security procedures to be followed while educational services are provided at an RF.

(6) Disputes concerning the implementation of this MOU will be resolved as follows.

(A) Local disputes. Resolution of disputes concerning implementation of this MOU between LEAs or between an LEA and an RF shall first be attempted at the local level. The specific issues involved in the dispute and possible solutions shall be identified and referred to local personnel authorized to make decisions necessary to resolve the dispute. If resolution is not reached after a reasonable period of time (not to exceed 45 calendar days unless the disputing entities agree otherwise), the LEA shall refer (and the RF may refer) the dispute to TEA for further negotiations toward a mutually agreeable resolution. TEA will contact the disputing entities and set up a meeting for this purpose. Local entities referring disputes to TEA shall identify:

(i) the nature of the dispute;
(ii) any resolutions agreed upon;
(iii) the issues that remain unresolved; and
(iv) the contact persons representing the disputing entities.

(B) State agency disputes. Resolution of disputes concerning implementation of this MOU between two or more parties must first be attempted at the staff level. If resolution is not reached after a reasonable period of time (not to exceed 45 calendar days unless the disputing parties agree otherwise), the disputing parties will refer the dispute to their respective executive officers, or their designees for further negotiation. The appropriate state officials shall meet to seek resolution of the dispute.

(i) Mediation. If the chief executive officers of the disputing parties determine that the dispute cannot be resolved at their level, the disputing parties may pursue resolution through the use of mediation pursuant to the
**(ii) Arbitration.** If the disputing parties do not agree to pursue resolution of their dispute through mediation, or if mediation does not result in a resolution of their dispute, the disputing parties will participate in binding arbitration consistent with Texas Government Code, Chapter 2009, and Texas Civil Practice and Remedies Code, §154.027.

(7) Other terms of this MOU.

(A) This MOU shall be signed by the executive officers of the participating agencies and shall be effective upon signature by all.

(B) This MOU may be considered for expansion, modification, or amendment upon mutual agreement of the executive officers of the participating agencies.

(C) In the event that federal and/or state laws should be amended, federally interpreted, or judicially interpreted so as to render continued implementation of this MOU unreasonable or impossible, the participating agencies may agree to amend or terminate this MOU.

Children With Disabilities Enrolled by Their Parents in Private Schools When FAPE Is at Issue

§ 300.148 Placement of children by parents when FAPE is at issue.

(a) **General.** This part does not require an LEA to pay for the cost of education, including special education and related services, of a child with a disability at a private school or facility if that agency made FAPE available to the child and the parents elected to place the child in a private school or facility. However, the public agency must include that child in the population whose needs are addressed consistent with §§ 300.131 through 300.144.

(b) **Disagreements about FAPE.** Disagreements between the parents and a public agency regarding the availability of a program appropriate for the child, and the question of financial reimbursement, are subject to the due process procedures in §§ 300.504 through 300.520.

(c) **Reimbursement for private school placement.** If the parents of a child with a disability, who previously received special education and related services under the authority of a public agency, enroll the child in a private preschool, elementary school, or secondary school without the consent of or referral by the public agency, a court or a hearing officer may require the agency to reimburse the parents for the cost of that
enrollment if the court or hearing officer finds that the agency had not made FAPE available to the child in a timely manner prior to that enrollment and that the private placement is appropriate. A parental placement may be found to be appropriate by a hearing officer or a court even if it does not meet the State standards that apply to education provided by the SEA and LEAs.

(d) **Limitation on reimbursement.** The cost of reimbursement described in paragraph (c) of this section may be reduced or denied—

1. If—
   1. At the most recent IEP Team meeting that the parents attended prior to removal of the child from the public school, the parents did not inform the IEP Team that they were rejecting the placement proposed by the public agency to provide FAPE to their child, including stating their concerns and their intent to enroll their child in a private school at public expense; or
   2. At least ten (10) business days (including any holidays that occur on a business day) prior to the removal of the child from the public school, the parents did not give written notice to the public agency of the information described in paragraph (d)(1)(i) of this section;

2. If, prior to the parents’ removal of the child from the public school, the public agency informed the parents, through the notice requirements described in §300.503(a)(1), of its intent to evaluate the child (including a statement of the purpose of the evaluation that was appropriate and reasonable), but the parents did not make the child available for the evaluation; or

3. Upon a judicial finding of unreasonableness with respect to actions taken by the parents.

(e) **Exception.** Notwithstanding the notice requirement in paragraph (d)(1) of this section, the cost of reimbursement—

1. Must not be reduced or denied for failure to provide the notice if—
   1. The school prevented the parents from providing the notice;
   2. The parents had not received notice, pursuant to §300.504, of the notice requirement in paragraph (d)(1) of this section; or
   3. Compliance with paragraph (d)(1) of this section would likely result in physical harm to the child; and

2. May, in the discretion of the court or a hearing officer, not be reduced or denied for failure to provide this notice if—
   1. The parents are not literate or cannot write in English; or
**§ 300.149 SEA responsibility for general supervision.**

(a) The SEA is responsible for ensuring—

(1) That the requirements of this part are carried out; and

(i) Is under the general supervision of the persons responsible for educational programs for children with disabilities in the SEA; and

(ii) Meets the educational standards of the SEA (including the requirements of this part).

(3) In carrying out this part with respect to homeless children, the requirements of subtitle B of title VII of the McKinney-Vento Homeless Assistance Act (42 U.S.C. 11431 et seq.) are met.

(b) The State must have in effect policies and procedures to ensure that it complies with the monitoring and enforcement requirements in §§ 300.600 through 300.602 and §§ 300.606 through 300.608.

(c) Part B of the Act does not limit the responsibility of agencies other than educational agencies for providing or paying some or all of the costs of FAPE to children with disabilities in the State.

(d) Notwithstanding paragraph (a) of this section, the Governor (or another individual pursuant to State law) may assign to any public agency in the State the responsibility of ensuring that the requirements of Part B of the Act are met with respect to students with disabilities who are convicted as adults under State law and incarcerated in adult prisons.

### § 300.151 Adoption of State complaint procedures.

(a) **General.** Each SEA must adopt written procedures for—

1. Resolving any complaint, including a complaint filed by an organization or individual from another State, that meets the requirements of § 300.153 by—
   - (i) Providing for the filing of a complaint with the SEA; and
   - (ii) At the SEA’s discretion, providing for the filing of a complaint with a public agency and the right to have the SEA review the public agency’s decision on the complaint; and
2. Widely disseminating to parents and other interested individuals, including parent training and information centers, protection and advocacy agencies, independent living centers, and other appropriate entities, the State procedures under §§ 300.151 through 300.153.

(b) **Remedies for denial of appropriate services.** In resolving a complaint in which the SEA has found a failure to provide appropriate services, an SEA, pursuant to its general supervisory authority under Part B of the Act, must address—

1. The failure to provide appropriate services, including corrective action appropriate to address the needs of the child (such as compensatory services or monetary reimbursement); and
2. Appropriate future provision of services for all children with disabilities.

### § 300.152 Minimum State complaint procedures.

(a) **Time limit; minimum procedures.** Each SEA must include in its complaint procedures a time limit of 60 days after a complaint is filed under § 300.153 to—

1. Carry out an independent on-site investigation, if the SEA determines that an investigation is necessary; and

(b) It is the policy and intent of the Texas Education Agency (TEA) to encourage and support the resolution of any dispute...
the allegations in the complaint;

(3) Provide the public agency with the opportunity to respond to the complaint, including, at a minimum—

(5) Issue a written decision to the complainant that addresses each allegation in the complaint and contains—
   (i) Findings of fact and conclusions; and
   (ii) The reasons for the SEA's final decision.

(b) Time extension; final decision; implementation. The SEA’s procedures described in paragraph (a) of this section also must—

   (1) Permit an extension of the time limit under paragraph (a) of this section only if—
      (i) Exceptional circumstances exist with respect to a particular complaint; or
      (ii) The parent (or individual or organization, if mediation or other alternative means of dispute resolution is available to the individual or organization under State procedures) and the public agency involved agree to extend the time to engage in mediation pursuant to paragraph (a)(3)(ii) of this section, or to engage in other alternative means of dispute resolution, if available in the State; and

   (2) Include procedures for effective implementation of the SEA’s final decision, if needed, including—
      (i) Technical assistance activities;

(c) Complaints filed under this section and due process hearings under § 300.507 and §§ 300.530 through 300.532.

   (1) If a written complaint is received that is also the subject of a due process hearing under § 300.507 or §§ 300.530 through 300.532, or contains multiple issues of which one or more are part of that hearing, the State must set aside any part of the complaint that is being addressed in the due process hearing until the conclusion of the hearing. However, any issue in the complaint that is not a part of the due process action must be resolved using the time limit and procedures described in paragraphs (a) and (b) of this section.

   (c) The possible options for resolving disputes include, but are not limited to:
      (1) meetings of the student's admission, review, and dismissal committee;
      (2) meetings or conferences with the student's teachers;

      (6) requesting a due process hearing through the TEA in accordance with IDEA, 20 USC, §1415(f), and 34 CFR, §§300.507-300.514. Upon the filing of a request for a due process hearing, the parent and the school district shall also be provided with an opportunity to resolve the dispute through the mediation process established by TEA.
(2) If an issue raised in a complaint filed under this section has previously been decided in a due process hearing involving the same parties—
   (i) The due process hearing decision is binding on that issue; and
   (ii) The SEA must inform the complainant to that effect.

(3) A complaint alleging a public agency’s failure to implement a due process hearing decision must be resolved by the SEA.

§ 300.153 Filing a complaint.
(a) An organization or individual may file a signed written complaint under the procedures described in §§ 300.151 through 300.152.
(b) The complaint must include—
   (1) A statement that a public agency has violated a requirement of Part B of the Act or of this part;
   (2) The facts on which the statement is based;
   (3) The signature and contact information for the complainant; and
   (4) If alleging violations with respect to a specific child—
      (i) The name and address of the residence of the child;
      (ii) The name of the school the child is attending;
      (iii) In the case of a homeless child or youth (within the meaning of section 725(2) of the McKinney-Vento Homeless Assistance Act (42 U.S.C. 11434a(2)), available contact information for the child, and the name of the school the child is attending;

### § 300.154 Methods of ensuring services.

(a) **Establishing responsibility for services.** The Chief Executive Officer of a State or designee of that officer must ensure that an interagency agreement or other mechanism for interagency coordination is in effect between each noneducational public agency described in paragraph (b) of this section and the SEA, in order to ensure that all services described in paragraph (b)(1) of this section that are needed to ensure FAPE are provided, including the provision of these services during the pendency of any dispute under paragraph (a)(3) of this section. The agreement or mechanism must include the following:

1. An identification of, or a method for defining, the financial responsibility of each agency for providing services described in paragraph (b)(1) of this section to ensure FAPE to children with disabilities. The financial responsibility of each noneducational public agency described in paragraph (b) of this section, including the State Medicaid agency and other public insurers of children with disabilities, must precede the financial responsibility of the LEA (or the State agency responsible for developing the child's IEP).

2. The conditions, terms, and procedures under which an LEA must be reimbursed by other agencies.

3. Procedures for resolving interagency disputes (including procedures under which LEAs may initiate proceedings) under the agreement or other mechanism to secure reimbursement from other agencies or otherwise implement the provisions of the agreement or mechanism.

4. Policies and procedures for agencies to determine and identify the interagency coordination responsibilities of each agency to promote the coordination and timely and appropriate delivery of services described in paragraph (b)(1) of this section.

(b) **Obligation of noneducational public agencies.**

1. (i) If any public agency other than an educational agency is otherwise obligated under Federal or State law, or assigned responsibility under State policy or pursuant to paragraph (a) of this section, to provide or pay for any services that are also considered special education or related services (such as, but not limited to, services described in § 300.5 relating to assistive technology devices, § 300.6 relating to assistive technology services, § 300.34 relating to related services, § 300.41 relating to supplementary aids and services, and § 300.42 relating to transition services) that are

### § 29.013. Noneducational Community-Based Support Services For Certain Students With Disabilities.

(a) The agency shall establish procedures and criteria for the allocation of funds appropriated under this section to school districts for the provision of noneducational community-based support services to certain students with disabilities and their families so that those students may receive an appropriate free public education in the least restrictive environment.

(b) The funds may be used only for eligible students with disabilities who would remain or would have to be placed in residential facilities primarily for educational reasons without the provision of noneducational community-based support services.

(c) The support services may include in-home family support, respite care, and case management for families with a student who otherwise would have been placed by a district in a private residential facility.

(d) The provision of services under this section does not supersede or limit the responsibility of other agencies to provide or pay for costs of noneducational community-based support services to enable any student with disabilities to receive a free appropriate public education in the least restrictive environment. Specifically, services provided under this section may not be used for a student with disabilities who is currently placed or who needs to be placed in a residential facility primarily for noneducational reasons.
necessary for ensuring FAPE to children with disabilities within the State, the public agency must fulfill that obligation or responsibility, either directly or through contract or other arrangement pursuant to paragraph (a) of this section or an agreement pursuant to paragraph (c) of this section.

(ii) A noneducational public agency described in paragraph (b)(1)(i) of this section may not disqualify an eligible service for Medicaid reimbursement because that service is provided in a school context.

(2) If a public agency other than an educational agency fails to provide or pay for the special education and related services described in paragraph (b)(1) of this section, the LEA (or State agency responsible for developing the child’s IEP) must provide or pay for these services to the child in a timely manner. The LEA or State agency is authorized to claim reimbursement for the services from the noneducational public agency that failed to provide or pay for these services and that agency must reimburse the LEA or State agency in accordance with the terms of the interagency agreement or other mechanism described in paragraph (a) of this section.

(c) Special rule. The requirements of paragraph (a) of this section may be met through—

(1) State statute or regulation;

(2) Signed agreements between respective agency officials that clearly identify the responsibilities of each agency relating to the provision of services; or

(3) Other appropriate written methods as determined by the Chief Executive Officer of the State or designee of that officer and approved by the Secretary.

(d) Children with disabilities who are covered by public benefits or insurance.

   C) Increase premiums or lead to the discontinuation of benefits or insurance; or
   
   D) Risk loss of eligibility for home and community-based waivers, based on aggregate health-related expenditures; and

(iv) (A) Must obtain parental consent, consistent with § 300.9, each time that access to public benefits or insurance is sought; and

(e) Children with disabilities who are covered by private insurance.

   (1) With regard to services required to provide FAPE to an eligible child under this part, a public agency may access the parents’ private insurance proceeds only if the parents provide consent consistent with § 300.9.

   (2) Each time the public agency proposes to access the parents’ private insurance proceeds, the agency must—

   (i) Obtain parental consent in accordance with paragraph (e)(1) of this section; and

### § 39.023. Adoption and Administration of Instruments.

(a) The agency shall adopt or develop appropriate criterion-referenced assessment instruments designed to assess essential knowledge and skills in reading, writing, mathematics, social studies, and science. Except as provided by Subsection (a-2), all students, other than students assessed under Subsection (b) or (i) or exempted under Section 39.027, shall be assessed in:

1. Mathematics, annually in grades three through seven without the aid of technology and in grade eight with the aid of technology on any assessment instrument that includes algebra;
2. Reading, annually in grades three through eight;
3. Writing, including spelling and grammar, in grades four and seven;
4. Social studies, in grade eight;
5. Science, in grades five and eight; and
6. Any other subject and grade required by federal law.

(a-1) The agency shall develop assessment instruments required under Subsection (a) in a manner that allows, to the extent practicable:

1. The score a student receives to provide reliable information relating to a student’s satisfactory performance for each performance standard under Section 39.0241; and
2. An appropriate range of performances to serve as a valid indication of growth in student achievement.

(a-2) A student is not required to be assessed in a subject otherwise assessed at the student’s grade level under Subsection (a) if the student:

1. Is enrolled in a course in the subject intended for students above the student’s grade level and will be administered an assessment instrument adopted or developed under Subsection (a) that aligns with the curriculum for the course in which the student is enrolled; or
2. Is enrolled in a course in the subject for which the student will receive high school academic credit and will be administered an end-of-course assessment instrument adopted under Subsection (c) for the course.

(b) The agency shall develop or adopt appropriate criterion-referenced alternative assessment instruments to be administered to each student in a special education program under Subchapter A, Chapter 29, for whom an assessment instrument adopted under Subsection (a), even with allowable accommodations, would not provide an appropriate measure of student achievement, as determined by the student’s admission, review, and dismissal committee.

(c) The agency shall also adopt end-of-course assessment
instruments for secondary-level courses in Algebra I, Algebra II, geometry, biology, chemistry, physics, English I, English II, English III, world geography, world history, and United States history. The Algebra I, Algebra II, and geometry end-of-course assessment instruments must be administered with the aid of technology. A school district shall comply with State Board of Education rules regarding administration of the assessment instruments listed in this subsection and shall adopt a policy that requires a student's performance on an end-of-course assessment instrument for a course listed in this subsection in which the student is enrolled to account for 15 percent of the student's final grade for the course. If a student retakes an end-of-course assessment instrument for a course listed in this subsection, as provided by Section 39.025, a school district is not required to use the student's performance on the subsequent administration or administrations of the assessment instrument to determine the student's final grade for the course. If a student is in a special education program under Subchapter A, Chapter 29, the student's admission, review, and dismissal committee shall determine whether any allowable modification is necessary in administering to the student an assessment instrument required under this subsection. The State Board of Education shall administer the assessment instruments. The State Board of Education shall adopt a schedule for the administration of end-of-course assessment instruments that complies with the requirements of Subsection (c-3).

(c-1) The agency shall develop any assessment instrument required under this section in a manner that allows for the measurement of annual improvement in student achievement as required by Sections 39.034(c) and (d).

(c-2) The agency may adopt end-of-course assessment instruments for courses not listed in Subsection (c). A student's performance on an end-of-course assessment instrument adopted under this subsection is not subject to the performance requirements established under Subsection (c) or Section 39.025.

(c-3) In adopting a schedule for the administration of assessment instruments under this section, the State Board of Education shall require:

(1) assessment instruments administered under Subsection (a) to be administered on a schedule so that the first assessment instrument is administered at least two weeks later than the date on which the first assessment instrument was administered under Subsection (a) during the 2006-2007 school year; and

(2) the spring administration of end-of-course assessment instruments under Subsection (c) to occur in each school district not earlier than the first full week in May, except that the spring administration of the end-of-course assessment

(g) The State Board of Education may adopt one appropriate, nationally recognized, norm-referenced assessment instrument in reading and mathematics to be administered to a selected sample of students in the spring. If adopted, a norm-referenced assessment instrument must be a secured test. The state may pay the costs of purchasing and scoring the adopted assessment instrument and of distributing the results of the adopted instrument to the school districts. A district that administers the norm-referenced test adopted under this subsection shall report the results to the agency in a manner prescribed by the commissioner.

(h) The agency shall notify school districts and campuses of the results of assessment instruments administered under this section at the earliest possible date determined by the State Board of Education but not later than the beginning of the subsequent school year.

(i) The provisions of this section, except Subsection (d), are subject to modification by rules adopted under Section 39.022. Each assessment instrument adopted under those rules and each assessment instrument required under Subsection (d) must be reliable and valid and must meet any applicable federal requirements for measurement of student progress.

(l) The State Board of Education shall adopt rules for the administration of the assessment instruments adopted under Subsection (a) in Spanish to students in grades three through five who are of limited English proficiency, as defined by Section 29.052, whose primary language is Spanish, and who are not otherwise exempt from the administration of an assessment instrument under Section 39.027(a)(1) or (2). Each student of limited English proficiency whose primary language is Spanish, other than a student to whom Subsection (b) applies, may be assessed using assessment instruments in Spanish under this subsection for up to three years or assessment instruments in English under Subsection (a). The language proficiency assessment committee established under Section 29.063 shall determine which students are administered assessment instruments in Spanish under this subsection.

(m) The commissioner by rule shall develop procedures under which the language proficiency assessment committee established under Section 29.063 shall determine which students are exempt from the administration of the assessment instruments under Section 39.027(a)(1) or (2). The rules adopted under this subsection shall ensure that the language proficiency assessment committee provides that the exempted students are administered the assessment instruments under Subsections (a) and (c) at
(n) This subsection applies only to a student who is determined to have dyslexia or a related disorder and who is an individual with a disability under 29 U.S.C. Section 705 (20) and its subsequent amendments. The agency shall adopt or develop appropriate criterion-referenced assessment instruments designed to assess the ability of and to be administered to each student to whom this subsection applies for whom the assessment instruments adopted under Subsection (a), even with allowable modifications, would not provide an appropriate measure of student achievement, as determined by the committee established by the board of trustees of the district to determine the placement of students with dyslexia or related disorders. The committee shall determine whether any allowable modification is necessary in administering to a student an assessment instrument required under this subsection. The assessment instruments required under this subsection shall be administered on the same schedule as the assessment instruments administered under Subsection (a).

(o) The commissioner of education and the commissioner of higher education shall study the feasibility of allowing students to satisfy end-of-course requirements under Subsection (c) by successfully completing a dual credit course through an institution of higher education. Not later than December 1, 2010, the commissioner of education and the commissioner of higher education shall make recommendations to the legislature based on the study conducted under this subsection.

(p) On or before September 1 of each year, the commissioner shall make the following information available on the agency's Internet website for each assessment instrument administered under Subsection (a), (c), or (l):

1. the number of questions on the assessment instrument;
2. the number of questions that must be answered correctly to achieve satisfactory performance as determined by the commissioner under Section 39.0241(a);
3. the number of questions that must be answered correctly to achieve satisfactory performance under the college readiness performance standard as provided by Section 39.0241; and
4. the corresponding scale scores.

§ 39.053. Performance Indicators: Student Achievement. [Excerpt]

(a) The commissioner shall adopt a set of indicators of the quality of learning and student achievement. The commissioner biennially shall review the indicators for the consideration of appropriate revisions.
(b) Performance on the student achievement indicators adopted under this section shall be compared to state-established standards. The indicators must be based on information that is disaggregated by race, ethnicity, and socioeconomic status.

(c) Indicators of student achievement adopted under this section must include:

(1) the results of assessment instruments required under Sections 39.023(a), (c), and (l), including the results of assessment instruments required for graduation retaken by a student, aggregated across grade levels by subject area, including:

(A) for the performance standard determined by the commissioner under Section 39.0241(a):

(i) the percentage of students who performed satisfactorily on the assessment instruments, aggregated across grade levels by subject area; and

(ii) for students who did not perform satisfactorily, the percentage of students who met the standard for annual improvement, as determined by the agency under Section 39.034, on the assessment instruments, aggregated across grade levels by subject area; and

(B) for the college readiness performance standard as determined under Section 39.0241:

(i) the percentage of students who performed satisfactorily on the assessment instruments, aggregated across grade levels by subject area; and

(ii) for students who did not perform satisfactorily, the percentage of students who met the standard for annual improvement, as determined by the agency under Section 39.034, on the assessment instruments, aggregated across grade levels by subject area;

(2) dropout rates, including dropout rates and district completion rates for grade levels 9 through 12, computed in accordance with standards and definitions adopted by the National Center for Education Statistics of the United States Department of Education; and

(3) high school graduation rates, computed in accordance with standards and definitions adopted in compliance with the No Child Left Behind Act of 2001 (20 U.S.C. Section 6301 et seq.).

(e) Performance on the student achievement indicators under Subsections (c)(1) and (2) shall be compared to state
standards and required improvement. The state standard shall be established by the commissioner. Required improvement is the progress necessary for the campus or district to meet state standards and, for the student achievement indicator under Subsection (c)(1), for its students to meet each of the performance standards as determined under Section 39.0241.

(f) Annually, the commissioner shall define the state standard for the current school year for each student achievement indicator described by Subsection (c) and shall project the state standards for each indicator for the following two school years. The commissioner shall periodically raise the state standards for the student achievement indicator described by Subsection (c)(1)(B)(i) for accreditation as necessary to reach the goals of achieving, by not later than the 2019-2020 school year:

1. student performance in this state, disaggregated by race, ethnicity, and socioeconomic status, that ranks nationally in the top 10 states in terms of college readiness; and
2. student performance, including the percentage of students graduating under the recommended or advanced high school program, with no significant achievement gaps by race, ethnicity, and socioeconomic status.

§ 39.301. Additional Performance Indicators: Reporting. [Excerpt]
(a) In addition to the indicators adopted under Section 39.053, the commissioner shall adopt indicators of the quality of learning for the purpose of preparing reports under this chapter. The commissioner biennially shall review the indicators for the consideration of appropriate revisions.
(b) Performance on the indicators adopted under this section shall be evaluated in the same manner provided for evaluation of the student achievement indicators under Section 39.053(c).
(c) Indicators for reporting purposes must include:

(b) Prohibition against commingling.
(1) Funds paid to a State under this part must not be commingled with State funds.
(2) The requirement in paragraph (b)(1) of this section is satisfied by the use of a separate accounting system that includes an audit trail of the expenditure of funds paid to a State under this part. Separate bank accounts are not required. (See 34 CFR 76.702 (Fiscal control and fund accounting procedures).)

(c) State-level nonsupplanting.
(1) Except as provided in §300.202, funds paid to a State under Part B of the Act must be used to supplement the level of Federal, State, and local funds (including funds that are not under the direct control of the SEA or LEAs) expended for special education and related services provided to children with disabilities under Part B of the Act, and in no case to supplant those Federal, State, and local funds.
(2) If the State provides clear and convincing evidence that all children with disabilities have available to them FAPE, the Secretary may waive, in whole or in part, the requirements of paragraph (c)(1) of this section if the Secretary concurs with the evidence provided by the State under §300.164.

§ 300.163 Maintenance of State financial support.

(c) Waivers for exceptional or uncontrollable circumstances. The Secretary may waive the requirement of paragraph (a) of this section for a State, for one fiscal year at a time, if the Secretary determines that—
(1) Granting a waiver would be equitable due to exceptional or uncontrollable circumstances such as a natural disaster or a precipitous and unforeseen decline in the financial resources of the State; or

(c) The special education attendance shall be converted to contact hours by instructional arrangement and then to full-time equivalents. The full-time equivalent for each instructional arrangement is multiplied by the school district's adjusted basic allotment and then multiplied by the weight for the instructional arrangement as prescribed in the Texas Education Code (TEC), §42.151(a). Contact hours for any one student receiving special education services may not exceed six hours per day or 30 hours per week for funding purposes. The total contact hours generated per week shall be divided by 30 to determine the full-time equivalents. Special education full-time equivalents generated shall be deducted from the school district's ADA for purposes of the regular education allotment.
(d) The receipt of special education funds shall be contingent upon the operation of an approved comprehensive special education program in accordance with state and federal laws and regulations. No district may divert special education funds for other purposes, with the exception of administrative costs as defined in Chapter 105, Subchapter B, of this title (relating to Maximum Indirect Cost Allowable on Certain Foundation School Program Allotments). Funds generated by full-time equivalents in one instructional arrangement may not exceed the average of instructional arrangements in the 1992-1993 school year.
(e) The State Board of Education by rule shall prescribe the funding weight for this arrangement as follows:

| TEA | Division of IDEA Coordination | http://www.tea.state.tx.us/special.ed/ | March 2012 | B-74 |
(A) The State’s procedures under § 300.111 for ensuring that all eligible children are identified, located and evaluated;
(B) The State’s procedures for monitoring public agencies to ensure that they comply with all requirements of this part;
(C) The State’s complaint procedures under §§ 300.151 through 300.153; and
(D) The State’s hearing procedures under §§ 300.511 through 300.516 and §§ 300.530 through 300.536;

(3) A summary of all State and Federal monitoring reports, and State complaint decisions (See §§ 300.151 through 300.153) and hearing decisions (See §§ 300.511 through 300.516 and §§ 300.530 through 300.536), issued within three years prior to the date of the State’s request for a waiver under this section, that includes any finding that FAPE has not been available to one or more eligible children, and evidence that FAPE is now available to all children addressed in those reports or decisions; and

(4) Evidence that the State, in determining that FAPE is currently available to all eligible children with disabilities in the State, has consulted with the State advisory panel under §300.167.

d If the Secretary determines that the request and supporting evidence submitted by the State makes a prima facie showing that FAPE is, and will remain, available to all eligible children with disabilities in the State, the Secretary, after notice to the public throughout the State, conducts a public hearing at which all interested persons and organizations may present evidence regarding the following issues:

(1) Whether FAPE is currently available to all eligible children with disabilities in the State.

(2) Whether the State will be able to ensure that FAPE remains available to all eligible children with disabilities in the State if the Secretary provides the requested waiver.

e Following the hearing, the Secretary, based on all submitted evidence, will provide a waiver, in whole or in part, for a period of one year if the Secretary finds that the State has provided clear and convincing evidence that FAPE is currently available to all eligible children with disabilities in the State, and the State will be able to ensure that FAPE remains available to all eligible children with disabilities in the State if the Secretary provides the requested waiver.

(f) A State may receive a waiver of the requirement of section 612(a)(18)(A) of the Act and § 300.164 if it satisfies the requirements of paragraphs (b) through (e) of this section.

(g) The Secretary may grant subsequent waivers for a period of one year each, if the Secretary determines that the State has provided clear and convincing evidence that all eligible...
children with disabilities throughout the State have, and will continue to have throughout the one-year period of the waiver, FAPE available to them.

(b) Before submitting a State plan under this part, a State must comply with the public participation requirements in paragraph (a) of this section and those in 20 U.S.C. 1232d(b)(7).

### Other Provisions Required for State Eligibility

#### § 300.170 Suspension and expulsion rates.

(a) General. The SEA must examine data, including data disaggregated by race and ethnicity, to determine if significant discrepancies are occurring in the rate of long-term suspensions and expulsions of children with disabilities—

1. Among LEAs in the State; or
2. Compared to the rates for nondisabled children within those agencies.

(3) Nothing in this section relieves an SEA of its responsibility to ensure that children with disabilities who need instructional materials in accessible formats, but are not included under the definition of blind or other persons with print disabilities in § 300.172(e)(1)(i) or who need materials that cannot be produced from NIMAS files, receive those instructional materials in a timely manner.

(4) In order to meet its responsibility under paragraphs (b)(2), (b)(3), and (c) of this section to ensure that children with disabilities who need instructional materials in accessible formats are provided those materials in a timely manner, the SEA must ensure that all public agencies take all reasonable steps to provide instructional materials in accessible formats to children with disabilities who need those instructional materials at the same time as other children receive instructional materials.

(c) Preparation and delivery of files. If an SEA chooses to coordinate with the NIMAC, as of December 3, 2006, the SEA must—

(1) As part of any print instructional materials adoption process, procurement contract, or other practice or instrument used for purchase of print instructional materials, must enter into a written contract with the publisher of the print instructional materials to—

(i) Require the publisher to prepare and, on or before
delivery of the print instructional materials, provide to NIMAC electronic files containing the contents of the print instructional materials using the NIMAS; or

(ii) Purchase instructional materials from the publisher that are produced in, or may be rendered in, specialized formats.

(b) Rule of construction. Nothing in paragraph (a) of this section shall be construed to create a Federal prohibition against teachers and other school personnel consulting or sharing classroom-based observations with parents or guardians regarding a student’s academic and functional performance, or behavior in the classroom or school, or regarding the need for evaluation for special education or related services under § 300.111 (related to child find).

§ 300.182 Initial decision; final decision.

(a) The Hearing Official or Hearing Panel prepares an initial written decision that addresses each of the points in the notice sent by the Secretary to the SEA under § 300.179 including any amendments to or further clarifications of the issues, under §300.181(c)(7).

(b) The initial decision of a Hearing Panel is made by a majority of Panel members.

(c) The Hearing Official or Hearing Panel mails, by certified mail with return receipt requested, a copy of the initial decision to each party (or to the party’s counsel) and to the Secretary, with a notice stating that each party has an opportunity to submit written comments regarding the decision to the Secretary.

(j) The Secretary may remand the matter to the Hearing Official or Hearing Panel for further proceedings.

(k) Unless the Secretary remands the matter as provided in paragraph (j) of this section, the Secretary issues the final decision, with any necessary modifications, within 30 days after notifying the Hearing Official or Hearing Panel that the initial decision is being further reviewed.

By-pass for Children in Private Schools

§ 300.190 By-pass—general.
(a) If, on December 2, 1983, the date of enactment of the Education of the Handicapped Act Amendments of 1983, an SEA was prohibited by law from providing for the equitable participation in special programs of children with disabilities enrolled in private elementary schools and secondary schools as required by section 612(a)(10)(A) of the Act, or if the Secretary determines that an SEA, LEA, or other public agency has substantially failed or is unwilling to provide for such equitable participation then the Secretary shall, notwithstanding such provision of law, arrange for the provision of services to these children through arrangements which shall be subject to the requirements of section 612(a)(10)(A) of the Act.

(b) The Secretary waives the requirement of section 612(a)(10)(A) of the Act and of §§ 300.131 through 300.144 if the Secretary implements a by-pass.
(Authority: 20 U.S.C. 1412(f)(1))

§ 300.191 Provisions for services under a by-pass.
(a) Before implementing a by-pass, the Secretary consults with appropriate public and private school officials, including SEA officials, in the affected State, and as appropriate, LEA or other public agency officials to consider matters such as—
1. Any prohibition imposed by State law that results in the need for a by-pass; and
2. The scope and nature of the services required by private school children with disabilities in the State, and the number of children to be served under the by-pass.

(b) After determining that a by-pass is required, the Secretary arranges for the provision of services to private school children with disabilities in the State, LEA or other public agency in a manner consistent with the requirements of section 612(a)(10)(A) of the Act and §§ 300.131 through 300.144 by providing services through one or more agreements with appropriate parties.

(c) For any fiscal year that a by-pass is implemented, the Secretary determines the maximum amount to be paid to the
providers of services by multiplying—

1. A per child amount determined by dividing the total amount received by the State under Part B of the Act for the fiscal year by the number of children with disabilities served in the prior year as reported to the Secretary under section 618 of the Act; by

2. The number of private school children with disabilities (as defined in §§ 300.8(a) and 300.130) in the State, LEA or other public agency, as determined by the Secretary on the basis of the most recent satisfactory data available, which may include an estimate of the number of those children with disabilities.

(d) The Secretary deducts from the State’s allocation under Part B of the Act the amount the Secretary determines is necessary to implement a by-pass and pays that amount to the provider of services. The Secretary may withhold this amount from the State’s allocation pending final resolution of any investigation or complaint that could result in a determination that a by-pass must be implemented.

(Authority: 20 U.S.C. 1412(f)(2))

§ 300.192 Notice of intent to implement a by-pass.

(a) Before taking any final action to implement a by-pass, the Secretary provides the SEA and, as appropriate, LEA or other public agency with written notice.

(b) In the written notice, the Secretary—

1. States the reasons for the proposed by-pass in sufficient detail to allow the SEA and, as appropriate, LEA or other public agency to respond; and

2. Advises the SEA and, as appropriate, LEA or other public agency that it has a specific period of time (at least 45 days) from receipt of the written notice to submit written objections to the proposed by-pass and that it may request in writing the opportunity for a hearing to show cause why a by-pass should not be implemented.

(c) The Secretary sends the notice to the SEA and, as appropriate, LEA or other public agency by certified mail with return receipt requested.

§ 300.193 Request to show cause.

An SEA, LEA or other public agency in receipt of a notice under § 300.192 that seeks an opportunity to show cause why a by-pass should not be implemented must submit a written request for a show cause hearing to the Secretary, within the specified time period in the written notice in §300.192(b)(2).

   (1) Notifies the SEA and affected LEA or other public agency, and other appropriate public and private school officials of the time and place for the hearing;
   (2) Designates a person to conduct the show cause hearing. The designee must not have had any responsibility for the matter brought for a hearing; and
   (3) Notifies the SEA, LEA or other public agency, and representatives of private schools that they may be represented by legal counsel and submit oral or written evidence and arguments at the hearing.

(b) At the show cause hearing, the designee considers matters such as—
   (1) The necessity for implementing a by-pass;
   (2) Possible factual errors in the written notice of intent to implement a by-pass; and
   (3) The objections raised by public and private school representatives.

(c) The designee may regulate the course of the proceedings and the conduct of parties during the pendency of the proceedings. The designee takes all steps necessary to conduct a fair and impartial proceeding, to avoid delay, and to maintain order.

(e) The designee may interpret applicable statutes and regulations, but may not waive them or rule on their validity.

(f) The designee arranges for the preparation, retention, and, if appropriate, dissemination of the record of the hearing.

§ 300.199 State administration.
(a) *Rulemaking.* Each State that receives funds under Part B of the Act must—
   (1) Ensure that any State rules, regulations, and policies relating to this part conform to the purposes of this part;
   (2) Identify in writing to LEAs located in the State and the Secretary any such rule, regulation, or policy as a State-imposed requirement that is not required by Part B of the Act and Federal regulations; and
   (3) Minimize the number of rules, regulations, and policies to which the LEAs and schools located in the State are subject under Part B of the Act.
(b) *Support and facilitation.* State rules, regulations, and policies under Part B of the Act must support and facilitate LEA and school-level system improvement designed to enable children with disabilities to meet the challenging State student academic achievement standards.

### § 300.200 Condition of assistance.

(Authority: 20 U.S.C. 1413(a))

### § 300.201 Consistency with State policies.

The LEA, in providing for the education of children with disabilities within its jurisdiction, must have in effect policies, procedures, and programs that are consistent with the State policies and procedures established under §§ 300.101 through 300.163, and §§ 300.165 through 300.174.

(Approved by the Office of Management and Budget under control number 1820–0600)

(Authority: 20 U.S.C. 1413(a)(1))

### § 300.202 Use of amounts.

(a) General. Amounts provided to the LEA under Part B of the Act—

   (1) Must be expended in accordance with the applicable provisions of this part;

   (2) Must be used only to pay the excess costs of providing special education and related services to children with disabilities, consistent with paragraph (b) of this section; and

   (3) Must be used to supplement State, local, and other Federal funds and not to supplant those funds.

(b) Excess cost requirement—

   (1) General.

      (i) The excess cost requirement prevents an LEA from using funds provided under Part B of the Act to pay for all of the costs directly attributable to the education of a child with a disability, subject to paragraph (b)(1)(ii) of this section.

      (ii) The excess cost requirement does not prevent an LEA from using Part B funds to pay for all of the costs directly attributable to the education of a child with a disability in any of the ages 3, 4, 5, 18, 19, 20, or 21, if no local or State funds are available for nondisabled children of these ages. However, the LEA must comply with the nonsupplanting and other requirements of this part in providing the education and services for these children.

   (2) (i) An LEA meets the excess cost requirement if it has spent at least a minimum average amount for the education of its children with disabilities before
funds under Part B of the Act are used.

(ii) The amount described in paragraph (b)(2)(i) of this section is determined in accordance with the definition of excess costs in § 300.16. That amount may not include capital outlay or debt service.

(3) If two or more LEAs jointly establish eligibility in accordance with § 300.223, the minimum average amount is the average of the combined minimum average amounts determined in accordance with the definition of excess costs in § 300.16 in those agencies for elementary or secondary school students, as the case may be.

(Approved by the Office of Management and Budget under control number 1820–0600)

§ 300.203 Maintenance of effort.

(a) General. Except as provided in §§ 300.204 and 300.205, funds provided to an LEA under Part B of the Act must not be used to reduce the level of expenditures for the education of children with disabilities made by the LEA from local funds below the level of those expenditures for the preceding fiscal year.

(b) Standard.

(1) Except as provided in paragraph (b)(2) of this section, the SEA must determine that an LEA complies with paragraph (a) of this section for purposes of establishing the LEA’s eligibility for an award for a fiscal year if the LEA budgets, for the education of children with disabilities, at least the same total or per capita amount from either of the following sources as the LEA spent for that purpose from the same source for the most recent prior year for which information is available:

(i) Local funds only.

(ii) The combination of State and local funds.

(2) An LEA that relies on paragraph (b)(1)(i) of this section for any fiscal year must ensure that the amount of local funds it budgets for the education of children with disabilities in that year is at least the same, either in total or per capita, as the amount it spent for that purpose in the most recent fiscal year for which information is available and the standard in paragraph (b)(1)(i) of this section was used to establish its compliance with this section.

(3) The SEA may not consider any expenditures made from funds provided by the Federal Government for which the SEA is required to account to the Federal Government or for which the LEA is required to account to the Federal Government directly or through the SEA in determining an LEA’s compliance with the requirement in paragraph (a) of this section.

(Approved by the Office of Management and Budget under control number 1820–0600)
§ 300.204 Exception to maintenance of effort.
Notwithstanding the restriction in § 300.203(a), an LEA may reduce the level of expenditures by the LEA under Part B of the Act below the level of those expenditures for the preceding fiscal year if the reduction is attributable to any of the following:

(a) The voluntary departure, by retirement or otherwise, or departure for just cause, of special education or related services personnel.

(b) A decrease in the enrollment of children with disabilities.

(c) The termination of the obligation of the agency, consistent with this part, to provide a program of special education to a particular child with a disability that is an exceptionally costly program, as determined by the SEA, because the child—
   (1) Has left the jurisdiction of the agency;
   (2) Has reached the age at which the obligation of the agency to provide FAPE to the child has terminated; or
   (3) No longer needs the program of special education.

(d) The termination of costly expenditures for long-term purchases, such as the acquisition of equipment or the construction of school facilities.

(e) The assumption of cost by the high cost fund operated by the SEA under §300.704(c)

(Approved by the Office of Management and Budget under control number 1820–0600)

§ 300.205 Adjustment to local fiscal efforts in certain fiscal years.

(a) Amounts in excess. Notwithstanding § 300.202(a)(2) and (b) and § 300.203(a), and except as provided in paragraph (d) of this section and § 300.230(e)(2), for any fiscal year for which the allocation received by an LEA under § 300.705 exceeds the amount the LEA received for the previous fiscal year, the LEA may reduce the level of expenditures otherwise required by § 300.203(a) by not more than 50 percent of the amount of that excess.

(b) Use of amounts to carry out activities under ESEA. If an LEA exercises the authority under paragraph (a) of this section, the LEA must use an amount of local funds equal to the reduction in expenditures under paragraph (a) of this section to carry out activities that could be supported with funds under the ESEA regardless of whether the LEA is using funds under the ESEA for those activities.

(c) State prohibition. Notwithstanding paragraph (a) of this section, if an SEA determines that an LEA is unable to establish and maintain programs of FAPE that meet the requirements of section 613(a) of the Act and this part or the
SEA has taken action against the LEA under section 616 of the Act and subpart F of these regulations, the SEA must prohibit the LEA from reducing the level of expenditures under paragraph (a) of this section for that fiscal year.

(d) Special rule. The amount of funds expended by an LEA for early intervening services under § 300.226 shall count toward the maximum amount of expenditures that the LEA may reduce under paragraph (a) of this section.

§ 300.206 Schoolwide programs under title I of the ESEA.

(a) General. Notwithstanding the provisions of §§ 300.202 and 300.203 or any other provision of Part B of the Act, an LEA may use funds received under Part B of the Act for any fiscal year to carry out a schoolwide program under section 1114 of the ESEA, except that the amount used in any schoolwide program may not exceed—

1. (i) The amount received by the LEA under Part B of the Act for that fiscal year; divided by
2. (ii) The number of children with disabilities in the jurisdiction of the LEA; and multiplied by
3. The number of children with disabilities participating in the schoolwide program.

(b) Funding conditions. The funds described in paragraph (a) of this section are subject to the following conditions:

1. The funds must be considered as Federal Part B funds for purposes of the calculations required by § 300.202(a)(2) and (a)(3).
2. The funds may be used without regard to the requirements of §300.202(a)(1).

(c) Meeting other Part B requirements. Except as provided in paragraph (b) of this section, all other requirements of Part B of the Act must be met by an LEA using Part B funds in accordance with paragraph (a) of this section, including ensuring that children with disabilities in schoolwide program schools—

1. Receive services in accordance with a properly developed IEP; and
2. Are afforded all of the rights and services guaranteed to children with disabilities under the Act.

(1) Services and aids that also benefit nondisabled children. For the costs of special education and related services, and supplementary aids and services, provided in a regular class or other education-related setting to a child with a disability in accordance with the IEP of the child, even if one or more nondisabled children benefit from these services.

(2) Early intervening services. To develop and implement coordinated, early intervening educational services in accordance with § 300.226.

(3) High cost special education and related services. To establish and implement cost or risk sharing funds, consortia, or cooperatives for the LEA itself, or for LEAs working in a consortium of which the LEA is a part, to pay for high cost special education and related services.

(a) An open-enrollment charter school has the powers granted to schools under this title.

(b) An open-enrollment charter school is subject to:

(1) a provision of this title establishing a criminal offense; and

(2) a prohibition, restriction, or requirement, as applicable, imposed by this title or a rule adopted under this title, relating to:

(A) the Public Education Information Management System (PEIMS) to the extent necessary to monitor compliance with this subchapter as determined by the commissioner; and

(B) criminal history records under Subchapter C,
providing such services on the site to its other public schools; and
(ii) Provide funds under Part B of the Act to those charter schools—
(A) On the same basis as the LEA provides funds to the LEA’s other public schools, including proportional distribution based on relative enrollment of children with disabilities; and
(B) At the same time as the LEA distributes other Federal funds to the LEA’s other public schools, consistent with the State’s charter school law.

(2) If the public charter school is a school of an LEA that receives funding under § 300.705 and includes other public schools—

§ 300.220 Exception for prior local plans.
(a) **General.** If an LEA or a State agency described in § 300.228 has on file with the SEA policies and procedures that demonstrate that the LEA or State agency meets any requirement of § 300.200, including any policies and procedures filed under Part B of the Act as in effect before December 3, 2004, the SEA must consider the LEA or State agency to have met that requirement for purposes of receiving assistance under Part B of the Act.

(b) **Modification made by an LEA or State agency.** Subject to paragraph (c) of this section, policies and procedures submitted by an LEA or a State agency in accordance with this subpart remain in effect until the LEA or State agency submits to the SEA the modifications that the LEA or State agency determines are necessary.

(c) **Modifications required by the SEA.** The SEA may require an LEA or a State agency to modify its policies and procedures, but only to the extent necessary to ensure the LEA’s or State agency’s compliance with Part B of the Act or State law, if—
   (1) After December 3, 2004, the effective date of the Individuals with Disabilities Education Improvement Act of 2004, the applicable provisions of the Act (or the regulations developed to carry out the Act) are amended;

### § 300.223 Joint establishment of eligibility.

(a) **General.** An SEA may require an LEA to establish its eligibility jointly with another LEA if the SEA determines that the LEA will be ineligible under this subpart because the agency will not be able to establish and maintain programs of sufficient size and scope to effectively meet the needs of children with disabilities.

(b) **Charter school exception.** An SEA may not require a charter school that is an LEA to jointly establish its eligibility under paragraph (a) of this section unless the charter school is explicitly permitted to do so under the State's charter school statute.

(c) **Amount of payments.** If an SEA requires the joint establishment of eligibility under paragraph (a) of this section, the total amount of funds made available to the affected LEAs must be equal to the sum of the payments that each LEA would have received under § 300.705 if the agencies were eligible for those payments.

(Authority: 20 U.S.C. 1413(e)(1) and (2))

### § 300.224 Requirements for establishing eligibility.

§ 300.225 [Reserved]

§ 300.226 Early intervening services.
(a) General. An LEA may not use more than 15 percent of the amount the LEA receives under Part B of the Act for any fiscal year, less any amount reduced by the LEA pursuant to § 300.205, if any, in combination with other amounts (which may include amounts other than education funds), to develop and implement coordinated, early intervening services, which may include interagency financing structures, for students in kindergarten through grade 12 (with a particular emphasis on students in kindergarten through grade three who are not currently identified as needing special education or related services, but who need additional academic and behavioral support to succeed in a general education environment. (See Appendix D for examples of how § 300.205(d), regarding local maintenance of effort, and § 300.226(a) affect one another.)

(b) Activities. In implementing coordinated, early intervening services under this section, an LEA may carry out activities that include—
(1) Professional development (which may be provided by entities other than LEAs) for teachers and other school staff to enable such personnel to deliver scientifically based academic and behavioral interventions, including scientifically based literacy instruction, and, where appropriate, instruction on the use of adaptive and instructional software; and
(2) Providing educational and behavioral evaluations, services, and supports, including scientifically based literacy instruction.

c) Construction. Nothing in this section shall be construed to either limit or create a right to FAPE under Part B of the Act or to delay appropriate evaluation of a child suspected of having a disability.

d) Reporting. Each LEA that develops and maintains coordinated, early intervening services under this section must annually report to the SEA on—
(1) The number of children served under this section who received early intervening services; and
(2) The number of children served under this section who received early intervening services and subsequently receive special education and related services under § 89.1011. Referral for Full and Individual Initial Evaluation.

Referral of students for a full and individual initial evaluation for possible special education services shall be a part of the district's overall, general education referral or screening system. Prior to referral, students experiencing difficulty in the general classroom should be considered for all support services available to all students, such as tutorial; remedial; compensatory; response to scientific, research-based intervention; and other academic or behavior support services. If the student continues to experience difficulty in the general classroom after the provision of interventions, district personnel must refer the student for a full and individual initial evaluation. This referral for a full and individual initial evaluation may be initiated by school personnel, the student's parents or legal guardian, or another person involved in the education or care of the student.

§ 29.081. Compensatory, Intensive, and Accelerated Instruction.
(a) Each school district shall use the student performance data resulting from the basic skills assessment instruments and achievement tests administered under Subchapter B, Chapter 39, to design and implement appropriate compensatory, intensive, or accelerated instructional services for students in the district's schools that enable the students to be performing at grade level at the conclusion of the next regular school term.

(b) Each district shall provide accelerated instruction to a student enrolled in the district who has taken an end-of-course assessment instrument administered under Section 39.023(c) and has not performed satisfactorily on the assessment instrument or who is at risk of dropping out of school.

(c) Each school district shall evaluate and document the effectiveness of the accelerated instruction in reducing any disparity in performance on assessment instruments administered under Subchapter B, Chapter 39, or disparity in the rates of high school completion between students at risk of dropping out of school and all other district students.

(d) For purposes of this section, "student at risk of dropping out of school" includes each student who is under 21 years of age and who:
(1) was not advanced from one grade level to the next for one or more school years;
(2) if the student is in grade 7, 8, 9, 10, 11, or 12, did not maintain an average equivalent to 70 on a scale of 100 in two or more subjects in the foundation curriculum during a semester in the preceding or current school year or is not maintaining such an average in two or more subjects in the foundation curriculum in the current semester;
(3) did not perform satisfactorily on an assessment instrument administered to the student under Subchapter B, Chapter 39, and who has not in the previous or current school year subsequently performed on that instrument or another appropriate instrument at a level equal to at least 110 percent of the level of satisfactory performance on that
Part B of the Act during the preceding two year period.

(e) Coordination with ESEA. Funds made available to carry out this section may be used to carry out coordinated, early intervening services aligned with activities funded by, and carried out under the ESEA if those funds are used to supplement, and not supplant, funds made available under the ESEA for the activities and services assisted under this section.

§ 300.227 Direct services by the SEA.

(a) General.

(1) An SEA must use the payments that would otherwise have been available to an LEA or to a State agency to provide special education and related services directly to children with disabilities residing in the area served by that LEA, or for whom that State agency is responsible, if the SEA determines that the LEA or State agency—

(i) Has not provided the information needed to establish the eligibility of the LEA or State agency, or elected not to apply for its Part B allotment, under Part B of the Act;

(ii) Is unable to establish and maintain programs of FAPE that meet the requirements of this part;

(iii) Is unable or unwilling to be consolidated with one or more LEAs in order to establish and maintain the programs; or

(iv) Has one or more children with disabilities who can best be served by a regional or State program or service delivery system designed to meet the needs of these children.

(2) SEA administrative procedures.

(i) In meeting the requirements in paragraph (a)(1) of this section, the SEA may provide special education and related services directly, by contract, or through other arrangements.

(ii) The excess cost requirements of § 300.202(b) do not apply to the SEA.

(b) Manner and location of education and services. The SEA may provide special education and related services under paragraph (a) of this section in the manner and at the locations (including regional or State centers) as the SEA considers appropriate. The education and services must be provided in accordance with this part.

§ 300.228 State agency eligibility.
Any State agency that desires to receive a subgrant for any fiscal year under § 300.705 must demonstrate to the satisfaction of the SEA that—
(a) All children with disabilities who are participating in programs and projects funded under Part B of the Act receive FAPE, and that those children and their parents are provided all the rights and procedural safeguards described in this part; and
(b) The agency meets the other conditions of this subpart that apply to LEAs.

§ 300.229 Disciplinary information.
(a) The State may require that a public agency include in the records of a child with a disability a statement of any current or previous disciplinary action that has been taken against the child and transmit the statement to the same extent that the disciplinary information is included in, and transmitted with, the student records of nondisabled children.
(b) The statement may include a description of any behavior engaged in by the child that required disciplinary action, a description of the disciplinary action taken, and any other information that is relevant to the safety of the child and other individuals involved with the child.
(c) If the State adopts such a policy, and the child transfers from one school to another, the transmission of any of the child’s records must include both the child’s current IEP and any statement of current or previous disciplinary action that has been taken against the child.

§ 300.230 SEA flexibility.
(a) Adjustment to State fiscal effort in certain fiscal years. (1) "Disciplinary action" means a suspension, expulsion, placement in an alternative education program, or other limitation in enrollment eligibility of a student by a district or school.
(2) "District or school" includes an independent school district, a home-rule school district, a campus or campus program charter holder, or an open-enrollment charter school.
(b) If a district or school takes disciplinary action against a student and the student subsequently enrolls in another district or school before the expiration of the period of disciplinary action, the governing body of the district or school taking the disciplinary action shall provide to the district or school in which the student enrolls, at the same time other records of the student are provided, a copy of the order of disciplinary action.
(c) Subject to Section 37.007(e), the district or school in which the student enrolls may continue the disciplinary action under the terms of the order or may allow the student to attend regular classes without completing the period of disciplinary action.

§ 37.017. Destruction of Certain Records.
Information received by a school district under Article 15.27, Code of Criminal Procedure, may not be attached to the permanent academic file of the student who is the subject of the report. The school district shall destroy the information at the end of the school year in which the report was filed.

(b) Prohibition. Notwithstanding paragraph (a) of this section, if the Secretary determines that an SEA is unable to establish, maintain, or oversee programs of FAPE that meet the requirements of this part, or that the State needs assistance, intervention, or substantial intervention under § 300.603, the Secretary prohibits the SEA from exercising the authority in paragraph (a) of this section.

(c) Education activities. If an SEA exercises the authority under paragraph (a) of this section, the agency must use funds from State sources, in an amount equal to the amount of the reduction under paragraph (a) of this section, to support activities authorized under the ESEA, or to support need-based student or teacher higher education programs.

(d) Report. For each fiscal year for which an SEA exercises the authority under paragraph (a) of this section, the SEA must report to the Secretary—
   (1) The amount of expenditures reduced pursuant to that paragraph; and
   (2) The activities that were funded pursuant to paragraph (c) of this section.

(e) Limitation.
   (1) Notwithstanding paragraph (a) of this section, an SEA may not reduce the level of expenditures described in paragraph (a) of this section if any LEA in the State would, as a result of such reduction, receive less than 100 percent of the amount necessary to ensure that all children with disabilities served by the LEA receive FAPE from the combination of Federal funds received under Part B of the Act and State funds received from the SEA.

   (2) If an SEA exercises the authority under paragraph (a) of this section, LEAs in the State may not reduce local effort under § 300.205 by more than the reduction in the State funds they receive.

Parental Consent

§ 300.300 Parental consent.

(a) *Parental consent for initial evaluation*

(1) (i) The public agency proposing to conduct an initial evaluation to determine if a child qualifies as a child with a disability under § 300.8 must, after providing notice consistent with §§ 300.503 and 300.504, obtain informed consent, consistent with § 300.9, from the parent of the child before conducting the evaluation.

(ii) Parental consent for initial evaluation must not be construed as consent for initial provision of special education and related services.

(iii) The public agency must make reasonable efforts to obtain the informed consent from the parent for an initial evaluation to determine whether the child is a child with a disability.

(2) For initial evaluations only, if the child is a ward of the State and is not residing with the child’s parent, the public agency is not required to obtain informed consent from the parent for an initial evaluation to determine whether the child is a child with a disability if —

(i) Despite reasonable efforts to do so, the public agency cannot discover the whereabouts of the parent of the child;

(ii) The rights of the parents of the child have been terminated in accordance with State law; or

(iii) The rights of the parent to make educational decisions have been subrogated by a judge in accordance with State law and consent for an initial evaluation has been given by an individual appointed by the judge to represent the child.

(3) (i) If the parent of a child enrolled in public school or seeking to be enrolled in public school does not provide consent for initial evaluation under paragraph (a)(1) of this section, or the parent fails to respond to a request to provide consent, the public agency may, but is not required to, pursue the initial evaluation of the child by utilizing the procedural safeguards in subpart E of this part (including the mediation procedures under § 300.506 or the due process procedures under §§ 300.507 through 300.516), if appropriate, except to the extent inconsistent with State law relating to such parental consent.

(ii) The public agency does not violate its obligation under § 300.111 and §§ 300.301 through 300.311 if it declines to pursue the evaluation.
(b) Parental consent for services

(1) A public agency that is responsible for making FAPE available to a child with a disability must obtain informed consent from the parent of the child before the initial provision of special education and related services to the child.

(2) The public agency must make reasonable efforts to obtain informed consent from the parent for the initial provision of special education and related services to the child.

(3) If the parent of a child fails to respond to a request for, or refuses to consent to, the initial provision of special education and related services, the public agency—
   (i) May not use the procedures in subpart E of this part (including the mediation procedures under §300.506 or the due process procedures under §§300.507 through 300.516) in order to obtain agreement or a ruling that the services may be provided to the child;
   (ii) Will not be considered to be in violation of the requirement to make FAPE available to the child because of the failure to provide the child with the special education and related services for which the parent refuses to or fails to provide consent; and
   (iii) Is not required to convene an IEP Team meeting or develop an IEP under §§300.320 and 300.324 for the child.

(4) If, at any time subsequent to the initial provision of special education and related services, the parent of a child revokes consent in writing for the continued provision of special education and related services, the public agency—
   (i) May not continue to provide special education and related services to the child, but must provide prior written notice in accordance with §300.503 before ceasing the provision of special education and related services;
   (ii) May not use the procedures in subpart E of this part (including the mediation procedures under §300.506 or the due process procedures under §§300.507 through 300.516) in order to obtain agreement or a ruling that the services may be provided to the child;
   (iii) Will not be considered to be in violation of the requirement to make FAPE available to the child because of the failure to provide the child with further special education and related services; and
   (iv) Is not required to convene an IEP Team meeting or develop an IEP under §§300.320 and 300.324 for the child for further provision of special education and related services.
### (c) Parental consent for reevaluations

1. Subject to paragraph (c)(2) of this section, each public agency —
   1. Must obtain informed parental consent, in accordance with § 300.300(a)(1), prior to conducting any reevaluation of a child with a disability.
   2. If the parent refuses to consent to the reevaluation, the public agency may, but is not required to, pursue the reevaluation by using the consent override procedures described in paragraph (a)(3) of this section.
   3. The public agency does not violate its obligation under § 300.111 and §§ 300.301 through 300.311 if it declines to pursue the evaluation or reevaluation.

2. The informed parental consent described in paragraph (c)(1) of this section need not be obtained if the public agency can demonstrate that —
   1. It made reasonable efforts to obtain such consent; and
   2. The child’s parent has failed to respond.

### (d) Other consent requirements

1. Parental consent is not required before —
   1. Reviewing existing data as part of an evaluation or a reevaluation; or
   2. Administering a test or other evaluation that is administered to all children unless, before administration of that test or evaluation, consent is required of parents of all children.

2. In addition to the parental consent requirements described in paragraphs (a), (b), and (c) of this section, a State may require parental consent for other services and activities under this part if it ensures that each public agency in the State establishes and implements effective procedures to ensure that a parent’s refusal to consent does not result in a failure to provide the child with FAPE.

3. A public agency may not use a parent’s refusal to consent to one service or activity under paragraphs (a), (b), (c), or (d)(2) of this section to deny the parent or child any other service, benefit, or activity of the public agency, except as required by this part.

4. (i) If a parent of a child who is home schooled or placed in a private school by the parents at their own expense does not provide consent for the initial evaluation or the reevaluation, or the parent fails to respond to a request to provide consent, the public agency may not use the consent override procedures (described in paragraphs (a)(3) and (c)(1) of this section); and
(ii) The public agency is not required to consider the child as eligible for services under §§ 300.132 through 300.144.

(5) To meet the reasonable efforts requirement in paragraphs (a)(1)(iii), (a)(2)(i), (b)(2), and (c)(2)(i) of this section, the public agency must document its attempts to obtain parental consent using the procedures in § 300.322(d).

(Evaluation Rules)

§ 300.301 Initial evaluations.

(a) General. Each public agency must conduct a full and individual initial evaluation, in accordance with §§ 300.305 and 300.306, before the initial provision of special education and related services to a child with a disability under this part.

(b) Request for initial evaluation. Consistent with the consent requirements in § 300.300, either a parent of a child or a public agency may initiate a request for an initial evaluation to determine if the child is a child with a disability.

(c) Procedures for initial evaluation. The initial evaluation—

(1) (i) Must be conducted within 60 days of receiving parental consent for the evaluation; or
(ii) If the State establishes a timeframe within which the evaluation must be conducted, within that timeframe; and

(2) Must consist of procedures—

(i) To determine if the child is a child with a disability under § 300.8; and

(ii) To determine the educational needs of the child.

(d) Exception. The timeframe described in paragraph (c)(1) of this section does not apply to a public agency if—

(1) The parent of a child repeatedly fails or refuses to produce the child for the evaluation; or

(2) A child enrolls in a school of another public agency after the relevant timeframe in paragraph (c)(1) of this section has begun, and prior to a determination by the child’s previous public agency as to whether the child is a child with a disability under § 300.8.

(e) The exception in paragraph (d)(2) of this section applies only if the subsequent public agency is making sufficient progress to ensure a prompt completion of the evaluation, and the parent and subsequent public agency agree to a specific time when the evaluation will be completed.

§ 300.303 Reevaluations.

(a) General. A public agency must ensure that a reevaluation of each child with a disability is conducted in accordance with §§ 300.304 through 300.311—
   (1) If the public agency determines that the educational or related services needs, including improved academic achievement and functional performance, of the child warrant a reevaluation; or
   (2) If the child’s parent or teacher requests a reevaluation.

(b) Limitation. A reevaluation conducted under paragraph (a) of this section—
   (1) May occur not more than once a year, unless the parent and the public agency agree otherwise; and

(4) The child is assessed in all areas related to the suspected disability, including, if appropriate, health, vision, hearing, social and emotional status, general intelligence, academic performance, communicative status, and motor abilities;

(5) Assessments of children with disabilities who transfer from one public agency to another public agency in the same school year are coordinated with those children’s prior and subsequent schools, as necessary and as expeditiously as possible, consistent with § 300.301(d)(2) and (e), to ensure prompt completion of full evaluations.

(6) In evaluating each child with a disability under §§ 300.304 through 300.306, the evaluation is sufficiently comprehensive to identify all of the child’s special education and related services needs, whether or not commonly linked to the disability category in which the child has been classified.

(7) Assessment tools and strategies that provide relevant information that directly assists persons in determining the educational needs of the child are provided.

meeting the criteria stated in 34 CFR, §300.8(c)(7), a student with multiple disabilities is one who has a combination of disabilities defined in this section and who meets all of the following conditions:

(II) self-care skills;

(III) communication;

(IV) social and emotional development; or

(V) cognition.

(B) Students who have more than one of the disabilities defined in this section but who do not meet the criteria in subparagraph (A) of this paragraph shall not be classified or reported as having multiple disabilities.

(7) Orthopedic impairment. A student with an orthopedic impairment is one who has been determined to meet the criteria for orthopedic impairment as stated in 34 CFR, §300.8(c)(8). The multidisciplinary team that collects or reviews evaluation data in connection with the determination of a student's eligibility based on an orthopedic impairment must include a licensed physician.

(8) Other health impairment. A student with other health impairment is one who has been determined to meet the criteria for other health impairment due to chronic or acute health problems such as asthma, attention deficit disorder or attention deficit hyperactivity disorder, diabetes, epilepsy, a heart condition, hemophilia, lead poisoning, leukemia, nephritis, rheumatic fever, sickle cell anemia, and Tourette's Disorder as stated in 34 CFR, §300.8(c)(9). The multidisciplinary team that collects or reviews evaluation data in connection with the determination of a student's eligibility based on other health impairment must include a licensed physician.

(9) Learning disability.

(A) Prior to and as part of the evaluation described in subparagraph (B) of this paragraph and 34 CFR, §§300.307-300.311, and in order to ensure that underachievement in a child suspected of having a specific learning disability is not due to lack of appropriate instruction in reading or mathematics, the following must be considered:

(i) data that demonstrates the child was provided appropriate instruction in reading (as described in 20 USC, §6368(3)), and/or mathematics within general education.
settings delivered by qualified personnel; and

(ii) data-based documentation of repeated assessments of achievement at reasonable intervals, reflecting formal evaluation of student progress during instruction. Data-based documentation of repeated assessments may include, but is not limited to, response to intervention progress monitoring results, in-class tests on grade-level curriculum, or other regularly administered assessments. Intervals are considered reasonable if consistent with the assessment requirements of a student's specific instructional program.

(B) A student with a learning disability is one who:

(i) has been determined through a variety of assessment tools and strategies to meet the criteria for a specific learning disability as stated in 34 CFR, §300.8(c)(10), in accordance with the provisions in 34 CFR, §§300.307-300.311; and

(ii) does not achieve adequately for the child's age or meet state-approved grade-level standards in oral expression, listening comprehension, written expression, basic reading skill, reading fluency skills, reading comprehension, mathematics calculation, or mathematics problem solving when provided appropriate instruction, as indicated by performance on multiple measures such as in-class tests; grade average over time (e.g., six weeks, semester); norm- or criterion-referenced tests; statewide assessments; or a process based on the child's response to scientific, research-based intervention; and

(I) does not make sufficient progress when provided a process based on the child's response to scientific, research-based intervention (as defined in 20 USC, §7801(37)), as indicated by the child's performance relative to the performance of the child's peers on repeated, curriculum-based assessments of achievement at reasonable intervals, reflecting student progress during classroom instruction; or

(II) exhibits a pattern of strengths and weaknesses in performance, achievement, or both relative to age, grade-level standards, or intellectual ability, as indicated by significant variance among specific areas of cognitive function, such as working
memory and verbal comprehension, or between specific areas of cognitive function and academic achievement.

(10) Speech impairment. A student with a speech impairment is one who has been determined to meet the criteria for speech or language impairment as stated in 34 CFR, §300.8(c)(11). The multidisciplinary team that collects or reviews evaluation data in connection with the determination of a student’s eligibility based on a traumatic brain injury must include a licensed physician, in addition to the licensed or certified practitioners specified in subsection (b)(1) of this section.

(12) Visual impairment. 
   (A) A student with a visual impairment is one who has been determined to meet the criteria for visual impairment as stated in 34 CFR, §300.8(c)(13). The visual loss should be stated in exact measures of visual field and corrected visual acuity at a distance and at close range in each eye in a report by a licensed ophthalmologist or optometrist. The report should also include prognosis whenever possible. If exact measures cannot be obtained, the eye specialist must so state and provide best estimates. In meeting the criteria stated in 34 CFR, §300.8(c)(13), a student with a visual impairment is one who:
      (i) has been determined by a licensed ophthalmologist or optometrist:
          (I) to have no vision or to have a serious visual loss after correction; or
          (II) to have a progressive medical condition that will result in no vision or a serious visual loss after correction.
      (ii) has been determined by the following evaluations to have a need for special services:

   - Whether the child is a child with a disability, as defined in § 300.8, and the educational needs of the child; or
   - In case of a reevaluation of a child, whether the child continues to have such a disability, and the educational needs of the child;
   - The present levels of academic achievement and related developmental needs of the child;

   - a learning media assessment by a professional certified in the education of students with visual impairments. The learning media assessment must include recommendations concerning which specific visual, tactual, and/or auditory learning media are appropriate for the student and whether or not there is a need for ongoing evaluation in this area.

(B) **A student with a visual impairment is functionally blind if, based on the preceding evaluations, the student will use tactual media (which includes Braille) as a primary tool for learning to be able to communicate in both reading and writing at the same level of proficiency as other students of comparable ability.**

      (ii) Lack of appropriate instruction in math; or
      (iii) Limited English proficiency; and
   (2) If the child does not otherwise meet the eligibility criteria under §300.8(a).
(c) Procedures for determining eligibility and educational need.
   (1) In interpreting evaluation data for the purpose of determining if a child is a child with a disability under § 300.8, and the educational needs of the child, each public agency must—
      (i) Draw upon information from a variety of sources, including aptitude and achievement tests, parent input, and teacher recommendations, as well as information about the child’s physical condition, social or cultural background, and adaptive behavior; and
      (ii) Ensure that information obtained from all of these sources is documented and carefully considered.
   (2) If a determination is made that a child has a disability and needs special education and related services, an IEP must be developed for the child in accordance with §§ 300.320 through 300.324.

22 TAC § 465.38. Psychological Services in the Schools. [Excerpt]
This rule acknowledges the unique difference in the delivery of school psychological services in the public schools from psychological services in the private sector. The Board recognizes the purview of the State Board of Education and the Texas Education Agency in safeguarding the rights of public school children in Texas. The mandated multidisciplinary team decision making, hierarchy of supervision, regulatory provisions, and past traditions of school psychological service delivery both nationally and in Texas, among other factors, allow for rules of practice in the public schools which reflect these occupational distinctions from the private practice of psychology.

(1) Definition.
   (C) The assessment of emotional or behavioral disturbance, for educational purposes, using psychological techniques and procedures is considered the practice of psychology.

§ 501.503. Criminal Penalty.

§ 300.323 When IEPs must be in effect.

(a) General. At the beginning of each school year, each public agency must have in effect, for each child with a disability within its jurisdiction, an IEP, as defined in § 300.320.

(b) IEP or IFSP for children aged three through five.

(1) In the case of a child with a disability aged three through five (or, at the discretion of the SEA, a two-year-old child with a disability who will turn age three during the school year), the IEP Team must consider an IFSP that contains the IFSP content (including the natural environments statement) described in section 636(d) of the Act and its implementing regulations (including an educational component that promotes school readiness and incorporates pre-literacy, language, and numeracy skills for children with IFSPs under this section who are at least three years of age), and that is developed in accordance with the IEP procedures under this part. The IFSP may serve as the IEP of the child, if using the IFSP as the IEP is—

(i) Consistent with State policy; and

(ii) Agreed to by the agency and the child’s parents.

(2) In implementing the requirements of paragraph (b)(1) of this section, the public agency must—

(i) Provide to the child’s parents a detailed explanation of the differences between an IFSP and an IEP; and

(ii) If the parents choose an IFSP, obtain written informed consent from the parents.

(c) Initial IEPs; provision of services. Each public agency must ensure that—

(1) A meeting to develop an IEP for a child is conducted within 30 days of a determination that the child needs
special education and related services; and

(2) As soon as possible following development of the IEP, special education and related services are made available to the child in accordance with the child's IEP.

(d) Accessibility of child's IEP to teachers and others. Each public agency must ensure that—

(1) The child's IEP is accessible to each regular education teacher, special education teacher, related services provider, and any other service provider who is responsible for its implementation; and

(2) Each teacher and provider described in paragraph (d)(1) of this section is informed of—

(i) His or her specific responsibilities related to implementing the child's IEP; and

(ii) The specific accommodations, modifications, and supports that must be provided for the child in accordance with the IEP.

(e) IEPs for children who transfer public agencies in the same State. If a child with a disability (who had an IEP that was in effect in a previous public agency in the same State) transfers to a new public agency in the same State, and enrolls in a new school within the same school year, the new public agency (in consultation with the parents) must provide FAPE to the child (including services comparable to those described in the child's IEP from the previous public agency), until the new public agency either—

(1) Adopts the child's IEP from the previous public agency; or

(2) Develops, adopts, and implements a new IEP that meets the applicable requirements in §§ 300.320 through 300.324.

§ 89.1050. The Admission, Review, and Dismissal (ARD) Committee. [Excerpt]

(f) A school district shall comply with the following for a student who is newly enrolled in a school district.

(1) If the student was in the process of being evaluated for special education eligibility in the student's previous school district, the student's current school district shall coordinate with the student's previous school district as necessary and as expeditiously as possible to ensure a prompt completion of the evaluation in accordance with 34 CFR, §300.301(d)(2) and (e) and §300.304(c)(5). The evaluation shall be completed not later than the 60th calendar day following the date on which the current school district receives written consent as required by the TEC, §29.004.

(2) When a student transfers within the state and the parents verify that the student was receiving special education services in the previous school district or the previous school district verifies in writing or by telephone that the student was receiving special education services, the school district must meet the requirements of 34 CFR, §300.323(a) and (e), regarding the provision of special education services. The timeline for completing the requirements outlined in 34 CFR, §300.323(a)(1) or (2), shall be 30 school days from the date the student is verified as being a student eligible for special education services.

Section 1400 et seq.). The written statement of a student's individualized education program may be required to include only information included in the model form developed under Section 29.0051(a).

If a child with a disability (who had an IEP that was in effect in a previous public agency in another State) transfers to a public agency in a new State, and enrolls in a new school within the same school year, the new public agency (in consultation with the parents) must provide the child with FAPE (including services comparable to those described in the child’s IEP from the previous public agency), until the new public agency—

1. Conducts an evaluation pursuant to §§ 300.304 through 300.306 (if determined to be necessary by the new public agency); and
2. Develops, adopts, and implements a new IEP, if appropriate, that meets the applicable requirements in §§ 300.320 through 300.324.

The information in the notice is confidential and may be released only to a law enforcement agency.

(c) If the information required by Subsection (a) is not furnished to the district within the period provided by that subsection, the district shall notify the police department of the municipality or sheriff's department of the county in which the district is located and request a determination of whether the child has been reported as missing.

(d) When accepting a child for enrollment, the school district shall inform the parent or other person enrolling the child that presenting a false document or false records under this section is an offense under Section 37.10, Penal Code, and that enrollment of the child under false documents subjects the person to liability for tuition or costs under Section 25.001(h).

(e) A person commits an offense if the person enrolls a child in a public school and fails to furnish an identifying document or record relating to the child on the request of a law enforcement agency conducting an investigation in response to a notification under Subsection (c). An offense under this subsection is a Class B misdemeanor.

(f) Except as otherwise provided by this subsection, for a child to be enrolled in a public school, the child must be enrolled by the child's parent or by the child’s guardian or other person with legal control of the child under a court order. A school district shall record the name, address, and date of birth of the person enrolling a child.

(iii) The results of the initial or most recent evaluation of the child; and
(iv) The academic, developmental, and functional needs of the child.

(2) Consideration of special factors. The IEP Team must—
(i) In the case of a child whose behavior impedes the child's learning or that of others, consider the use of positive behavioral interventions and supports, and other strategies, to address that behavior;

(ii) In the case of a child with limited English proficiency, consider the language needs of the child as those needs relate to the child’s IEP.

(b) For school districts providing special education services to students with visual impairments, there shall be written procedures as required in the Texas Education Code (TEC), §30.002(c)(10).

(c) Each school district shall have procedures to ensure that each involved in a student's instruction has the opportunity to provide input and request assistance regarding the implementation of the student's IEP. These procedures must include a method for a student's regular or special education teachers to submit requests for further consideration of the student's IEP or its implementation. In response to this request, the district's procedures shall include a method for the district to determine whether further consideration is necessary and whether this consideration will be informal or will require an ARD committee meeting. If the district determines that an ARD committee meeting is necessary, the student's current regular and special education teachers shall have an opportunity to provide input. The school district shall also ensure that each teacher who provides instruction to a student with disabilities receives relevant sections of the student's current IEP and that each teacher be informed of specific responsibilities related to implementing the IEP, such as goals and benchmarks, and of needed accommodations, modifications, and supports for the child.

(d) Students with disabilities shall have available an instructional day commensurate with that of students without disabilities. The ARD committee shall determine the appropriate instructional setting and length of day for each student, and these shall be specified in the student's IEP.

(e) School districts that jointly operate their special education programs as a shared services arrangement, in accordance with TEC, §29.007, shall do so in accordance with procedures developed by the Texas Education Agency (TEA).

(f) School districts that contract for services from non-public day schools shall do so in accordance with 34 Code of Federal Regulations, §300.147, and procedures developed by the TEA.

(a) The provisions of this subchapter apply to limited English proficient (LEP) students who receive special education services except as otherwise specified in this section.
(b) The admission, review, and dismissal (ARD) committee in conjunction with the language proficiency assessment committee (LPAC) shall make decisions regarding the

(f) For entry into a bilingual education or English as a second language program, a student shall be identified as limited English proficient using the following criteria.

1. At prekindergarten through Grade 1, the score on the English oral language proficiency test is below the level designated for indicating limited English proficiency under subsection (d) of this section.

2. At Grades 2-12:
   - (A) the student's score on the English oral language proficiency test is below the level designated for indicating limited English proficiency under subsection (d) of this section;
   - (B) the student's score on the reading and language arts sections of the TEA-approved norm-referenced measure at his or her grade level is below the 40th percentile; or
   - (C) the student's ability in English is so limited that the administration, at his or her grade level, of the reading and language arts sections of a TEA-approved norm-referenced assessment instrument or other test approved by TEA is not valid.

3. In the absence of data required in paragraph (2)(B) of this subsection, evidence that the student is not academically successful as defined in subsection (j) of this section is required.

§ 89.1225. Testing and Classification of Students. [Excerpt]

(h) For exit from a bilingual education or English as a second language program, a student may be classified as English proficient at the end of the school year in which a student would be able to participate equally in a regular, all-English, instructional program. This determination shall be based upon all of the following:

1. TEA-approved tests that measure the extent to which the student has developed oral and written language proficiency and specific language skills in English;

2. Satisfactory performance on the reading assessment instrument under the Texas Education Code, §39.023(a), or a TEA-approved English language arts assessment instrument administered in English, or a score at or above the 40th percentile on both the English reading and the English language arts sections of a TEA-approved norm-referenced assessment instrument for a student who is enrolled in Grade 1 or 2; and

(9) provide for adequate monitoring and precise evaluation of special education services provided to children with visual impairments through school districts; and
(10) require that school districts providing special education services to children with visual impairments develop procedures for assuring that staff assigned to work with the children have prompt and effective access directly to resources available through:
   (A) cooperating agencies in the area;
   (B) the Texas School for the Blind and Visually Impaired;
   (C) the Central Media Depository for specialized instructional materials and aids made specifically for use by students with visual impairments;
   (D) sheltered workshops participating in the state program of purchases of blind-made goods and services; and

(d) In developing, administering, and coordinating the statewide plan, the agency shall encourage the use of all pertinent resources, whether those resources exist in special education programs or in closely related programs operated by other public or private agencies, through encouraging the development of shared services arrangement working relationships and by assisting in the development of contractual arrangements between school districts and other organizations. The agency shall discourage interagency competition, overlap, and duplication in the development of specialized resources.
and the delivery of services.

(e) Each eligible blind or visually impaired student is entitled to receive educational programs according to an individualized education program that:

1. is developed in accordance with federal and state requirements for providing special education services;
2. is developed by a committee composed as required by federal law;
3. reflects that the student has been provided a detailed explanation of the various service resources available to the student in the community and throughout the state;
4. provides a detailed description of the arrangements made to provide the student with orientation and mobility training, instruction in braille or use of large print, other training to compensate for serious visual loss, access to special media and special tools, appliances, aids, or devices commonly used by individuals with serious visual impairments; and
5. sets forth the plans and arrangements made for contacts with and continuing services to the student beyond regular school hours to ensure the student learns the skills and receives the training required under Subsection (c)(4).

(f) In the development of the individualized education program for a functionally blind student, proficiency in braille reading and writing is presumed to be essential for the student's satisfactory educational progress. Each functionally blind student is entitled to braille reading and writing instruction that is sufficient to enable the student to communicate with the same level of proficiency as other students of comparable ability who are at the same grade level. Braille instruction may be used in combination with other special education services appropriate to the student's educational needs. The assessment of each functionally blind student for the purpose of developing the student's individualized education program must include documentation of the student's strengths and weaknesses in braille skills. Each person assisting in the development of a functionally blind student's individualized education program shall receive information describing the benefits of braille instruction. Each functionally blind student's individualized education program must specify the appropriate learning medium based on the assessment report and ensure that instruction in braille will be provided by a teacher certified to teach students with visual impairments. For purposes of this subsection, the agency shall determine the criteria for a student to be classified as functionally blind.

(g) To facilitate implementation of this section, the commissioner shall develop a system to distribute from
the foundation school fund to school districts or regional
education service centers a special supplemental
allowance for each student with a visual impairment and
for each student with a serious visual disability and
another medically diagnosed disability of a significantly
limiting nature who is receiving special education services
through any approved program. The supplemental
allowance may be spent only for special services
uniquely required by the nature of the student's
disabilities and may not be used in lieu of educational
funds otherwise available under this code or through
state or local appropriations.

30.087, local school districts shall have access to regional day
school programs for the deaf operated by school districts at sites
previously established by the State Board of Education (SBOE).
Any student who has a hearing impairment which severely impairs
processing linguistic information through hearing, even with
recommended amplification, and which adversely affects
educational performance shall be eligible for consideration for the
Regional Day School Program for the Deaf, subject to the
admission, review, and dismissal (ARD) committee
recommendations.

§ 29.301. Definitions.
In this subchapter:

that educational programs recognize the unique nature of
deafness and the hard-of-hearing condition and ensure
that all students who are deaf or hard of hearing have
appropriate, ongoing, and fully accessible educational

§ 29.303. Unique Communication.
Students who are deaf or hard of hearing must have an education in which their unique communication mode is respected, used, and developed to an appropriate level of proficiency.

§ 29.304. Qualifications of Personnel.
(a) A student who is deaf or hard of hearing must have an education in which teachers, psychologists, speech therapists, progress assessors, administrators, and others involved in education understand the unique nature of deafness and the hard-of-hearing condition. A teacher of students who are deaf or hard of hearing either must be proficient in appropriate language modes or use an interpreter certified in appropriate language modes if certification is available.

(b) Each school district shall employ or provide access to appropriate qualified staff with proficient communications skills, consistent with credentialing requirements, to fulfill the responsibilities of the school district, and shall make positive efforts to employ qualified individuals with disabilities.

(c) Regular and special personnel who work with students who are deaf or hard of hearing must be adequately prepared to provide educational instruction and services to those students.

If practicable and not in conflict with any admission, review, and dismissal committee recommendations, a student who is deaf or hard of hearing must have an education in the company of a sufficient number of peers using the same language mode and with whom the student can communicate directly. If practicable, the peers must be of the same or approximately the same age and ability.

§ 29.306. Familial and Advocate Involvement.
A student who is deaf or hard of hearing must have an education in which the student's parents or legal guardians and advocates for the student's parents or legal guardians are involved in determining the extent, content, and purpose of programs. Other individuals, including individuals who are deaf or hard of hearing, may be involved at the discretion of parents or legal guardians or the school district.
<p>| § 29.307. Role Models. | A student who is deaf or hard of hearing shall be given the opportunity to be exposed to deaf or hard-of-hearing role models. |
| § 29.308. Regional Programs. | Regional programs for students who are deaf or hard of hearing shall meet the unique communication needs of students who can benefit from those programs. Appropriate funding for those programs shall be consistent with federal and state law, and money appropriated to school districts for educational programs and services for students who are deaf or hard of hearing may not be allocated or used for any other program or service. |
| § 29.309. Composition of Local Special Education Advisory Committee. | If practicable, in a school district in which there are students who are deaf or hard of hearing, the local special education advisory committee required under State Board of Education rule must include persons who are deaf or hard of hearing and parents and legal guardians of students who are deaf or hard of hearing. |
| § 29.310. Procedures and Materials for Assessment and Placement. | (a) Procedures and materials for assessment and placement of students who are deaf or hard of hearing shall be selected and administered so as not to be racially, culturally, or sexually discriminatory. (4) Restraint shall not deprive the student of basic human necessities.

(d) Training on use of restraint. Training for school employees, volunteers, or independent contractors shall be provided according to the following requirements.

(1) A core team of personnel on each campus must be trained in the use of restraint, and the team must include a campus administrator or designee and any general or special education personnel likely to use restraint.

(2) Personnel called upon to use restraint in an emergency and who have not received prior training must receive training within 30 school days following the use of restraint.

(3) Training on use of restraint must include prevention and de-escalation techniques and provide alternatives to the use of restraint.

(4) All trained personnel shall receive instruction in current professionally accepted practices and standards regarding behavior management and the use of restraint.

(e) Documentation and notification on use of restraint. In a case in which restraint is used, school employees, volunteers, or independent contractors shall implement the following documentation requirements.

(1) On the day restraint is utilized, the campus administrator or designee must be notified verbally or in writing regarding the use of restraint.

(2) On the day restraint is utilized, a good faith effort shall be made to verbally notify the parent(s) regarding the use of restraint.

(3) Written notification of the use of restraint must be placed in the mail or otherwise provided to the parent within one school day of the use of restraint.

(4) Written documentation regarding the use of restraint must be placed in the student's special education eligibility folder in a timely manner so the information is available to the ARD committee when it considers the impact of the student's behavior on the student's learning and/or the creation or revision of a behavioral intervention plan (BIP).

(5) Written notification to the parent(s) and documentation to the student's special education eligibility folder shall include the following:

(A) name of the student;

(B) name of the staff member(s) administering the restraint;

(C) date of the restraint and the time the restraint began and ended;

or in a placement or facility to which the following law, rules, or regulations apply:

(1) the Children's Health Act of 2000, Pub. L. No. 106-310, any subsequent amendments to that Act, any regulations adopted under that Act, or any subsequent amendments to those regulations;

(2) 40 T.A.C. Sections 720.1001-720.1013; or

(3) 25 T.A.C. Section 412.308(e).

(d) The commissioner by rule shall adopt procedures for the use of restraint and time-out by a school district employee or volunteer or an independent contractor of a district in the case of a student with a disability receiving special education services under Subchapter A, Chapter 29. A procedure adopted under this subsection must:

(1) be consistent with:

(A) professionally accepted practices and standards of student discipline and techniques for behavior management; and

(B) relevant health and safety standards; and

(2) identify any discipline management practice or behavior management technique that requires a district employee or volunteer or an independent contractor of a district to be trained before using that practice or technique.

(e) In the case of a conflict between a rule adopted under Subsection (d) and a rule adopted under Subchapter A, Chapter 29, the rule adopted under Subsection (d) controls.

(f) For purposes of this subsection, "weapon" includes any weapon described under Section 37.007(a)(1). This section does not prevent a student's locked, unattended confinement in an emergency situation while awaiting the arrival of law enforcement personnel if:

(1) the student possesses a weapon; and

(2) the confinement is necessary to prevent the student from causing bodily harm to the student or another person.

(g) This section and any rules or procedures adopted under this section do not apply to:

(1) a peace officer performing law enforcement duties, except as provided by Subsection (f);

(2) juvenile probation, detention, or corrections personnel; or

(3) an educational services provider with whom a student is placed by a judicial authority, unless the services are provided in an educational program of a school district.

(h) This section and any rules or procedures adopted under this section apply to a peace officer only if the peace officer:
(D) location of the restraint;
(E) nature of the restraint;
(F) a description of the activity in which the student was engaged immediately preceding the use of restraint;
(G) the behavior that prompted the restraint;
(H) the efforts made to de-escalate the situation and alternatives to restraint that were attempted; and
(I) information documenting parent contact and notification.

(f) Clarification regarding restraint. The provisions adopted under this section do not apply to the use of physical force or a mechanical device which does not significantly restrict the free movement of all or a portion of the student's body. Restraint that involves significant restriction as referenced in subsection (b)(2) of this section does not include:

(1) physical contact or appropriately prescribed adaptive equipment to promote normative body positioning and/or physical functioning;

(2) limited physical contact with a student to promote safety (e.g., holding a student's hand), prevent a potentially harmful action (e.g., running into the street), teach a skill, redirect attention, provide guidance to a location, or provide comfort);

(3) limited physical contact or appropriately prescribed adaptive equipment to prevent a student from engaging in ongoing, repetitive self-injurious behaviors, with the expectation that instruction will be reflected in the individualized education program (IEP) as required by 34 CFR, §300.324(a)(2)(i) and (c) to promote student learning and reduce and/or prevent the need for ongoing intervention; or

(4) seat belts and other safety equipment used to secure students during transportation.

(g) Use of time-out. A school employee, volunteer, or independent contractor may use time-out in accordance with subsection (b)(3) of this section with the following limitations.

(1) Physical force or threat of physical force shall not be used to place a student in time-out.

(2) Time-out may only be used in conjunction with an array of positive behavior intervention strategies and techniques and must be included in the student's IEP and/or BIP if it is utilized on a recurrent basis to increase or decrease a targeted behavior.

(3) Use of time-out shall not be implemented in a fashion that precludes the ability of the student to be involved in and progress in the general curriculum and advance appropriately toward attaining the annual goals specified in the student's IEP.

(h) Training on use of time-out. Training for school employees, volunteers, or independent contractors shall be provided

(1) is employed or commissioned by a school district; or

(2) provides, as a school resource officer, a regular police presence on a school district campus under a memorandum of understanding between the district and a local law enforcement agency.

(i) A school district shall report electronically to the agency, in accordance with standards provided by commissioner rule, information relating to the use of restraint by a peace officer performing law enforcement duties on school property or during a school-sponsored or school-related activity. A report submitted under this subsection must be consistent with the requirements adopted by commissioner rule for reporting the use of restraint involving students with disabilities.
according to the following requirements.

1. General or special education personnel who implement time-out based on requirements established in a student's IEP and/or BIP must be trained in the use of time-out.

2. Newly-identified personnel called upon to implement time-out based on requirements established in a student's IEP and/or BIP must receive training in the use of time-out within 30 school days of being assigned the responsibility for implementing time-out.

3. Training on the use of time-out must be provided as part of a program which addresses a full continuum of positive behavioral intervention strategies, and must address the impact of time-out on the ability of the student to be involved in and progress in the general curriculum and advance appropriately toward attaining the annual goals specified in the student's IEP.

4. All trained personnel shall receive instruction in current professionally accepted practices and standards regarding behavior management and the use of time-out.

i. Documentation on use of time-out. Necessary documentation or data collection regarding the use of time-out, if any, must be addressed in the IEP or BIP. The admission, review, and dismissal (ARD) committee must use any collected data to judge the effectiveness of the intervention and provide a basis for making determinations regarding its continued use.

j. Student safety. Any behavior management technique and/or discipline management practice must be implemented in such a way as to protect the health and safety of the student and others. No discipline management practice may be calculated to inflict injury, cause harm, demean, or deprive the student of basic human necessities.

k. Data reporting. With the exception of actions covered by subsection (l) of this section, data regarding the use of restraint must be electronically reported to the Texas Education Agency in accordance with reporting standards specified by the agency.

l. The provisions adopted under this section do not apply to:
   1. a peace officer while performing law enforcement duties;
   2. juvenile probation, detention, or corrections personnel; or
   3. an educational services provider with whom a student is placed by a judicial authority, unless the services are provided in an educational program of a school district.

(4) Agreement. 
(i) In making changes to a child’s IEP after the annual IEP Team meeting for a school year, the parent of a child with a disability and the public agency may agree not to convene an IEP Team meeting for the purposes of making those changes, and instead may develop a written document to amend or modify the child’s current IEP. 
(ii) If changes are made to the child’s IEP in accordance with paragraph (a)(4)(i) of this section, the public agency must ensure that the child’s IEP Team is informed of those changes.

(5) Consolidation of IEP Team meetings. To the extent possible, the public agency must encourage the consolidation of reevaluation meetings for the child and other IEP Team meetings for the child.

(6) Amendments. Changes to the IEP may be made either by the entire IEP Team at an IEP Team meeting, or as provided in paragraph (a)(4) of this section, by amending the IEP rather than by redrafting the entire IEP. Upon request, a parent must be provided with a revised copy of the IEP with the amendments incorporated.

(b) Review and revision of IEPs—

(1) General. Each public agency must ensure that, subject to paragraphs (b)(2) and (b)(3) of this section, the IEP Team—

(i) Reviews the child’s IEP periodically, but not less than annually, to determine whether the annual goals for the child are being achieved; and 
(ii) Revises the IEP, as appropriate, to address—

(A) Any lack of expected progress toward the annual goals described in §300.320(a)(2), and in the general education curriculum, if appropriate; 
(B) The results of any reevaluation conducted under §300.303; 
(C) Information about the child provided to, or by, the parents, as described under §300.305(a)(2); 
(D) The child’s anticipated needs; or 
(E) Other matters.

(2) Consideration of special factors. In conducting a review of the child’s IEP, the IEP Team must consider the special factors described in paragraph (a)(2) of this section.

(3) Requirement with respect to regular education teacher. A regular education teacher of the child, as a member of the IEP Team, must, consistent with paragraph (a)(3) of this section, participate in the review and revision of

student with a disability shall comply with the requirements of 34 Code of Federal Regulations (CFR), §300.320 and §300.324.

(b) The IEP must include a statement of any individual appropriate and allowable accommodations in the administration of assessment instruments developed in accordance with Texas Education Code (TEC), §39.023(a)-(c), or district-wide assessments of student achievement (if the district administers such optional assessments) that are necessary to measure the academic achievement and functional performance of the child on the assessments. If the ARD committee determines that the student will not participate in a general state-wide assessment or district-wide assessment of student achievement (or part of an assessment), the IEP must include a statement of:

(1) why the child cannot participate in the regular assessment; and

(2) why the particular alternate assessment selected is appropriate for the child.

(c) If the ARD committee determines that the student is in need of extended school year (ESY) services, as described in §89.1065 of this title (relating to Extended School Year Services (ESY Services)), then the IEP must also include goals and objectives for ESY services from the student’s current IEP.

(d) For students with visual impairments, from birth through 21 years of age, the IEP or individualized family services plan (IFSP) shall also meet the requirements of TEC, §300.002(e).

(e) For students eligible under §89.1040(c)(1) of this title (relating to Eligibility Criteria), the strategies described in paragraphs (1)-(11) of this subsection shall be considered, based on peer-reviewed, research-based educational programming practices to the extent practicable and, when needed, addressed in the IEP:

(1) extended educational programming (for example: extended day and/or extended school year services that consider the duration of programs/settings based on assessment of behavior, social skills, communication, academics, and self-help skills);

(2) daily schedules reflecting minimal unstructured time and active engagement in learning activities (for example: lunch, snack, and recess periods that provide flexibility within routines; adapt to individual skill levels; and assist with schedule changes, such as changes involving substitute teachers and pep rallies); 

(3) in-home and community-based training or viable alternatives that assist the student with acquisition of social/behavioral skills (for example: strategies that facilitate maintenance and generalization of such skills from home to school, school to home, home to community, and school to community); 

(4) positive behavior support strategies based on relevant

(1) conducted in accordance with standards developed by the district; and

(2) designed to improve education in the district.

(a-1) Section 21.3541 and rules adopted under that section govern the professional development provided to a principal.

(b) The staff development described by Subsection (a) must be predominantly campus-based, related to achieving campus performance objectives established under Section 11.253, and developed and approved by the campus-level committee established under Section 11.251.

(c) For staff development under Subsection (a), a school district may use district-wide staff development developed and approved through the district-level decision process under Section 11.251.

(d) The staff development:

(1) may include training in:

(A) technology; 
(B) conflict resolution; and 
(C) discipline strategies, including classroom management, district discipline policies, and the student code of conduct adopted under Section 37.001 and Chapter 37; and 

(D) preventing, identifying, responding to, and reporting incidents of bullying; and

(2) subject to Subsection (e) and to Section 21.3541 and rules adopted under that section, must include training based on scientifically based research, as defined by Section 9101, No Child Left Behind Act of 2001 (20 U.S.C. Section 7801), that:

(A) relates to instruction of students with disabilities; and 

(B) is designed for educators who work primarily outside the area of special education.

(e) A school district is required to provide the training described by Subsection (d)(2) to an educator who works primarily outside the area of special education only if the educator does not possess the knowledge and skills necessary to implement the individualized education program developed for a student receiving instruction from the educator. A district may determine the time and place at which the training is delivered.

(f) In developing or maintaining the training required by Subsection (d)(2), a school district must consult with persons with expertise in research-based practices for students with disabilities. Persons who may be consulted under this subsection include colleges, universities, private and nonprofit organizations, regional education service centers, qualified district personnel,

§ 89.1065. Extended School Year Services (ESY Services).

Extended school year (ESY) services are defined as individualized instructional programs beyond the regular school year for eligible students with disabilities.

1. The need for ESY services must be determined on an individual student basis by the admission, review, and dismissal (ARD) committee in accordance with 34 Code of Federal Regulations (CFR), §300.106, and the provisions of this section. In determining the need for and in providing ESY services, a school district may not:
(A) limit ESY services to particular categories of disability; or
(B) unilaterally limit the type, amount, or duration of ESY
(2) The need for ESY services must be documented from formal and/or informal evaluations provided by the district or the parents. The documentation shall demonstrate that in one or more critical areas addressed in the current individualized education program (IEP) objectives, the student has exhibited, or reasonably may be expected to exhibit, severe or substantial regression that cannot be recouped within a reasonable period of time. Severe or substantial regression means that the student has been, or will be, unable to maintain one or more acquired critical skills in the absence of ESY services.

(3) The reasonable period of time for recoupment of acquired critical skills shall be determined on the basis of needs identified in each student's IEP. If the loss of acquired critical skills would be particularly severe or substantial, or if such loss results, or reasonably may be expected to result, in immediate physical harm to the student or to others, ESY services may be justified without consideration of the period of time for recoupment of such skills. In any case, the period of time for recoupment shall not exceed eight weeks.

(4) A skill is critical when the loss of that skill results, or is reasonably expected to result, in any of the following occurrences during the first eight weeks of the next regular school year:
   (A) placement in a more restrictive instructional arrangement;
   (B) significant loss of acquired skills necessary for the student to appropriately progress in the general curriculum;
   (C) significant loss of self-sufficiency in self-help skill areas as evidenced by an increase in the number of direct service staff and/or amount of time required to provide special education or related services;
   (D) loss of access to community-based independent living skills instruction or an independent living environment provided by noneducational sources as a result of regression in skills; or
   (E) loss of access to on-the-job training or productive employment as a result of regression in skills.

(5) If the district does not propose ESY services for discussion at the annual review of a student's IEP, the parent may request that the ARD committee discuss ESY services pursuant to 34 CFR, §300.321.

(6) If a student for whom ESY services were considered and rejected loses critical skills because of the decision not to provide ESY services, and if those skills are not regained after the reasonable period of time for recoupment, the ARD committee shall reconsider the current IEP if the student's loss of critical skills interferes with the implementation of the student's IEP.

(7) For students enrolling in a district during the school year,
### Federal Regulations

- Information obtained from the prior school district as well as information collected during the current year may be used to determine the need for ESY services.
- The provision of ESY services is limited to the educational needs of the student and shall not supplant or limit the responsibility of other public agencies to continue to provide care and treatment services pursuant to policy or practice, even when those services are similar to, or the same as, the services addressed in the student's IEP. No student shall be denied ESY services because the student receives care and treatment services under the auspices of other agencies.
- Districts are not eligible for reimbursement for ESY services provided to students for reasons other than those set forth in this section.

(a) Graduation with a regular high school diploma under subsection (b) (1), (2), or (4) of this section terminates a student's eligibility for special education services under this subchapter and Part B of the Individuals with Disabilities Education Act (IDEA), 20 United States Code, §§1400 et seq. In addition, as provided in Texas Education Code (TEC), §42.003(a), graduation with a regular high school diploma under subsection (b) (1), (2), or (4) of this section terminates a student's entitlement to the benefits of the Foundation School Program.

(b) A student receiving special education services may graduate and be awarded a regular high school diploma if the student meets one of the following conditions.

1. The student has satisfactorily completed the state's or district's (whichever is greater) required standards in Chapters 110-128 and Chapter 130 of this title and credit requirements for graduation (under the recommended or distinguished achievement high school programs in Chapter 74 of this title (relating to Curriculum Requirements)) applicable to students in general education, including satisfactory performance as established in the TEC, Chapter 39, on the required state assessments.

2. The student has satisfactorily completed the state's or district's (whichever is greater) required standards in Chapters 110-128 and Chapter 130 of this title and credit requirements for graduation (under the minimum high school program in Chapter 74 of this title) applicable to students in general education, including participation in required state assessments. The student's admission, review, and dismissal (ARD) committee will determine whether satisfactory performance on the required state assessments is necessary for graduation.

3. The student has satisfactorily completed the state's or district's (whichever is greater) required standards in

(a) A principal shall designate a guidance counselor, teacher, or other appropriate individual to develop and administer a personal graduation plan for each student enrolled in a junior high, middle, or high school who:

1. does not perform satisfactorily on an assessment instrument administered under Subchapter B, Chapter 39; or

2. is not likely to receive a high school diploma before the fifth school year following the student's enrollment in grade level nine, as determined by the district.

(b) A personal graduation plan must:

3. include an intensive instruction program described by Section 28.0213;

4. address participation of the student's parent or guardian, including consideration of the parent's or guardian's educational expectations for the student; and

5. provide innovative methods to promote the student's advancement, including flexible scheduling, alternative learning environments, on-line instruction, and other interventions that are proven to accelerate the learning process and have been scientifically validated to improve learning and cognitive ability.

(c) Notwithstanding Subsection (b), a student's individualized education program developed under Section 29.005 may be used as the student's personal graduation plan under this section.

(d) The agency shall establish minimum standards for a

Chapters 110-128 and Chapter 130 of this title through courses, one or more of which contain modified content that is aligned to the standards required under the minimum high school program in Chapter 74 of this title as well as the credit requirements under the minimum high school program, including participation in required state assessments. The student’s ARD committee will determine whether satisfactory performance on the required assessments is necessary for graduation. The student graduating under this subsection must also successfully complete the student's individualized education program (IEP) and meet one of the following conditions, consistent with the IEP:

1. Full-time employment, based on the student's abilities and local employment opportunities, in addition to sufficient self-help skills to enable the student to maintain the employment without direct and ongoing educational support of the local school district;
2. Demonstrated mastery of specific employability skills and self-help skills which do not require direct ongoing educational support of the local school district; or
3. Access to services which are not within the legal responsibility of public education or employment or educational options for which the student has been prepared by the academic program.

### Commissioner's/SBOE Rules

- Each school district is encouraged to establish for each student entering grade nine a personal graduation plan that identifies a course of study that:
  1. Promotes:
     - College and workforce readiness; and
     - Career placement and advancement; and
  2. Facilitates the student's transition from secondary to postsecondary education.

### State Laws

#### § 28.0213. Intensive Program of Instruction.

(a) A school district shall offer an intensive program of instruction to a student who does not perform satisfactorily on an assessment instrument administered under Subchapter B, Chapter 39.

(b) A school district shall design the intensive program of instruction described by Subsection (a) to:

1. Enable the student to:
   - To the extent practicable, perform at the student's grade level at the conclusion of the next regular school term; or
   - Attain a standard of annual growth specified by the school district and reported by the district to the agency; and
2. If applicable, carry out the purposes of Section 28.0211.

(c) A school district shall use funds appropriated by the legislature for an intensive program of instruction to plan and implement intensive instruction and other activities aimed at helping a student satisfy state and local high school graduation requirements. The commissioner shall distribute funds to districts that implement a program under this section based on the number of students identified by the district who:

1. Do not perform satisfactorily on an assessment instrument administered under Subchapter B, Chapter 39; or
2. Are not likely to receive a high school diploma before the fifth school year following the student's enrollment in grade nine, as determined by the
or parent to resume services, as long as the student meets the age eligibility requirements.

§ 89.1090. Transportation of Students Placed in a Residential Setting, Including the Texas School for the Blind and Visually Impaired and the Texas School for the Deaf.

For each student placed in a residential setting by the student’s admission, review, and dismissal (ARD) committee, including those students placed in the Texas School for the Blind and Visually Impaired and the Texas School for the Deaf, the resident school district shall be responsible for transportation at the beginning and end of the term and for regularly scheduled school holidays when students are expected to leave the residential campus. The resident school district is not responsible for transportation costs for students placed in residential settings by their parents. Transportation costs shall not exceed state approved per diem and mileage rates unless excess costs can be justified and documented. Transportation shall be arranged using the most cost efficient means. When it is necessary for the safety of the student, as determined by the ARD committee, for an adult designated by the ARD committee to accompany the student, round-trip transportation for that adult shall also be provided. The resident school district and the residential facility shall coordinate to ensure that students are transported safely, including the periods of departure and arrival.

(d) A school district's determination of the appropriateness of a program for a student under this section is final and does not create a cause of action.

(e) For a student in a special education program under Subchapter A, Chapter 29, who does not perform satisfactorily on an assessment instrument administered under Section 39.023(a), (b), or (c), the student’s admission, review, and dismissal committee shall design the program to:

(1) enable the student to attain a standard of annual growth on the basis of the student's individualized education program; and

(2) if applicable, carry out the purposes of Section 28.0211.

§ 29.011. Transition Planning.

The commissioner shall by rule adopt procedures for compliance with federal requirements relating to transition services for students who are enrolled in special education programs under this subchapter. The procedures must specify the manner in which a student's admission, review, and dismissal committee must consider, and if appropriate, address the following issues in the student's individualized education program:

(1) appropriate student involvement in the student's transition to life outside the public school system;

(2) if the student is younger than 18 years of age, appropriate parental involvement in the student's transition;

(3) if the student is at least 18 years of age, appropriate parental involvement in the student's transition, if the parent is invited to participate by the student or the school district in which the student is enrolled;

(4) any postsecondary education options;

(5) a functional vocational evaluation;

(6) employment goals and objectives;

(7) if the student is at least 18 years of age, the availability of age-appropriate instructional environments;

(8) independent living goals and objectives; and

(c) Failure to meet transition objectives—

(1) Participating agency failure. If a participating agency, other than the public agency, fails to provide the transition services described in the IEP in accordance with § 300.320(b), the public agency must reconvene the IEP Team to identify alternative strategies to meet the transition objectives for the child set out in the IEP.

(2) Construction. Nothing in this part relieves any participating agency, including a State vocational rehabilitation agency, of the responsibility to provide or pay for any transition service that the agency would otherwise provide to children with disabilities who meet the eligibility criteria of that agency.

(d) Children with disabilities in adult prisons—

(1) Requirements that do not apply. The following requirements do not apply to children with disabilities who are convicted as adults under State law and incarcerated in adult prisons:

(i) The requirements contained in section 612(a)(16) of the Act and § 300.320(a)(6) (relating to participation of children with disabilities in general assessments).

(ii) The requirements in § 300.320(b) (relating to transition planning and transition services) do not apply with respect to the children whose eligibility under Part B of the Act will end, because of their
(2) Modifications of IEP or placement.

   (i) Subject to paragraph (d)(2)(ii) of this section, the IEP Team of a child with a disability who is convicted as an adult under State law and incarcerated in an adult prison may modify the child’s IEP or placement if the State has demonstrated a bona fide security or compelling penological interest that cannot otherwise be accommodated.

   (ii) The requirements of §§ 300.320 (relating to IEPs), and 300.112 (relating to LRE), do not apply with respect to the modifications described in paragraph (d)(2)(i) of this section.

§ 300.325 Private school placements by public agencies.

(a) Developing IEPs.

   (1) Before a public agency places a child with a disability in, or refers a child to, a private school or facility, the agency must initiate and conduct a meeting to develop an IEP for the child in accordance with §§ 300.320 and 300.324.

   (2) The agency must ensure that a representative of the private school or facility attends the meeting. If the representative cannot attend, the agency must use other methods to ensure participation by the private school or facility, including individual or conference telephone calls.

(b) Reviewing and revising IEPs.

   (1) After a child with a disability enters a private school or facility, any meetings to review and revise the child’s IEP may be initiated and conducted by the private school or facility at the discretion of the public agency.

   (2) If the private school or facility initiates and conducts these meetings, the public agency must ensure that the parents and an agency representative—

      (i) Are involved in any decision about the child’s IEP; and

      (ii) Agree to any proposed changes in the IEP before those changes are implemented.

(c) Responsibility. Even if a private school or facility implements a child’s IEP, responsibility for compliance with this part remains with the public agency and the SEA.

(9) appropriate circumstances for referring a student or the student’s parents to a governmental agency for services.
§ 300.327 Educational placements.
Consistent with § 300.501(c), each public agency must ensure that the parents of each child with a disability are members of any group that makes decisions on the educational placement of their child.
(Authority: 20 U.S.C. 1414(e))

(a) The provisions of this subchapter apply to limited English proficient (LEP) students who receive special education services except as otherwise specified in this section.
(b) The admission, review, and dismissal (ARD) committee in conjunction with the language proficiency assessment committee (LPAC) shall make decisions regarding the selection of assessments and appropriate accommodations for LEP students who receive special education services.
(c) A LEP student who receives special education services may be exempted from the English language proficiency assessments required by §101.1001 of this title (relating to English Language Proficiency Assessments) only if the ARD committee in conjunction with the LPAC determines that these assessments cannot provide a meaningful measure of the student's annual growth in English language proficiency for reasons associated with the student's disability.
(d) The provisions of §101.1007(b) and (c) of this title (relating to Limited English Proficient Students at Grades Other Than the Exit Level) apply to the state's general and alternate assessments of academic skills.
(e) A LEP student who receives special education services and whose parent or guardian has declined the services required by the Texas Education Code, Chapter 29, Subchapter B, is not eligible for an exemption on the basis of limited English proficiency.

§ 30.004. Information Concerning Programs.
(a) Each school district shall provide each parent or other person having lawful control of a student with written information about:
   (1) the availability of programs offered by state institutions for which the district's students may be eligible;
   (2) the eligibility requirements and admission conditions imposed by each of those state institutions; and
   (3) the rights of students in regard to admission to those state institutions and in regard to appeal of admission decisions.
(b) The State Board of Education shall adopt rules prescribing the form and content of information required by Subsection (a).

§ 30.021. Purpose of Texas School for the Blind and Visually Impaired.
(a) The Texas School for the Blind and Visually Impaired is a state agency established to serve as a special school in the continuum of statewide alternative placements for students who are 21 years of age or younger on September 1 of any school year and who have a visual impairment and who may have one or more other disabilities. The school is intended to serve students who require specialized or intensive educational or related services related to the visual impairment. The school is not intended to serve:
   (1) students whose needs are appropriately addressed in a home or hospital setting or in a residential treatment facility; or
   (2) students whose primary, ongoing needs are related to a severe or profound emotional, behavioral, or cognitive deficit.
(b) The school district in which a student resides is responsible for ensuring that a free appropriate public education is provided to each district student placed in the regular school year program of the school and that all legally required meetings for the purpose of developing and reviewing the student's individualized educational program are conducted. If the school disagrees with a district's individualized education program committee recommendation that a student be evaluated for placement, initially placed, or continued to be placed at the school, the district or the school may seek resolution according to a procedure established by the commissioner or through any due process hearing to which the district or school is entitled under the Individuals with Disabilities Education Act (20 U.S.C.)

§ 300.328 Alternative means of meeting participation.
When conducting IEP Team meetings and placement meetings pursuant to this subpart, and subpart E of this part, and carrying out administrative matters under section 615 of the Act (such as scheduling, exchange of witness lists, and status conferences), the parent of a child with a disability and a public agency may agree to use alternative means of meeting participation, such as video conferences and conference calls.

§ 26.0081. Right to Information Concerning Special Education and Education of Students with Learning Difficulties.
(a) The agency shall produce and provide to school districts sufficient copies of a comprehensive, easily understood document that explains the process by which an individualized education program is developed for a student in a special education program and the rights and responsibilities of a parent concerning the process. The document must include information a parent needs to effectively participate in an admission, review, and dismissal committee meeting for the parent's child.
(b) The agency will ensure that each school district provides the document required under this section to the parent as provided by 20 U.S.C. Section 1415(b):
   (1) as soon as practicable after a child is referred to determine the child's eligibility for admission into the district's special education program, but at least five school days before the date of the initial meeting of the admission, review, and dismissal committee; and
   (2) at any other time on reasonable request of the child's parent.
(c) The agency shall produce and provide to school districts a written explanation of the options and requirements for providing assistance to students who have learning difficulties or who need or may need special education. The explanation must state that a parent is entitled at any time to request an evaluation of the parent's child for special education services under Section 29.004. Each school year, each district shall provide the written explanation to a parent of each district student by including the explanation in the student handbook or by another means.

A parent is entitled to access to all written records of a school district concerning the parent's child, including:

c) A student's parent is entitled to request that the school district or open-enrollment charter school the student attends allow the student to take home any instructional materials used by the student. Subject to the availability of instructional materials, the district or school shall honor the request. A student who takes home instructional materials must return the instructional materials to school at the beginning of the next school day if requested to do so by the student's teacher. In this subsection, "instructional material" has the meaning assigned by Section 31.002.

### § 37.0091. Notice to Noncustodial Parent.

a) A noncustodial parent may request in writing that a school district or school, for the remainder of the school year in which the request is received, provide that parent with a copy of any written notification relating to student misconduct under Section 37.006 or 37.007 that is generally provided by the district or school to a student's parent or guardian.

b) A school district or school may not unreasonably deny a request authorized by Subsection (a).

   (i) File a due process complaint to request a hearing to show that its evaluation is appropriate; or
   (ii) Ensure that an independent educational evaluation is provided at public expense, unless the agency demonstrates in a hearing pursuant to §§ 300.507 through 300.513 that the evaluation obtained by the parent did not meet agency criteria.

(3) If the public agency files a due process complaint notice to request a hearing and the final decision is that the agency’s evaluation is appropriate, the parent still has the right to an independent educational evaluation, but not at public expense.

(4) If a parent requests an independent educational evaluation, the public agency may ask for the parent’s reason why he or she objects to the public evaluation. However, the public agency may not require the parent to provide an explanation and may not unreasonably delay either providing the independent educational evaluation at public expense or filing a due process complaint to request a due process hearing to defend the public evaluation.

(5) A parent is entitled to only one independent educational evaluation at public expense each time the public agency conducts an evaluation with which the parent disagrees.

(c) **Parent-initiated evaluations.** If the parent obtains an independent educational evaluation at public expense or shares with the public agency an evaluation obtained at private expense, the results of the evaluation—

(1) Must be considered by the public agency, if it meets
agency criteria, in any decision made with respect to the provision of FAPE to the child; and

(2) May be presented by any party as evidence at a hearing on a due process complaint under subpart E of this part regarding that child.

(d) Requests for evaluations by hearing officers. If a hearing officer requests an independent educational evaluation as part of a hearing on a due process complaint, the cost of the evaluation must be at public expense.

(e) Agency criteria.

(1) If an independent educational evaluation is at public expense, the criteria under which the evaluation is obtained, including the location of the evaluation and the qualifications of the examiner, must be the same as the criteria that the public agency uses when it initiates an evaluation, to the extent those criteria are consistent with the parent's right to an independent educational evaluation.

(2) Except for the criteria described in paragraph (e)(1) of this section, a public agency may not impose conditions or timelines related to obtaining an independent educational evaluation at public expense.

§ 300.503 Prior notice by the public agency; content of notice.

(a) Notice. Written notice that meets the requirements of paragraph (b) of this section must be given to the parents of a child with a disability a reasonable time before the public agency—

(1) Proposes to initiate or change the identification, evaluation, or educational placement of the child or the provision of FAPE to the child; or

(2) Refuses to initiate or change the identification, evaluation, or educational placement of the child or the provision of FAPE to the child.

(b) Content of notice. The notice required under paragraph (a) of this section must include—

(1) A description of the action proposed or refused by the agency;

(2) An explanation of why the agency proposes or refuses to take the action;

(3) A description of each evaluation procedure, assessment, record, or report the agency used as a basis for the proposed or refused action;

(4) A statement that the parents of a child with a disability have protection under the procedural safeguards of this part, and if this notice is not an initial referral for evaluation, the means by which a copy of a description of the procedural safeguards can be obtained;

(5) Sources for parents to contact to obtain assistance in

§ 89.1045. Notice to Parents for Admission, Review, and Dismissal (ARD) Committee Meetings.

(a) A district shall invite the parents and adult student to participate as members of the admission, review, and dismissal (ARD) committee by providing written notice in accordance with 34 Code of Federal Regulations (CFR), §§300.300, 300.322, and 300.503.

(b) A parent may request an ARD committee meeting at any mutually agreeable time to address specific concerns about his or her child's special education services. The school district must respond to the parent's request either by holding the requested meeting or by requesting assistance through the Texas Education Agency's mediation process. The district should inform parents of the functions of the ARD committee and the circumstances or types of problems for which requesting an ARD committee meeting would be appropriate.

§ 89.1050. The Admission, Review, and Dismissal (ARD) Committee. [Excerpt]

(h) All members of the ARD committee shall have the opportunity to participate in a collaborative manner in developing the IEP. A decision of the committee concerning required elements of the IEP shall be made by mutual agreement of the required members if possible. The committee may agree to an annual IEP or an IEP of shorter duration.

(6) When a district implements an IEP with which the parents disagree or the adult student disagrees, the district shall provide prior written notice to the parents or
(6) A description of other options that the IEP Team considered and the reasons why those options were rejected; and

(7) A description of other factors that are relevant to the agency’s proposal or refusal.

(c) Notice in understandable language.

(1) The notice required under paragraph (a) of this section must be—

(i) Written in language understandable to the general public; and

(ii) Provided in the native language of the parent or other mode of communication used by the parent, unless it is clearly not feasible to do so.

(2) If the native language or other mode of communication of the parent is not a written language, the public agency must take steps to ensure—

(i) That the notice is translated orally or by other means to the parent in his or her native language or other mode of communication;

(ii) That the parent understands the content of the notice; and

(iii) That there is written evidence that the requirements in paragraphs (c)(2)(i) and (ii) of this section have been met.

"Reasonable time" required for the written notice to parents under 34 Code of Federal Regulations (CFR), §300.503, is defined as at least five school days, unless the parents agree otherwise.

§ 300.504 Procedural safeguards notice.

(a) General. A copy of the procedural safeguards available to the parents of a child with a disability must be given to the parents only one time a school year, except that a copy also must be given to the parents—

(1) Upon initial referral or parent request for evaluation;

(2) Upon receipt of the first State complaint under §§ 300.151 through 300.153 and upon receipt of the first due process complaint under § 300.507 in a school year;

(3) In accordance with the discipline procedures in § 300.530(h); and

§ 26.0081. Right to Information Concerning Special Education and Education of Students with Learning Difficulties.

(a) The agency shall produce and provide to school districts sufficient copies of a comprehensive, easily understood document that explains the process by which an individualized education program is developed for a student in a special education program and the rights and responsibilities of a parent concerning the process. The document must include information a parent needs to effectively participate in an admission, review, and dismissal committee meeting for the parent's child.

(b) The agency will ensure that each school district provides the document required under this section to the parent as provided by 20 U.S.C. Section 1415(b):

(1) as soon as practicable after a child is referred to determine the child's eligibility for admission into the district’s special education program, but at least five school days before the date of the initial meeting of the admission, review, and dismissal committee; and

§ 300.509 Model forms.  
(a) Each SEA must develop model forms to assist parents and public agencies in filing a due process complaint in accordance with §§ 300.507(a) and 300.508(a) through (c) and to assist parents and other parties in filing a State complaint under §§ 300.151 through 300.153. However, the SEA or LEA may not require the use of the model forms.  
(b) Parents, public agencies, and other parties may use the appropriate model form described in paragraph (a) of this section, or another form or other document, so long as the form or document that is used meets, as appropriate, the content requirements in § 300.508(b) for filing a due process complaint, or the requirements in § 300.153(b) for filing a State complaint.  
(Authority: 20 U.S.C. 1415(b)(8))

§ 300.510 Resolution process.  
(a) Resolution meeting.  
(1) Within 15 days of receiving notice of the parent’s due process complaint, and prior to the initiation of a due process hearing under § 300.511, the LEA must convene a meeting with the parent and the relevant member or members of the IEP Team who have specific knowledge of the facts identified in the due process complaint that—
(i) Includes a representative of the public agency who has decision-making authority on behalf of that agency; and
(ii) May not include an attorney of the LEA unless the parent is accompanied by an attorney.

(2) The purpose of the meeting is for the parent of the child to discuss the due process complaint, and the facts that form the basis of the due process complaint, so that the LEA has the opportunity to resolve the dispute that is the basis for the due process complaint.

(3) The meeting described in paragraph (a)(1) and (2) of this section need not be held if—
   (i) The parent and the LEA agree in writing to waive the meeting; or
   (ii) The parent and the LEA agree to use the mediation process described in §300.506.

(4) The parent and the LEA determine the relevant members of the IEP Team to attend the meeting.

(b) Resolution period.
   (1) If the LEA has not resolved the due process complaint to the satisfaction of the parent within 30 days of the receipt of the due process complaint, the due process hearing may occur.
   (2) Except as provided in paragraph (c) of this section, the timeline for issuing a final decision under § 300.515 begins at the expiration of this 30-day period.
   (3) Except where the parties have jointly agreed to waive the resolution process or to use mediation, notwithstanding paragraphs (b)(1) and (2) of this section, the failure of the parent filing a due process complaint to participate in the resolution meeting will delay the timelines for the resolution process and due process hearing until the meeting is held.
   (4) If the LEA is unable to obtain the participation of the parent in the resolution meeting after reasonable efforts have been made (and documented using the procedures in § 300.322(d)), the LEA may, at the conclusion of the 30-day period, request that a hearing officer dismiss the parent’s due process complaint.
   (5) If the LEA fails to hold the resolution meeting specified in paragraph (a) of this section within 15 days of receiving notice of a parent’s due process complaint or fails to participate in the resolution meeting, the parent may seek the intervention of a hearing officer to begin the due process hearing timeline.

(c) Adjustments to 30-day resolution period. The 45-day timeline for the due process hearing in § 300.515(a) starts the day after one of the following events:
   (1) Both parties agree in writing to waive the resolution meeting;
   (2) After either the mediation or resolution meeting starts

but before the end of the 30-day period, the parties agree in writing that no agreement is possible;
(3) If both parties agree in writing to continue the mediation at the end of the 30-day resolution period, but later, the parent or public agency withdraws from the mediation process.
(d) **Written settlement agreement.** If a resolution to the dispute is reached at the meeting described in paragraphs (a)(1) and (2) of this section, the parties must execute a legally binding agreement that is—
(1) Signed by both the parent and a representative of the agency who has the authority to bind the agency; and
(2) Enforceable in any State court of competent jurisdiction or in a district court of the United States, or, by the SEA, if the State has other mechanisms or procedures that permit parties to seek enforcement of resolution agreements, pursuant to § 300.537.
(e) **Agreement review period.** If the parties execute an agreement pursuant to paragraph (c) of this section, a party may void the agreement within 3 business days of the agreement’s execution.

§ 300.511 Impartial due process hearing.
(a) **General.** Whenever a due process complaint is received under § 300.507 or § 300.532, the parents or the LEA involved in the dispute must have an opportunity for an impartial due process hearing, consistent with the procedures in §§ 300.507, 300.508, and 300.510.
(b) **Agency responsible for conducting the due process hearing.** The hearing described in paragraph (a) of this section must be conducted by the SEA or the public agency directly responsible for the education of the child, as determined under State statute, State regulation, or a written policy of the SEA.
(c) **Impartial hearing officer.**
(1) At a minimum, a hearing officer—

(4) Except as provided in paragraph (c)(5) of this section, the court reduces, accordingly, the amount of the attorneys’ fees awarded under section 615 of the Act, if the court finds that—
   (i) The parent, or the parent’s attorney, during the course of the action or proceeding, unreasonably protracted the final resolution of the controversy;
   (ii) The amount of the attorneys’ fees otherwise authorized to be awarded unreasonably exceeds the hourly rate prevailing in the community for similar services by attorneys of reasonably comparable skill, reputation, and experience;
   (iii) The time spent and legal services furnished were excessive considering the nature of the action or proceeding; or
   (iv) The attorney representing the parent did not provide to the LEA the appropriate information in the due process request notice in accordance with § 300.508.

(5) The provisions of paragraph (c)(4) of this section do not apply in any action or proceeding if the court finds that the State or local agency unreasonably protracted the final resolution of the action or proceeding or there was a violation of section 615 of the Act.

TEA | Division of IDEA Coordination

March 2012 | E-23
**Federal Regulations**

| (1) | The public agency may select a surrogate parent in any way permitted under State law. |
| (2) | Public agencies must ensure that a person selected as a surrogate parent— |
|     | (i) Is not an employee of the SEA, the LEA, or any other agency that is involved in the education or care of the child; |
|     | (ii) Has no personal or professional interest that conflicts with the interest of the child the surrogate parent represents; and |
|     | (iii) Has knowledge and skills that ensure adequate representation of the child. |
| (e) | Non-employee requirement; compensation. A person otherwise qualified to be a surrogate parent under paragraph (d) of this section is not an employee of the agency solely because he or she is paid by the agency to serve as a surrogate parent. |
| (f) | Unaccompanied homeless youth. In the case of a child who is an unaccompanied homeless youth, appropriate staff of emergency shelters, transitional shelters, independent living programs, and street outreach programs may be appointed as temporary surrogate parents without regard to paragraph (d)(2)(i) of this section, until a surrogate parent can be appointed that meets all of the requirements of paragraph (d) of this section. |
| (g) | Surrogate parent responsibilities. The surrogate parent may represent the child in all matters relating to— |
|     | (1) The identification, evaluation, and educational placement of the child; and |
|     | (2) The provision of FAPE to the child. |
| (h) | SEA responsibility. The SEA must make reasonable efforts to ensure the assignment of a surrogate parent not more than 30 days after a public agency determines that the child needs a surrogate parent. |

(2) The provision of FAPE to the child.

(3) The individual assigned to act as a surrogate parent must complete the training program described in subsection (a)(1) of this section within 90 calendar days after the date of initial assignment as a surrogate parent. Once an individual has completed a training program conducted or provided by or through the Texas Department of Family and Protective Services (TDFPS), a school district, an education service center, or any entity that receives federal funds to provide Individuals with Disabilities Education Act (IDEA) training to parents, the individual shall not be required by any school district to complete additional training in order to continue serving as the student's surrogate parent or to serve as the surrogate parent for other students with disabilities. School districts may provide ongoing or additional training to surrogate parents and/or parents; however, a district cannot deny an individual who has received the training as described in subsection (a)(1) of this section from serving as a surrogate parent on the grounds that the individual has not been trained.

(4) A school district should provide or arrange for the provision of the training program described in subsection (a)(1) of this section prior to assigning an individual to act as a surrogate parent but no later than 90 calendar days after assignment.

(1) The foster parent must complete the training program described in subsection (a)(1) of this section within 90 calendar days after the date of initial assignment as the parent. Once a foster parent has completed a training program conducted or provided by the TDFPS, a school district, an education service center, or any entity that receives federal funds to provide IDEA training to parents, the foster parent shall not be required by any school district to complete additional training in order to continue serving as his/her child's surrogate parent or parent to serve as the surrogate parent or parent for other students with disabilities. School districts may

provide ongoing or additional training to foster parents and/or parents; however, a district cannot deny an individual who has received the training as described in subsection (a)(1) of this section from serving as the parent on the grounds that the individual has not been trained.

(2) A school district should provide or arrange for the provision of the training program described in subsection (a)(1) of this section prior to assigning a foster parent to act as a parent but no later than 90 calendar days after assignment.

(c) Each school district or shared services arrangement shall develop and implement procedures for conducting an analysis of whether a foster parent or potential surrogate parent has an interest that conflicts with the interests of his/her child. A foster parent in a home which is verified by the TDFPS or a child-placing agency shall not be deemed to have a financial conflict of interest by virtue of serving as the foster parent in that home. These homes include, but are not limited to, basic, habilitative, primary medical, or therapeutic foster or foster group homes. In addition, issues concerning quality of care of the child do not constitute a conflict of interest. Concerns regarding quality of care of the child should be communicated, and may be statutorily required to be reported, to TDFPS.

(d) If a school district denies a foster parent the right to serve as a surrogate parent or parent, the school district must provide the foster parent with written notice of such denial within seven calendar days after the date on which the decision is made. The written notice shall:

1. specify the reason(s) the foster parent is being denied the right to serve as the surrogate parent or parent (the notice must specifically explain the interests of the foster parent that conflict with the interests of his/her child); and
2. inform the foster parent of his/her right to file a complaint with the Texas Education Agency in accordance with 34 CFR, §§300.151-300.153, relating to complaint procedures.

§ 300.520 Transfer of parental rights at age of majority.
(a) General. A State may provide that, when a child with a disability reaches the age of majority under State law that applies to all children (except for a child with a disability who has been determined to be incompetent under State law)—

1. (i) The public agency must provide any notice required by this part to both the child and the parents; and
2. (ii) All rights accorded to parents under Part B of the Act transfer to the child;

(b) All rights accorded to parents under Part B of the Act transfer to children who are incarcerated in an adult or juvenile facility.

§ 89.1049. Parental Rights Regarding Adult Students.
(a) In accordance with 34 Code of Federal Regulations (CFR), §300.320(c) and §300.520, and Texas Education Code (TEC), §29.017, beginning at least one year before a student reaches 18 years of age, the student's individualized education program (IEP) must include a statement that the student has been informed that, unless the student's parent or other individual has been granted guardianship of the student under the Probate Code, Chapter XIII, Guardianship, all rights granted to the parent under the Individuals with Disabilities Education Act (IDEA), Part B, other than the right to receive any notice required under IDEA, Part B, will transfer to the student upon reaching age 18. After the student reaches the age of 18, except as provided by

§ 29.002. Definition.
In this subchapter, "special services" means:

(1) special education instruction, which may be provided by professional and supported by paraprofessional personnel in the regular classroom or in an instructional arrangement described by Section 42.151; and

(2) related services, which are developmental, corrective, supportive, or evaluative services, not instructional in nature, that may be required for the student to benefit from special education instruction and for implementation of a student's individualized education program.
juvenile, State or local correctional institution; and

(3) Whenever a State provides for the transfer of rights under this part pursuant to paragraph (a)(1) or (a)(2) of this section, the agency must notify the child and the parents of the transfer of rights.

(b) Special rule. A State must establish procedures for appointing the parent of a child with a disability, or, if the parent is not available, another appropriate individual, to represent the educational interests of the child throughout the period of the child’s eligibility under Part B of the Act if, under State law, a child who has reached the age of majority, but has not been determined to be incompetent, can be determined not to have the ability to provide informed consent with respect to the child’s educational program.

§ 29.017. Transfer of Parental Rights at Age of Majority.

(a) A student with a disability who is 18 years of age or older or whose disabilities of minority have been removed for general purposes under Chapter 31, Family Code, shall have the same right to make educational decisions as a student without a disability, except that the school district shall provide any notice required by this subchapter or 20 U.S.C. Section 1415 to both the student and the parents. All other rights accorded to parents under this subchapter or 20 U.S.C. Section 1415 transfer to the student.

(b) All rights accorded to parents under this subchapter or 20 U.S.C. Section 1415 transfer to students who are incarcerated in an adult or juvenile, state or local correctional institution.

(c) In accordance with 34 C.F.R. Section 300.517, the school district shall notify the student and the parents of the transfer of rights under this section.

maliciously taking any action that substantially harms another student’s physical or emotional health or safety.

(3) “Hit list” means a list of people targeted to be harmed, using:
   (A) a firearm, as defined by Section 46.01(3), Penal Code;
   (B) a knife, as defined by Section 46.01(7), Penal Code; or
   (C) any other object to be used with intent to cause bodily harm.

(b-1) The methods adopted under Subsection (a)(8) must provide that a student who is enrolled in a special education program under Subchapter A, Chapter 29, may not be disciplined for conduct prohibited in accordance with Subsection (a)(7) until an admission, review, and dismissal committee meeting has been held to review the conduct.

(c) Once the student code of conduct is promulgated, any change or amendment must be approved by the board of trustees.

(d) Each school year, a school district shall provide parents notice of and information regarding the student code of conduct.

(e) Except as provided by Section 37.007(e), this subchapter does not require the student code of conduct to specify a minimum term of a removal under Section 37.006 or an expulsion under Section 37.007.

§ 37.002. Removal by Teacher.

(a) A teacher may send a student to the principal's office to maintain effective discipline in the classroom. The principal shall respond by employing appropriate discipline management techniques consistent with the student code of conduct adopted under Section 37.001.

(b) A teacher may remove from class a student:
   (1) who has been documented by the teacher to repeatedly interfere with the teacher's ability to communicate effectively with the students in the class or with the ability of the student's classmates to learn; or
   (2) whose behavior the teacher determines is so unruly, disruptive, or abusive that it seriously interferes with the teacher's ability to communicate effectively with the students in the class or with the ability of the student's classmates to learn.

(a) Case-by-case determination. School personnel may consider any unique circumstances on a case-by-case basis when determining whether a change in placement, consistent with the other requirements of this section, is appropriate for a child with a disability who violates a code of student conduct.

(b) General. 
(1) School personnel under this section may remove a child with a disability who violates a code of student conduct from his or her current placement to an appropriate interim alternative educational setting, another setting, or suspension, for not more than 10 consecutive school days (to the extent those alternatives are applied to children without disabilities), and for additional removals

§ 37.003. Placement Review Committee. 
(a) Each school shall establish a three-member committee to determine placement of a student when a teacher refuses the return of a student to the teacher's class and make recommendations to the district regarding readmission of expelled students. Members shall be appointed as follows:  
(1) the campus faculty shall choose two teachers to serve as members and one teacher to serve as an alternate member; and  
(2) the principal shall choose one member from the professional staff of a campus. 

(b) The teacher refusing to readmit the student may not serve on the committee. 

(c) The committee's placement determination regarding a student with a disability who receives special education services under Subchapter A, Chapter 29, is subject to the requirements of the Individuals with Disabilities Education Act (20 U.S.C. Section 1400 et seq.) and federal regulations, state statutes, and agency requirements necessary to carry out federal law or regulations or state law relating to special education.

§ 37.019. Emergency Placement or Expulsion. 
(a) This subchapter does not prevent the principal or the principal's designee from ordering the immediate placement of a student in a disciplinary alternative education program if the principal or the principal's designee reasonably believes the student's behavior is so unruly, disruptive, or abusive that it seriously interferes with a teacher's ability to communicate effectively with the student to that teacher's class without the teacher's consent unless the committee established under Section 37.003 determines that such placement is the best or only alternative available. The terms of the removal may prohibit the student from attending or participating in school-sponsored or school-related activity. 

(d) A teacher shall remove from class and send to the principal for placement in a disciplinary alternative education program or for expulsion, as appropriate, a student who engages in conduct described under Section 37.006 or 37.007. The student may not be returned to that teacher's class without the teacher's consent unless the committee established under Section 37.003 determines that such placement is the best or only alternative available. If the teacher removed the student from class because the student has engaged in the elements of any offense listed in Section 37.006(a)(2)(B) or Section 37.007(a)(2)(A) or (b)(2)(C) against the teacher, the student may not be returned to the teacher's class without the teacher's consent. The teacher may not be coerced to consent.
of not more than 10 consecutive school days in that same school year for separate incidents of misconduct (as long as those removals do not constitute a change of placement under § 300.536).

(2) After a child with a disability has been removed from his or her current placement for 10 school days in the same school year, during any subsequent days of removal the public agency must provide services to the extent required under paragraph (d) of this section.

(a) In this section, “bullying” means, subject to Subsection (b), engaging in written or verbal expression, expression through electronic means, or physical conduct that occurs on school property, at a school-sponsored or school-related activity, or in a vehicle operated by the district and that:

(1) has the effect or will have the effect of physically harming a student, damaging a student’s property, or placing a student in reasonable fear of harm to the student’s person or of damage to the student’s property; or

(2) is sufficiently severe, persistent, and pervasive enough that the action or threat creates an intimidating, threatening, or abusive educational environment for a student.

(b) Conduct described by Subsection (a) is considered bullying if that conduct:

(1) exploits an imbalance of power between the student perpetrator and the student victim through written or verbal expression or physical conduct; and

(2) interferes with a student’s education or substantially disrupts the operation of a school.

(c) The board of trustees of each school district shall adopt a policy, including any necessary procedures, concerning
bullying that:

1. prohibits the bullying of a student;
2. prohibits retaliation against any person, including a victim, a witness, or another person, who in good faith provides information concerning an incident of bullying;
3. establishes a procedure for providing notice of an incident of bullying to a parent or guardian of the victim and a parent or guardian of the bully within a reasonable amount of time after the incident;
4. establishes the actions a student should take to obtain assistance and intervention in response to bullying;
5. sets out the available counseling options for a student who is a victim of or a witness to bullying or who engages in bullying;
6. establishes procedures for reporting an incident of bullying, investigating a reported incident of bullying, and determining whether the reported incident of bullying occurred;
7. prohibits the imposition of a disciplinary measure on a student who, after an investigation, is found to be a victim of bullying, on the basis of that student’s use of reasonable self-defense in response to the bullying; and
8. requires that discipline for bullying of a student with disabilities comply with applicable requirements under federal law, including the Individuals with Disabilities Education Act (20 U.S.C. Section 1400 et seq.).

(d) The policy and any necessary procedures adopted under Subsection (c) must be included:

1. annually, in the student and employee school district handbooks; and
2. in the district improvement plan under Section 11.252.

(e) The procedure for reporting bullying established under Subsection (c) must be posted on the district’s Internet website to the extent practicable.

(c) Additional authority. For disciplinary changes in placement that would exceed 10 consecutive school days, if the behavior that gave rise to the violation of the school code is determined not to be a manifestation of the child’s disability pursuant to paragraph (e) of this section, school personnel may apply the relevant disciplinary procedures to children.
with disabilities in the same manner and for the same duration as the procedures would be applied to children without disabilities, except as provided in paragraph (d) of this section.

(d) Services.

(1) A child with a disability who is removed from the child’s current placement pursuant to paragraphs (c), or (g) of this section must—

(i) Continue to receive educational services, as provided in § 300.101(a), so as to enable the child to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting the goals set out in the child’s IEP; and

(ii) Receive, as appropriate, a functional behavioral assessment, and behavioral intervention services and modifications, that are designed to address the behavior violation so that it does not recur.

(2) The services required by paragraph (d)(1), (d)(3), (d)(4), and (d)(5) of this section may be provided in an interim alternative educational setting.

(3) A public agency is only required to provide services during periods of removal to a child with a disability who has been removed from his or her current placement for 10 school days or less in that school year, if it provides services to a child without disabilities who is similarly removed.

(4) After a child with a disability has been removed from his or her current placement for 10 school days in the same school year, if the current removal is for not more than 10 consecutive school days and is not a change of placement under § 300.536, school personnel, in consultation with at least one of the child’s teachers, determine the extent to which services are needed, as provided in § 300.101(a), so as to enable the child to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting the goals set out in the child’s IEP.

(5) If the removal is a change of placement under § 300.536, the child’s IEP Team determines appropriate services under paragraph (d)(1) of this section.

(e) Manifestation determination.

(1) Within 10 school days of any decision to change the placement of a child with a disability because of a violation of a code of student conduct, the LEA, the parent, and relevant members of the child’s IEP Team (as determined by the parent and the LEA) must review all relevant information in the student’s file, including the child’s IEP, any teacher observations, and any relevant information provided by the parents to determine—

(2) a campus in the district other than the campus to which the victim was assigned at the time the bullying occurred, in consultation with a parent or other person with authority to act on behalf of the
(f) Determination that behavior was a manifestation. If the LEA, the parent, and relevant members of the IEP Team make the determination that the conduct was a manifestation of the child’s disability, the IEP Team must—

1. Either—
   1. Conduct a functional behavioral assessment, unless the LEA had conducted a functional behavioral assessment before the behavior that resulted in the change of placement occurred, and implement a behavioral intervention plan for the child; or
   2. If a behavioral intervention plan already has been developed, review the behavioral intervention plan, and modify it, as necessary, to address the behavior; and

2. The conduct must be determined to be a manifestation of the child’s disability if the LEA, the parent, and relevant members of the child’s IEP Team determine that a condition in either paragraph (e)(1)(i) or (1)(ii) of this section was met.

3. If the LEA, the parent, and relevant members of the child’s IEP Team determine the condition described in paragraph (e)(1)(ii) of this section was met, the LEA must take immediate steps to remedy those deficiencies.

§ 37.004. Placement of Students With Disabilities.
(a) The placement of a student with a disability who receives special education services may be made only by a duly constituted admission, review, and dismissal committee.

(b) Any disciplinary action regarding a student with a disability who receives special education services that would constitute a change in placement under federal law may be taken only after the student’s admission, review, and dismissal committee conducts a manifestation determination review under 20 U.S.C. Section 1415(k)(4) and its subsequent amendments. Any disciplinary action regarding the student shall be determined in accordance with federal law and regulations, including laws or regulations requiring the provision of:
   1. functional behavioral assessments;
   2. positive behavioral interventions, strategies, and supports;
   3. behavioral intervention plans; and
   4. the manifestation determination review.

(c) A student with a disability who receives special education services may not be placed in alternative education programs solely for educational purposes.

(d) A teacher in an alternative education program under Section 37.008 who has a special education assignment must hold an appropriate certificate or permit for that assignment.

§ 25.0342. Transfer of Students who are Victims of or Have Engaged in Bullying. [Excerpt]
(b-2) Section 37.004 applies to a transfer under Subsection (b-1) of a student with a disability who receives special education services.
(2) Except as provided in paragraph (g) of this section, return the child to the placement from which the child was removed, unless the parent and the LEA agree to a change of placement as part of the modification of the behavioral intervention plan.

(g) Special circumstances. School personnel may remove a student to an interim alternative educational setting for not more than 45 school days without regard to whether the behavior is determined to be a manifestation of the child’s disability, if the child—

(1) Carries a weapon to or possesses a weapon at school, on school premises, or to or at a school function under the jurisdiction of an SEA or an LEA;

(2) Knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance, while at school, on school premises, or at a school function under the jurisdiction of an SEA or an LEA; or

(3) Has inflicted serious bodily injury upon another person while at school, on school premises, or at a school function under the jurisdiction of an SEA or an LEA.

(h) Notification. On the date on which the decision is made to make a removal that constitutes a change of placement of a child with a disability because of a violation of a code of student conduct, the LEA must notify the parents of that decision, and provide the parents the procedural safeguards notice described in § 300.504.

(i) Definitions. For purposes of this section, the following definitions apply:

1. Controlled substance means a drug or other substance identified under schedules I, II, III, IV, or V in section 202(c) of the Controlled Substances Act (21 U.S.C. 812(c)).

2. Illegal drug means a controlled substance; but does not include a controlled substance that is legally possessed or used under the supervision of a licensed health-care professional or that is legally possessed or used under any other authority under that Act or under any other provision of Federal law.

3. Serious bodily injury has the meaning given the term “serious bodily injury” under paragraph (3) of subsection (h) of section 1365 of title 18, United States Code.

4. Weapon has the meaning given the term “dangerous weapon” under paragraph (2) of the first subsection (g) of section 930 of title 18, United States Code.

(Authority: 20 U.S.C. 1415(k)(1) and (7))
or to district employees; or
(2) extended placement is in the best interest of the student.

(b) If a student's placement in a disciplinary alternative education program is to extend beyond 60 days or the end of the next grading period, whichever is earlier, a student's parent or guardian is entitled to notice of and an opportunity to participate in a proceeding before the board of trustees of the school district or the board's designee, as provided by policy of the board of trustees of the district. Any decision of the board or the board's designee under this subsection is final and may not be appealed.

(c) Before it may place a student in a disciplinary alternative education program for a period that extends beyond the end of the school year, the board or the board's designee must determine that:

1. the student's presence in the regular classroom program or at the student's regular campus presents a danger of physical harm to the student or to another individual; or
2. the student has engaged in serious or persistent misbehavior that violates the district's student code of conduct.

(d) The board or the board's designee shall set a term for a student's placement in a disciplinary alternative education program. If the period of the placement is inconsistent with the guidelines included in the student code of conduct under Section 37.001(a)(5), the order must give notice of the inconsistency. The period of the placement may not exceed one year unless, after a review, the district determines that:

1. the student is a threat to the safety of other students or to district employees; or
2. extended placement is in the best interest of the student.

(e) A student placed in a disciplinary alternative education program shall be provided a review of the student's status, including a review of the student's academic status, by the board's designee at intervals not to exceed 120 days. In the case of a high school student, the board's designee, with the student's parent or guardian, shall review the student's progress towards meeting high school graduation requirements and shall establish a specific graduation plan for the student. The district is not required under this subsection to provide a course in the district's disciplinary alternative education program except as required by Section 37.008(l). At the review, the student or the student's parent or guardian must be given the opportunity to present arguments for the student's return to the regular classroom or campus. The student may not be returned to the classroom of the teacher who removed the student without that teacher's consent. The
teacher may not be coerced to consent.

(f) Before a student may be expelled under Section 37.007, the board or the board's designee must provide the student a hearing at which the student is afforded appropriate due process as required by the federal constitution and which the student's parent or guardian is invited, in writing, to attend. At the hearing, the student is entitled to be represented by the student's parent or guardian or another adult who can provide guidance to the student and who is not an employee of the school district. If the school district makes a good-faith effort to inform the student and the student's parent or guardian of the time and place of the hearing, the district may hold the hearing regardless of whether the student, the student's parent or guardian, or another adult representing the student attends. If the decision to expel a student is made by the board's designee, the decision may be appealed to the board. The decision of the board may be appealed by trial de novo to a district court of the county in which the school district's central administrative office is located.

(g) The board or the board's designee shall deliver to the student and the student's parent or guardian a copy of the order placing the student in a disciplinary alternative education program under Section 37.001, 37.002, or 37.006 or expelling the student under Section 37.007.

(h) If the period of an expulsion is inconsistent with the guidelines included in the student code of conduct under Section 37.001(a)(5), the order must give notice of the inconsistency. The period of an expulsion may not exceed one year unless, after a review, the district determines that:

1. the student is a threat to the safety of other students or to district employees; or
2. extended placement is in the best interest of the student. After a school district notifies the parents or guardians of a student that the student has been expelled, the parent or guardian shall provide adequate supervision of the student during the period of expulsion.

(i) If a student withdraws from the district before an order for placement in a disciplinary alternative education program or expulsion is entered under this section, the principal or board, as appropriate, may complete the proceedings and enter an order. If the student subsequently enrolls in the district during the same or subsequent school year, the district may enforce the order at that time except for any period of the placement or expulsion that has been served by the student on enrollment in another district that honored the order. If the principal or board fails to enter an order after the student withdraws, the next district in which the student enrolls may complete the proceedings and enter an order.

(j) If, during the term of a placement or expulsion ordered

(a) General. The parent of a child with a disability who disagrees with any decision regarding placement under §§ 300.530 and 300.531, or the manifestation determination under § 300.530(e), or an LEA that believes that maintaining the current placement of the child is substantially likely to result in injury to the child or others, may appeal the decision by requesting a hearing. The hearing is requested by filing a complaint pursuant to §§ 300.507 and 300.508(a) and (b).

(b) Authority of hearing officer.

1. A hearing officer under § 300.511 hears, and makes a determination regarding an appeal under paragraph (a) of this section.

2. In making the determination under paragraph (b)(1) of this section, the hearing officer may—
   - Return the child with a disability to the placement from which the child was removed if the hearing officer determines that the removal was a violation of § 300.530 or that the child’s behavior was a manifestation of the child’s disability; or
   - Order a change of placement of the child with a disability to an appropriate interim alternative educational setting for not more than 45 school days if the hearing officer determines that maintaining the current placement of the child is substantially likely to result in injury to the child or to others.

3. The procedures under paragraphs (a) and (b)(1) and (2) of this section may be repeated, if the LEA believes that returning the child to the original placement is

Under this section, a student engages in additional conduct for which placement in a disciplinary alternative education program or expulsion is required or permitted, additional proceedings may be conducted under this section regarding that conduct and the principal or board, as appropriate, may enter an additional order as a result of those proceedings.

### § 37.021. Opportunity to Complete Courses During In-School and Certain Other Placements.

(a) If a school district removes a student from the regular classroom and places the student in in-school suspension or another setting other than a disciplinary alternative education program, the district shall offer the student the opportunity to complete before the beginning of the next school year each course in which the student was enrolled at the time of the removal.

(b) The district may provide the opportunity to complete courses by any method available, including a correspondence course, distance learning, or summer school.
(c) **Expedited due process hearing.**

(2) The SEA or LEA is responsible for arranging the expedited due process hearing, which must occur within 20 school days of the date the complaint requesting the hearing is filed. The hearing officer must make a determination within 10 school days after the hearing.

(3) Unless the parents and LEA agree in writing to waive the resolution meeting described in paragraph (c)(3)(i) of this section, or agree to use the mediation process described in §300.506—

(ii) A resolution meeting must occur within seven days of receiving notice of the due process complaint; and

(ii) The due process hearing may proceed unless the matter has been resolved to the satisfaction of both parties within 15 days of the receipt of the due process complaint.

(4) A State may establish different State-imposed procedural rules for expedited due process hearings conducted under this section than it has established for other due process hearings, but, except for the timelines as modified in paragraph (c)(3) of this section, the State must ensure that the requirements in §§ 300.510 through 300.514 are met.

(5) The decisions on expedited due process hearings are appealable consistent with § 300.514.

§ 300.533 Placement during appeals.

When an appeal under § 300.532 has been made by either the parent or the LEA, the child must remain in the interim alternative educational setting pending the decision of the hearing officer or until the expiration of the time period specified in § A300.530(c) or (g), whichever occurs first, unless the parent and the SEA or LEA agree otherwise.

(b) *Basis of knowledge.* A public agency must be deemed to have knowledge that a child is a child with a disability if before the behavior that precipitated the disciplinary action occurred—

1. The parent of the child expressed concern in writing to supervisory or administrative personnel of the appropriate educational agency, or a teacher of the child, that the child is in need of special education and related services;

   ii. Has refused services under this part; or
2. The child has been evaluated in accordance with §§ 300.300 through 300.311 and determined to not be a child with a disability under this part.

(d) *Conditions that apply if no basis of knowledge.*

1. If a public agency does not have knowledge that a child is a child with a disability (in accordance with paragraphs (b) and (c) of this section) prior to taking disciplinary measures against the child, the child may be subjected to the disciplinary measures applied to children without disabilities who engage in comparable behaviors consistent with paragraph (d)(2) of this section.

2. (i) If a request is made for an evaluation of a child during the time period in which the child is subjected to disciplinary measures under § 300.530, the evaluation must be conducted in an expedited manner.
   (ii) Until the evaluation is completed, the child remains in the educational placement determined by school authorities, which can include suspension or expulsion without educational services.

§ 37.008. Disciplinary Alternative Education Programs.

(a) Each school district shall provide a disciplinary alternative education program that:

(1) is provided in a setting other than a student's regular classroom;
(2) is located on or off of a regular school campus;
(3) provides for the students who are assigned to the disciplinary alternative education program to be separated from students who are not assigned to the program;
(4) focuses on English language arts, mathematics, science, history, and self-discipline;
(5) provides for students' educational and behavioral needs;
(6) provides supervision and counseling;
(7) employs only teachers who meet all certification requirements established under Subchapter B, Chapter 21; and
(8) provides not less than the minimum amount of instructional time per day required by Section 25.082(a).

(a-1) The agency shall adopt minimum standards for the operation of disciplinary alternative education programs, including standards relating to:

(1) student/teacher ratios;
(2) student health and safety;
(3) reporting of abuse, neglect, or exploitation of students;
(4) training for teachers in behavior management and safety procedures; and
(5) planning for a student's transition from a disciplinary alternative education program to a regular campus.

(a-2) Not later than December 15, 2008, the agency shall deliver a report to the legislature that provides the estimated costs to the agency of enforcing the standards adopted under Subsection (a-1), including the estimated cost of:

(1) on-site monitoring to enforce the standards; and
(2) alternative methods of monitoring compliance with the standards.

(a-3) Subsection (a-2) and this subsection expire January 15, 2009.

(b) A disciplinary alternative education program may provide for a student's transfer to:

(1) a different campus;
(2) a school-community guidance center; or
(3) a community-based alternative school.

(c) An off-campus disciplinary alternative education program is not subject to a requirement imposed by this title, other than a limitation on liability, a reporting requirement, or a requirement imposed by this chapter or by Chapter 39.

(d) A school district may provide a disciplinary alternative education program jointly with one or more other districts.

(e) Each school district shall cooperate with government agencies and community organizations that provide services in the district to students placed in a disciplinary alternative education program.

(f) A student removed to a disciplinary alternative education program is counted in computing the average daily attendance of students in the district for the student's time in actual attendance in the program.

(g) A school district shall allocate to a disciplinary alternative education program the same expenditure per student attending the disciplinary alternative education program, including federal, state, and local funds, that would be allocated to the student's school if the student were attending the student's regularly assigned education program, including a special education program.

(h) A school district may not place a student, other than a student suspended as provided under Section 37.005 or expelled as provided under Section 37.007, in an unsupervised setting as a result of conduct for which a student may be placed in a disciplinary alternative education program.

(j) If a student placed in a disciplinary alternative education
program enrolls in another school district before the expiration of the period of placement, the board of trustees of the district requiring the placement shall provide to the district in which the student enrolls, at the same time other records of the student are provided, a copy of the placement order. The district in which the student enrolls shall inform each educator who will have responsibility for, or will be under the direction and supervision of an educator who will have responsibility for, the instruction of the student of the contents of the placement order. Each educator shall keep the information received under this subsection confidential from any person not entitled to the information under this subsection, except that the educator may share the information with the student's parent or guardian as provided for by state or federal law. The district in which the student enrolls may continue the disciplinary alternative education program placement under the terms of the order or may allow the student to attend regular classes without completing the period of placement. 2. the student was placed in a disciplinary alternative education program by a school district in another state and:
   - the out-of-state district provides to the district a copy of the placement order; and
   - the grounds for the placement by the out-of-state district are grounds for placement in the district in which the student is enrolling.

(j-1) If a student was placed in a disciplinary alternative education program by a school district in another state for a period that exceeds one year and a school district in this state in which the student enrolls continues the placement under Subsection (j), the district shall reduce the period of the placement so that the aggregate period does not exceed one year unless, after a review, the district determines that:

1. the student is a threat to the safety of other students or to district employees; or

2. extended placement is in the best interest of the student.

(3) has located in the county a juvenile justice alternative education program that, on May 1, 2011, served fewer than 15 students.

(a-4) A school district located in a county considered to be a county with a population of 125,000 or less under Subsection (a-3) shall provide educational services to a student who is expelled from school under this chapter. The district is entitled to count the student in the district's average daily attendance for purposes of receipt of state funds under the Foundation School Program. An educational placement under this section may include:

(1) the district's disciplinary alternative education program; or
(2) a contracted placement with:
   (A) another school district;
   (B) an open-enrollment charter school;
   (C) an institution of higher education;
   (D) an adult literacy council; or
   (E) a community organization that can provide an educational program that allows the student to complete the credits required for high school graduation.

(a-5) For purposes of Subsection (a-4), an educational placement other than a school district's disciplinary alternative education program is subject to the educational and certification requirements applicable to an open-enrollment charter school under Subchapter D, Chapter 12.

(b) If a student admitted into the public schools of a school
district under Section 25.001(b) is expelled from school for conduct for which expulsion is required under Section 37.007(a), (d), or (e), the juvenile court, the juvenile board, or the juvenile board's designee, as appropriate, shall:

(1) if the student is placed on probation under Section 54.04, Family Code, order the student to attend the juvenile justice alternative education program in the county in which the student resides from the date of disposition as a condition of probation, unless the child is placed in a post-adjudication treatment facility;

(2) if the student is placed on deferred prosecution under Section 53.03, Family Code, by the court, prosecutor, or probation department, require the student to immediately attend the juvenile justice alternative education program in the county in which the student resides for a period not to exceed six months as a condition of the deferred prosecution;

(3) in determining the conditions of the deferred prosecution or court-ordered probation, consider the length of the school district's expulsion order for the student; and

(4) provide timely educational services to the student in the juvenile justice alternative education program in the county in which the student resides, regardless of the student's age or whether the juvenile court has jurisdiction over the student.

(b-1) Subsection (b)(4) does not require that educational services be provided to a student who is not entitled to admission into the public schools of a school district under Section 25.001(b).

(c) A juvenile justice alternative education program shall adopt a student code of conduct in accordance with Section 37.001.

(d) A juvenile justice alternative education program must focus on English language arts, mathematics, science, social studies, and self-discipline. Each school district shall consider course credit earned by a student while in a juvenile justice alternative education program as credit earned in a district school. Each program shall administer assessment instruments under Subchapter B, Chapter 39, and shall offer a high school equivalency program. The juvenile board or the board's designee, with the parent or guardian of each student, shall regularly review the student's academic progress. In the case of a high school student, the board or the board's designee, with the student's parent or guardian, shall review the student's progress towards meeting high school graduation requirements and shall establish a specific graduation plan for the student. The program is not required to provide a course necessary to fulfill a student's high school graduation requirements other than a course specified by this subsection.

ordered by the juvenile court.

(j) In relation to the development and operation of a juvenile justice alternative education program, a juvenile board and a county and a commissioners court are immune from liability to the same extent as a school district, and the juvenile board's or county's professional employees and volunteers are immune from liability to the same extent as a school district's professional employees and volunteers.

(k) Each school district in a county with a population greater than 125,000 and the county juvenile board shall annually enter into a joint memorandum of understanding that:

(1) outlines the responsibilities of the juvenile board concerning the establishment and operation of a juvenile justice alternative education program under this section;

(2) defines the amount and conditions on payments from the school district to the juvenile board for students of the school district served in the juvenile justice alternative education program whose placement was not made on the basis of an expulsion required under Section 37.007(a), (d), or (e);

(3) establishes that a student may be placed in the juvenile justice alternative education program if the student engages in serious misbehavior, as defined by Section 37.007(c);

(4) identifies and requires a timely placement and specifies a term of placement for expelled students for whom the school district has received a notice under Section 52.041(d), Family Code;

(5) establishes services for the transitioning of expelled students to the school district prior to the completion of the student's placement in the juvenile justice alternative education program;

(6) establishes a plan that provides transportation services for students placed in the juvenile justice alternative education program;

(7) establishes the circumstances and conditions under which a juvenile may be allowed to remain in the juvenile justice alternative education program setting once the juvenile is no longer under juvenile court jurisdiction; and

(8) establishes a plan to address special education services required by law.

(l) The school district shall be responsible for providing an immediate educational program to students who engage in behavior resulting in expulsion under Section 37.007(b)and (f) but who are not eligible for admission into the juvenile justice alternative education program in accordance with the memorandum of understanding required under this section. The school district may provide the program or the school district may contract
with a county juvenile board, a private provider, or one or more other school districts to provide the program. The memorandum of understanding shall address the circumstances under which such students who continue to engage in serious misbehavior, as defined by Section 37.007(c), shall be admitted into the juvenile justice alternative education program.

(m) Each school district in a county with a population greater than 125,000 and the county juvenile board shall adopt a joint memorandum of understanding as required by this section not later than September 1 of each school year.

(n) If a student who is ordered to attend a juvenile justice alternative education program moves from one county to another, the juvenile court may request the juvenile justice alternative education program in the county to which the student moves to provide educational services to the student in accordance with the local memorandum of understanding between the school district and juvenile board in the receiving county.

(o) In relation to the development and operation of a juvenile justice alternative education program, a juvenile board and a county and a commissioners court are immune from liability to the same extent as a school district, and the juvenile board’s or county’s employees and volunteers are immune from liability to the same extent as a school district's employees and volunteers.

(p) If a district elects to contract with the juvenile board for placement in the juvenile justice alternative education program of students expelled under Section 37.007(b), (c), and (f) and the juvenile board and district are unable to reach an agreement in the memorandum of understanding, either party may request that the issues of dispute be referred to a binding arbitration process that uses a qualified alternative dispute resolution arbitrator in which each party will pay its pro rata share of the arbitration costs. Each party must submit its final proposal to the arbitrator. If the parties cannot agree on an arbitrator, the juvenile board shall select an arbitrator, the school districts shall select an arbitrator, and those two arbitrators shall select an arbitrator who will decide the issues in dispute. An arbitration decision issued under this subsection is enforceable in a court in the county in which the juvenile justice alternative education program is located. Any decision by an arbitrator concerning the amount of the funding for a student who is expelled and attending a juvenile justice alternative education program must provide an amount sufficient based on operation of the juvenile justice alternative education program in accordance with this chapter. In determining the amount to be paid by a school district for an expelled student enrolled in a juvenile justice alternative education program, the arbitrator shall consider the relevant factors, including evidence of:

1. the actual average total per student expenditure in
the district's alternative education setting;

(2) the expected per student cost in the juvenile justice alternative education program as described and agreed on in the memorandum of understanding and in compliance with this chapter; and

(3) the costs necessary to achieve the accountability goals under this chapter.

(q) In accordance with rules adopted by the board of trustees for the Teacher Retirement System of Texas, a certified educator employed by a juvenile board in a juvenile justice alternative education program shall be eligible for membership and participation in the system to the same extent that an employee of a public school district is eligible. The juvenile board shall make any contribution that otherwise would be the responsibility of the school district if the person were employed by the school district, and the state shall make any contribution to the same extent as if the person were employed by a school district.

(a) In this section:

(1) "Disciplinary action" means a suspension, expulsion, placement in an alternative education program, or other limitation in enrollment eligibility of a student by a district or school.

(2) "District or school" includes an independent school district, a home-rule school district, a campus or campus program charter holder, or an open-enrollment charter school.

(b) If a district or school takes disciplinary action against a student and the student subsequently enrolls in another district or school before the expiration of the period of disciplinary action, the governing body of the district or school taking the disciplinary action shall provide to the district or school in which the student enrolls, at the same time other records of the student are provided, a copy of the order of disciplinary action.

(c) Subject to Section 37.007(e), the district or school in which the student enrolls may continue the disciplinary action under the terms of the order or may allow the student to attend regular classes without completing the period of disciplinary action.

§ 37.017. Destruction of Certain Records.

Information received by a school district under Article 15.27, Code of Criminal Procedure, may not be attached to the permanent academic file of the student who is the subject of the report. The school district shall destroy the information at the end of the school year in which the report was filed.
For purposes of removals of a child with a disability from the child’s current educational placement under §§ 300.530 through 300.535, a change of placement occurs if—

1. The removal is for more than 10 consecutive school days; or
2. The child has been subjected to a series of removals that constitute a pattern—
   1. Because the series of removals total more than 10 school days in a school year;
   2. Because the child’s behavior is substantially similar to the child’s behavior in previous incidents that resulted in the series of removals; and
   3. Because of such additional factors as the length of each removal, the total amount of time the child has been removed, and the proximity of the removals to one another.

The public agency determines on a case-by-case basis whether a pattern of removals constitutes a change of placement.

This determination is subject to review through due process and judicial proceedings.

§ 300.537 State enforcement mechanisms.

Notwithstanding §§ 300.506(b)(7) and 300.510(d)(2), which provide for judicial enforcement of a written agreement reached as a result of mediation or a resolution meeting, there is nothing in this part that would prevent the SEA from using other mechanisms to seek enforcement of that agreement, provided that use of those mechanisms is not mandatory and does not delay or deny a party the right to seek enforcement of the written agreement in a State court of competent jurisdiction or in a district court of the United States.

(b) Sampling. The Secretary may permit States and the Secretary of the Interior to obtain data in section 618(a) of the Act through sampling.

§ 300.643 Annual report of children served—certification.

The SEA must include in its report a certification signed by an authorized official of the agency that the information provided under § 300.640 is an accurate and unduplicated count of children with disabilities receiving special education and related services on the dates in question.

§ 300.644 Annual report of children served—criteria for counting children.

The SEA may include in its report children with disabilities who are enrolled in a school or program that is operated or supported by a public agency, and that—

(c) Obtain certification from each agency and institution that an unduplicated and accurate count has been made;

(d) Aggregate the data from the count obtained from each agency and institution, and prepare the reports required under §§ 300.640 through 300.644; and

(e) Ensure that documentation is maintained that enables the State and the Secretary to audit the accuracy of the count.

§ 300.646 Disproportionality.

(a) General. Each State that receives assistance under Part B of the Act, and the Secretary of the Interior, must provide for the collection and examination of data to determine if significant disproportionality based on race and ethnicity is occurring in the State and the LEAs of the State with respect to—

(1) The identification of children as children with disabilities, including the identification of children as children with disabilities in accordance with a particular impairment described in section 602(3) of the Act;

(2) The placement in particular educational settings of these children; and

(3) The incidence, duration, and type of disciplinary actions, including suspensions and expulsions.

(b) Review and revision of policies, practices, and procedures. In the case of a determination of significant disproportionality with respect to the identification of children as children with disabilities, or the placement in particular educational settings of these children, in accordance with paragraph (a) of this section, the State or the Secretary of the Interior must—

(1) Provide for the review and, if appropriate revision of the policies, procedures, and practices used in the identification or placement to ensure that the policies, procedures, and practices comply with the requirements of the Act.

(2) Require any LEA identified under paragraph (a) of this section to reserve the maximum amount of funds under

§ 300.700 Grants to States.

(a) Purpose of grants. The Secretary makes grants to States, outlying areas, and freely associated States (as defined in § 300.717), and provides funds to the Secretary of the Interior, to assist them to provide special education and related services to children with disabilities in accordance with Part B of the Act.

(b) Maximum amount. The maximum amount of the grant a State may receive under section 611 of the Act is—

(1) For fiscal years 2005 and 2006—

(i) The number of children with disabilities in the State who are receiving special education and related services—

(A) Aged three through five, if the State is eligible for a grant under section 619 of the Act; and

(B) Aged 6 through 21; multiplied by—

(ii) Forty (40) percent of the average per-pupil expenditure in public elementary schools and secondary schools in the United States (as defined in § 300.717); and

(2) For fiscal year 2007 and subsequent fiscal years—

(i) The number of children with disabilities in the 2004–2005 school year in the State who received special education and related services—

(A) Aged three through five if the State is eligible for a grant under section 619 of the Act; and

(B) Aged 6 through 21; multiplied by

(ii) Forty (40) percent of the average per-pupil expenditure in public elementary schools and secondary schools in the United States (as defined in § 300.717);

(iii) Adjusted by the rate of annual change in the sum of—

(A) Eighty-five (85) percent of the State’s population of children aged 3 through 21 who are of the same age as children with disabilities for whom the State ensures the availability of FAPE under Part B of the Act; and

(B) Fifteen (15) percent of the State’s population of children described in paragraph (b)(2)(iii)(A) of this section who are living in poverty.

(Authority: 20 U.S.C. 1411(a) and (d))

§ 300.701 Outlying areas, freely associated States, and the
Secretary of the Interior.
(a) Outlying areas and freely associated States.
   (1) Funds reserved. From the amount appropriated for any fiscal year under section 611(i) of the Act, the Secretary reserves not more than one percent, which must be used—
      (i) To provide assistance to the outlying areas in accordance with their respective populations of individuals aged 3 through 21; and
      (ii) To provide each freely associated State a grant in the amount that the freely associated State received for fiscal year 2003 under Part B of the Act, but only if the freely associated State—
         (A) Meets the applicable requirements of Part B of the Act that apply to States.
         (B) Meets the requirements in paragraph (a)(2) of this section.
   (2) Application. Any freely associated State that wishes to receive funds under Part B of the Act must include, in its application for assistance—
      (i) Information demonstrating that it will meet all conditions that apply to States under Part B of the Act.
      (ii) An assurance that, notwithstanding any other provision of Part B of the Act, it will use those funds only for the direct provision of special education and related services to children with disabilities and to enhance its capacity to make FAPE available to all children with disabilities;
      (iii) The identity of the source and amount of funds, in addition to funds under Part B of the Act, that it will make available to ensure that FAPE is available to all children with disabilities within its jurisdiction; and
      (iv) Such other information and assurances as the Secretary may require.
   (3) Special rule. The provisions of Public Law 95–134, permitting the consolidation of grants by the outlying areas, do not apply to funds provided to the outlying areas or to the freely associated States under Part B of the Act.

(b) Secretary of the Interior. From the amount appropriated for any fiscal year under section 611(i) of the Act, the Secretary reserves 1.226 percent to provide assistance to the Secretary of the Interior in accordance with §§ 300.707 through 300.716.
(Authority: 20 U.S.C. 1411(b))

§ 300.702 Technical assistance.
(a) In general. The Secretary may reserve not more than one-half of one percent of the amounts appropriated under Part B
of the Act for each fiscal year to support technical assistance activities authorized under section 616(i) of the Act.

(b) Maximum amount. The maximum amount the Secretary may reserve under paragraph (a) of this section for any fiscal year is $25,000,000, cumulatively adjusted by the rate of inflation as measured by the percentage increase, if any, from the preceding fiscal year in the Consumer Price Index For All Urban Consumers, published by the Bureau of Labor Statistics of the Department of Labor.

(Authority: 20 U.S.C. 1411(c))

§ 300.703 Allocations to States.

(a) General. After reserving funds for technical assistance under § 300.702, and for payments to the outlying areas, the freely associated States, and the Secretary of the Interior under § 300.701 (a) and (b) for a fiscal year, the Secretary allocates the remaining amount among the States in accordance with paragraphs (b), (c), and (d) of this section.

(b) Special rule for use of fiscal year 1999 amount. If a State received any funds under section 611 of the Act for fiscal year 1999 on the basis of children aged three through five, but does not make FAPE available to all children with disabilities aged three through five in the State in any subsequent fiscal year, the Secretary computes the State’s amount for fiscal year 1999, solely for the purpose of calculating the State’s allocation in that subsequent year under paragraph (c) or (d) of this section, by subtracting the amount allocated to the State for fiscal year 1999 on the basis of those children.

(c) Increase in funds. If the amount available for allocations to States under paragraph (a) of this section for a fiscal year is equal to or greater than the amount allocated to the States under section 611 of the Act for the preceding fiscal year, those allocations are calculated as follows:

(1) Allocation of increase.—

(i) General. Except as provided in paragraph (c)(2) of this section, the Secretary allocates for the fiscal year—

(A) To each State the amount the State received under this section for fiscal year 1999;

(B) Eighty-five (85) percent of any remaining funds to States on the basis of the States’ relative populations of children aged 3 through 21 who are of the same age as children with disabilities for whom the State ensures the availability of FAPE under Part B of the Act; and

(C) Fifteen (15) percent of those remaining funds to States on the basis of the States’ relative populations of children described in paragraph (c)(1)(i)(B) of this section who are living in poverty.

(ii) Data. For the purpose of making grants under this
section, the Secretary uses the most recent population data, including data on children living in poverty, that are available and satisfactory to the Secretary.

(2) Limitations. Notwithstanding paragraph (c)(1) of this section, allocations under this section are subject to the following:

(i) Preceding year allocation. No State’s allocation may be less than its allocation under section 611 of the Act for the preceding fiscal year.

(ii) Minimum. No State’s allocation may be less than the greatest of—

(A) The sum of—

1. The amount the State received under section 611 of the Act for fiscal year 1999; and

2. One third of one percent of the amount by which the amount appropriated under section 611(i) of the Act for the fiscal year exceeds the amount appropriated for section 611 of the Act for fiscal year 1999;

(B) The sum of—

1. The amount the State received under section 611 of the Act for the preceding fiscal year; and

2. That amount multiplied by the percentage by which the increase in the funds appropriated for section 611 of the Act from the preceding fiscal year exceeds 1.5 percent; or

(C) The sum of—

1. The amount the State received under section 611 of the Act for the preceding fiscal year; and

2. That amount multiplied by 90 percent of the percentage increase in the amount appropriated for section 611 of the Act from the preceding fiscal year.

(iii) Maximum. Notwithstanding paragraph (c)(2)(ii) of this section, no State’s allocation under paragraph (a) of this section may exceed the sum of—

(A) The amount the State received under section 611 of the Act for the preceding fiscal year; and

(B) That amount multiplied by the sum of 1.5 percent and the percentage increase in the amount appropriated for section 611 of the Act from the preceding fiscal year.

(3) Ratable reduction. If the amount available for allocations to States under paragraph (c) of this section is
### Decrease in funds

If the amount available for allocations to States under paragraph (a) of this section for a fiscal year is less than the amount allocated to the States under section 611 of the Act for the preceding fiscal year, those allocations are calculated as follows:

1. **Amounts greater than fiscal year 1999 allocations.** If the amount available for allocations under paragraph (a) of this section is greater than the amount allocated to the States for fiscal year 1999, each State is allocated the sum of—
   i. **1999 amount.** The amount the State received under section 611 of the Act for fiscal year 1999; and
   ii. **Remaining funds.** An amount that bears the same relation to any remaining funds as the increase the State received under section 611 of the Act for the preceding fiscal year over fiscal year 1999 bears to the total of all such increases for all States.

2. **Amounts equal to or less than fiscal year 1999 allocations.**
   i. **General.** If the amount available for allocations under paragraph (a) of this section is equal to or less than the amount allocated to the States for fiscal year 1999, each State is allocated the amount it received for fiscal year 1999.
   ii. **Ratable reduction.** If the amount available for allocations under paragraph (d) of this section is insufficient to make the allocations described in paragraph (d)(2)(i) of this section, those allocations are ratably reduced.

(Authority: 20 U.S.C. 1411(d))

### § 300.704 State-level activities.

(a) **State administration.**

1. For the purpose of administering Part B of the Act, including paragraph (c) of this section, section 619 of the Act, and the coordination of activities under Part B of the Act with, and providing technical assistance to, other programs that provide services to children with disabilities—
   i. Each State may reserve for each fiscal year not more than the maximum amount the State was eligible to reserve for State administration under section 611 of the Act for fiscal year 2004 or $800,000 (adjusted in accordance with paragraph (a)(2) of this section), whichever is greater; and
   ii. Each outlying area may reserve for each fiscal year not more than five percent of the amount the outlying area receives under § 300.701(a) for the
fiscal year or $35,000, whichever is greater.

(2) For each fiscal year, beginning with fiscal year 2005, the Secretary cumulatively adjusts—
   (i) The maximum amount the State was eligible to reserve for State administration under section 611 of the Act for fiscal year 2004; and
   (ii) $800,000, by the rate of inflation as measured by the percentage increase, if any, from the preceding fiscal year in the Consumer Price Index For All Urban Consumers, published by the Bureau of Labor Statistics of the Department of Labor.

(3) Prior to expenditure of funds under paragraph (a) of this section, the State must certify to the Secretary that the arrangements to establish responsibility for services pursuant to section 612(a)(12)(A) of the Act are current.

(4) Funds reserved under paragraph (a)(1) of this section may be used for the administration of Part C of the Act, if the SEA is the lead agency for the State under that Part.

(b) Other State-level activities.

(1) States may reserve a portion of their allocations for other State-level activities. The maximum amount that a State may reserve for other State-level activities is as follows:
   (i) If the amount that the State sets aside for State administration under paragraph (a) of this section is greater than $850,000 and the State opts to finance a high cost fund under paragraph (c) of this section:
      (A) For fiscal years 2005 and 2006, 10 percent of the State’s allocation under §300.703.
      (B) For fiscal year 2007 and subsequent fiscal years, an amount equal to 10 percent of the State’s allocation for fiscal year 2006 under § 300.703 adjusted cumulatively for inflation.
   (ii) If the amount that the State sets aside for State administration under paragraph (a) of this section is greater than $850,000 and the State opts not to finance a high cost fund under paragraph (c) of this section—
      (A) For fiscal years 2005 and 2006, nine percent of the State’s allocation under § 300.703.
      (B) For fiscal year 2007 and subsequent fiscal years, an amount equal to nine percent of the State’s allocation for fiscal year 2006 adjusted cumulatively for inflation.
   (iii) If the amount that the State sets aside for State administration under paragraph (a) of this section is less than or equal to $850,000 and the State opts to finance a high cost fund under paragraph
(c) of this section:
(A) For fiscal years 2005 and 2006, 10.5 percent of the State’s allocation under § 300.703.
(B) For fiscal year 2007 and subsequent fiscal years, an amount equal to 10.5 percent of the State’s allocation for fiscal year 2006 under § 300.703 adjusted cumulatively for inflation.

(iv) If the amount that the State sets aside for State administration under paragraph (a) of this section is equal to or less than $850,000 and the State opts not to finance a high cost fund under paragraph (c) of this section:
(A) For fiscal years 2005 and 2006, nine and one-half percent of the State’s allocation under § 300.703.
(B) For fiscal year 2007 and subsequent fiscal years, an amount equal to nine and one-half percent of the State’s allocation for fiscal year 2006 under § 300.703 adjusted cumulatively for inflation.

(2) The adjustment for inflation is the rate of inflation as measured by the percentage of increase, if any, from the preceding fiscal year in the Consumer Price Index for All Urban Consumers, published by the Bureau of Labor Statistics of the Department of Labor.

(3) Some portion of the funds reserved under paragraph (b)(1) of this section must be used to carry out the following activities:
(i) For monitoring, enforcement, and complaint investigation; and
(ii) To establish and implement the mediation process required by section 615(e) of the Act, including providing for the costs of mediators and support personnel;

(4) Funds reserved under paragraph (b)(1) of this section also may be used to carry out the following activities:
(i) For support and direct services, including technical assistance, personnel preparation, and professional development and training;
(ii) To support paperwork reduction activities, including expanding the use of technology in the IEP process;
(iii) To assist LEAs in providing positive behavioral interventions and supports and mental health services for children with disabilities;
(iv) To improve the use of technology in the classroom by children with disabilities to enhance learning;

(ii) For purposes of paragraph (c) of this section, local educational agency includes a charter school that is an LEA, or a consortium of LEAs.

(2) (i) A State must not use any of the funds the State reserves pursuant to paragraph (c)(1)(i) of this section, which are solely for disbursement to LEAs, for costs associated with establishing, supporting, and otherwise administering the fund. The State may use funds the State reserves under paragraph (a) of this section for those administrative costs.

(ii) For purposes of paragraph (c) of this section, local educational agency includes a charter school that is an LEA, or a consortium of LEAs.

(2) (i) A State must not use any of the funds the State reserves pursuant to paragraph (c)(1)(i) of this section, which are solely for disbursement to LEAs, for costs associated with establishing, supporting, and otherwise administering the fund. The State may use funds the State reserves under paragraph (a) of this section for those administrative costs.

(ii) A State must not use more than 5 percent of the funds the State reserves pursuant to paragraph (c)(1)(i) of this section for each fiscal year to support innovative and effective ways of cost sharing among consortia of LEAs.

(3) (i) The SEA must develop, not later than 90 days after the State reserves funds under paragraph (c)(1)(i) of this section, annually review, and amend as necessary, a State plan for the high cost fund. Such State plan must—

(A) Establish, in consultation and coordination with representatives from LEAs, a definition of a high need child with a disability that, at a minimum—

(1) Addresses the financial impact a high need child with a disability has on the budget of the child’s LEA; and

(2) Ensures that the cost of the high need child with a disability is greater than 3 times the average per pupil expenditure (as defined in section 9101 of the ESEA) in that State;

(B) Establish eligibility criteria for the participation of an LEA that, at a minimum, take into account the number and percentage of high need children with disabilities served by an LEA;

(C) Establish criteria to ensure that placements supported by the fund are consistent with the requirements of §§ 300.114 through 300.118;

(D) Develop a funding mechanism that provides distributions each fiscal year to LEAs that meet the criteria developed by the State under paragraph(c)(3)(i)(B) of this section;
(E) Establish an annual schedule by which the SEA must make its distributions from the high cost fund each fiscal year; and

(F) If the State elects to reserve funds for supporting innovative and effective ways of cost sharing under paragraph (c)(1)(i)(B) of this section, describe how these funds will be used.

(ii) The State must make its final State plan available to the public not less than 30 days before the beginning of the school year, including dissemination of such information on the State Web site.

(4) (i) Each SEA must make all annual disbursements from the high cost fund established under paragraph (c)(1)(i) of this section in accordance with the State plan published pursuant to paragraph (c)(3) of this section.

(ii) The costs associated with educating a high need child with a disability, as defined under paragraph (c)(3)(i)(A) of this section, are only those costs associated with providing direct special education and related services to the child that are identified in that child’s IEP, including the cost of room and board for a residential placement determined necessary, consistent with § 300.114, to implement a child’s IEP.

(iii) The funds in the high cost fund remain under the control of the State until disbursed to an LEA to support a specific child who qualifies under the State plan for the high cost funds or distributed to LEAs, consistent with paragraph (c)(9) of this section.

(5) The disbursements under paragraph (c)(4) of this section must not be used to support legal fees, court costs, or other costs associated with a cause of action brought on behalf of a child with a disability to ensure FAPE for such child.

(6) Nothing in paragraph (c) of this section—

(i) Limits or conditions the right of a child with a disability who is assisted under Part B of the Act to receive FAPE pursuant to section 612(a)(1) of the Act in the least restrictive environment pursuant to section 612(a)(5) of the Act; or

(ii) Authorizes an SEA or LEA to establish a limit on what may be spent on the education of a child with a disability.

(7) Notwithstanding the provisions of paragraphs (c)(1) through (6) of this section, a State may use funds reserved pursuant to paragraph (c)(1)(i) of this section for implementing a placement neutral cost sharing and reimbursement program of high need, low incidence, catastrophic, or extraordinary aid to LEAs that provides
services to high need children based on eligibility criteria for such programs that were created not later than January 1, 2004, and are currently in operation. If such program serves children that meet the requirement of the definition of a high need child with a disability as described in paragraph (c)(3)(i)(A) of this section.

(8) Disbursements provided under paragraph (c) of this section must not be used to pay costs that otherwise would be reimbursed as medical assistance for a child with a disability under the State Medicaid program under Title XIX of the Social Security Act.

(9) Funds reserved under paragraph (c)(1)(i) of this section from the appropriation for any fiscal year, but not expended pursuant to paragraph (c)(4) of this section before the beginning of their last year of availability for obligation, must be allocated to LEAs in the same manner as other funds from the appropriation for that fiscal year are allocated to LEAs under § 300.705 during their final year of availability.

(d) *Inapplicability of certain prohibitions.* A State may use funds the State reserves under paragraphs (a) and (b) of this section without regard to—

(1) The prohibition on commingling of funds in § 300.162(b).

(2) The prohibition on supplanting other funds in § 300.162(c).

(e) *Special rule for increasing funds.* A State may use funds the State reserves under paragraph (a)(1) of this section as a result of inflationary increases under paragraph (a)(2) of this section to carry out activities authorized under paragraph(b)(4)(i), (iii), (vii), or (viii) of this section.

(f) *Flexibility in using funds for Part C.* Any State eligible to receive a grant under section 619 of the Act may use funds made available under paragraph (a)(1) of this section, § 300.705(c), or § 300.814(e) to develop and implement a State policy jointly with the lead agency under Part C of the Act and the SEA to provide early intervention services (which must include an educational component) that promotes school readiness and incorporates preliteracy, language, and numeracy skills) in accordance with Part C of the Act to children with disabilities who are eligible for services under section 619 of the Act and who previously received services under Part C of the Act until the children enter, or are eligible under State law to enter, kindergarten, or elementary school as appropriate.

§ 300.705 Subgrants to LEAs.

(a) *Subgrants required.* Each State that receives a grant under section 611 of the Act for any fiscal year must distribute any
funds the State does not reserve under §300.704 to LEAs (including public charter schools that operate as LEAs) in the State that have established their eligibility under section 613 of the Act for use in accordance with Part B of the Act. Effective with funds that become available on the July 1, 2009, each State must distribute funds to eligible LEAs, including public charter schools that operate as LEAs, even if the LEA is not serving any children with disabilities.

(b) **Allocations to LEAs** For each fiscal year for which funds are allocated to States under § 300.703, each State shall allocate funds as follows:

1. **Base payments.** The State first must award each LEA described in paragraph (a) of this section the amount the LEA would have received under section 611 of the Act for fiscal year 1999, if the State had distributed 75 percent of its grant for that year under section 611(d) of the Act, as that section was then in effect.

2. **Base payment adjustments** For any fiscal year after 1999 —

   i. If a new LEA is created, the State must divide the base allocation determined under paragraph (b)(1) of this section for the LEAs that would have been responsible for serving children with disabilities now being served by the new LEA, among the new LEA and affected LEAs based on the relative numbers of children with disabilities ages 3 through 21, or ages 6 through 21 if a State has had its payment reduced under § 300.703(b), currently provided special education by each of the LEAs;

   ii. If one or more LEAs are combined into a single new LEA, the State must combine the base allocations of the merged LEAs;

   iii. If, for two or more LEAs, geographic boundaries or administrative responsibility for providing services to children with disabilities ages 3 through 21 change, the base allocations of affected LEAs must be redistributed among affected LEAs based on the relative numbers of children with disabilities ages 3 through 21, or ages 6 through 21 if a State has had its payment reduced under § 300.703(b), currently provided special education by each affected LEA; and

   iv. If an LEA received a base payment of zero in its first year of operation, the SEA must adjust the base payment for the first fiscal year after the first annual child count in which the LEA reports that it is serving any children with disabilities. The State must divide the base allocation determined under paragraph (b)(1) of this section for the LEAs that would have been responsible for serving children with disabilities now being served by the LEA, among the LEA and affected LEAs based on the relative numbers of children with disabilities ages 3
through 21, or ages 6 through 21 currently provided special education by each of the LEAs. This requirement takes effect with funds that become available on July 1, 2009.

(3) Allocation of remaining funds. After making allocations under paragraph (b)(1) of this section, as adjusted by paragraph (b)(2) of this section, the State must —

(i) Allocate 85 percent of any remaining funds to those LEAs on the basis of the relative numbers of children enrolled in public and private elementary schools and secondary schools within the LEA’s jurisdiction; and

(ii) Allocate 15 percent of those remaining funds to those LEAs in accordance with their relative numbers of children living in poverty, as determined by the SEA.

(c) Reallocation of LEA funds.

(1) If an SEA determines that an LEA is adequately providing FAPE to all children with disabilities residing in the area served by that agency with State and local funds, the SEA may reallocate any portion of the funds under this part that are not needed by that LEA to provide FAPE, to other LEAs in the State that are not adequately providing special education and related services to all children with disabilities residing in the areas served by those other LEAs. The SEA may also retain those funds for use at the State level to the extent the State has not reserved the maximum amount of funds it is permitted to reserve for State-level activities pursuant to §300.704.

(2) After an SEA distributes funds under this part to an eligible LEA that is not serving any children with disabilities, as provided in paragraph (a) of this section, the SEA must determine, within a reasonable period of time prior to the end of the carryover period in 34 CFR 76.709, whether the LEA has obligated the funds. The SEA may reallocate any of those funds not obligated by the LEA to other LEAs in the State that are not adequately providing special education and related services to all children with disabilities residing in the areas served by those other LEAs. The SEA may also retain those funds for use at the State level to the extent the State has not reserved the maximum amount of funds it is permitted to reserve for State-level activities pursuant to §300.704.

§ 300.815 Subgrants to LEAs.

Each State that receives a grant under section 619 of the Act for any fiscal year must distribute all of the grant funds the State does not reserve under §300.812 to LEAs (including public charter schools that operate as LEAs) in the State that have established their eligibility under section 613 of the Act. Effective with funds that become available on July 1, 2009, each State must distribute funds to eligible LEAs that are responsible for providing education to children aged three through five years, including public charter schools that operate as LEAs, even if the LEA is not serving any preschool children with disabilities.

(Authority: 20 U.S.C. 1419(g)(1))

§ 300.816 Allocations to LEAs.

(a) Base payments. The State must first award each LEA described in § 300.815 the amount that agency would have received under section 619 of the Act for fiscal year 1997 if the State had distributed 75 percent of its grant for that year under section 619(c)(3), as such section was then in effect.

(b) Base payment adjustments. For fiscal year 1998 and beyond—

(1) If a new LEA is created, the State must divide the base allocation determined under paragraph (a) of this section for the LEAs that would have been responsible for serving children with disabilities now being served by the new LEA, among the new LEA and affected LEAs based on the relative numbers of children with disabilities ages three through five currently provided special education by each of the LEAs;

(2) If one or more LEAs are combined into a single new LEA, the State must combine the base allocations of the merged LEAs;

(3) If for two or more LEAs, geographic boundaries or administrative responsibility for providing services to children with disabilities ages three through five changes, the base allocations of affected LEAs must be redistributed among affected LEAs based on the relative numbers of children with disabilities ages three through five currently provided special education by each.
affected LEA; and.

(4) If an LEA received a base payment of zero in its first year of operation, the SEA must adjust the base payment for the first fiscal year after the first annual child count in which the LEA reports that it is serving any children with disabilities aged three through five years. The State must divide the base allocation determined under paragraph (a) of this section for the LEAs that would have been responsible for serving children with disabilities aged three through five years now being served by the LEA, among the LEA and affected LEAs based on the relative numbers of children with disabilities aged three through five years currently provided special education by each of the LEAs. This requirement takes effect with funds that become available on July 1, 2009.

(c) Allocation of remaining funds. After making allocations under paragraph (a) of this section, the State must—

(1) Allocate 85 percent of any remaining funds to those LEAs on the basis of the relative numbers of children enrolled in public and private elementary schools and secondary schools within the LEA’s jurisdiction; and

(2) Allocate 15 percent of those remaining funds to those LEAs in accordance with their relative numbers of children living in poverty, as determined by the SEA.

(d) Use of best data. For the purpose of making grants under this section, States must apply on a uniform basis across all LEAs the best data that are available to them on the numbers of children enrolled in public and private elementary and secondary schools and the numbers of children living in poverty.

Authority: 20 U.S.C. 1419(g)(1)

§ 300.817 Reallocation of LEA funds.

(a) If an SEA determines that an LEA is adequately providing FAPE to all children with disabilities aged three through five years residing in the area served by the LEA with State and local funds, the SEA may reallocate any portion of the funds under section 619 of the Act that are not needed by that LEA to provide FAPE, to other LEAs in the State that are not adequately providing special education and related services to all children with disabilities aged three through five years residing in the areas served by those other LEAs. The SEA may also retain those funds for use at the State level to the extent the State has not reserved the maximum amount of funds it is permitted to reserve for State-level activities pursuant to §300.812.

(b) After an SEA distributes section 619 funds to an eligible LEA that is not serving any children with disabilities aged three through five years, as provided in §300.815, the SEA must determine, within a reasonable period of time prior to the end of the carryover period in 34 CFR 76.709, whether the LEA...
has obligated the funds. The SEA may reallocate any of those funds not obligated by the LEA to other LEAs in the State that are not adequately providing special education and related services to all children with disabilities aged three through five years residing in the areas served by those other LEAs. The SEA may also retain those funds for use at the State level to the extent the State has not reserved the maximum amount of funds it is permitted to reserve for State-level activities pursuant to §300.812.

§ 300.818 Part C of the Act inapplicable.
Part C of the Act does not apply to any child with a disability receiving FAPE, in accordance with Part B of the Act, with funds received under section 619 of the Act.

(Authority: 20 U.S.C. 1419(h))
Appendix A to Part 300—Excess Costs Calculation

Except as otherwise provided, amounts provided to an LEA under Part B of the Act may be used only to pay the excess costs of providing special education and related services to children with disabilities. Excess costs are those costs for the education of an elementary school or secondary school student with a disability that are in excess of the average annual per student expenditure in an LEA during the preceding school year for an elementary school or secondary school student, as may be appropriate. An LEA must spend at least the average annual per student expenditure on the education of an elementary school or secondary school child with a disability before funds under Part B of the Act are used to pay the excess costs of providing special education and related services.

Section 602(8) of the Act and § 300.16 require the LEA to compute the minimum average amount separately for children with disabilities in its elementary schools and for children with disabilities in its secondary schools. LEAs may not compute the minimum average amount it must spend on the education of children with disabilities based on a combination of the enrollments in its elementary schools and secondary schools.

The following example shows how to compute the minimum average amount an LEA must spend for the education of each of its elementary school children with disabilities under section 602(3) of the Act before it may use funds under Part B of the Act.

a. First the LEA must determine the total amount of its expenditures for elementary school students from all sources—local, State, and Federal (including Part B)—in the preceding school year. Only capital outlay and debt services are excluded.

Example: The following is an example of a computation for children with disabilities enrolled in an LEA’s elementary schools. In this example, the LEA had an average elementary school enrollment for the preceding school year of 800 (including 100 children with disabilities). The LEA spent the following amounts last year for elementary school students (including its elementary school children with disabilities):

| (1) From State and local tax funds | $6,500,000 |
| (2) From Federal funds | 600,000 |
| **Total expenditures** | **7,100,000** |

Of this total, $60,000 was for capital outlay and debt service relating to the education of elementary school students. This must be subtracted from total expenditures.

| (1) Total Expenditures | $7,100,000 |
| (2) Less capital outlay and debt | -60,000 |
| **Total expenditures for elementary students less capital outlay and debt** | **$7,040,000** |

b. Next, the LEA must subtract from the total expenditures amounts spent for:

| (1) IDEA, Part B allocation |
| (2) ESEA, Title I, Part A allocation |
| (3) ESEA, Title III, Parts A and B allocation |
| (4) State and local funds for children with disabilities, and |
| (5) State or local funds for programs under ESEA, Title I, Part A, and Title III, Parts A and B. |

These are funds that the LEA actually spent, not funds received last year but carried over for the current school year.

c. Except as otherwise provided, the LEA next must determine the average annual per student expenditure for its elementary schools dividing the average number of students enrolled in the elementary schools of the agency during the preceding year (including its children with disabilities) into the amount computed under the above paragraph. The amount obtained through this computation is the minimum amount the LEA must spend (on the average) for the education of each of its elementary school children with disabilities. Funds under Part B of the Act may be used only for costs over and above this minimum.

| (1) Amount from Step b | $5,890,000 |
| (2) Average number of students enrolled | 800 |
| (3) $5,890,000/800 Average annual per student expenditure | $7,362 |

| (1) Number of children with disabilities in the LEA’s elementary schools | 100 |
| (2) Average annual per student expenditure | $7,362 |
| (3) $7,362 x 100 | $736,200 |

Total minimum amount of funds the LEA must spend for the education of children with disabilities enrolled in the LEA’s elementary schools before using Part B funds.

Example: The LEA spent the following amounts for elementary school students last year:

| (1) From funds under IDEA, Part B allocation | $200,000 |
| (2) From funds under ESEA, Title I, Part A allocation | 250,000 |
| (3) From funds under ESEA, Title III, Parts A and B allocation | 50,000 |
| (4) From State funds and local funds for children with disabilities | 500,000 |
| (5) From State and local funds for programs under ESEA, Title I, Part A, and Title III, Parts A and B | 150,000 |
| **Total** | **1,150,000** |
| (1) Total expenditures less capital layout and debt | 7,040,000 |
| (2) Other deductions | -1,150,000 |
| **Total** | **$5,890,000** |

Expenditures for the current school year.
Appendix B to Part 300—Proportionate Share Calculation

Each LEA must expend, during the grant period, on the provision of special education and related services for the parentally-placed private school children with disabilities enrolled in private elementary schools and secondary schools located in the LEA an amount that is equal to—

1. A proportionate share of the LEA’s subgrant under section 611(f) of the Act for children with disabilities aged 3 through 21. This is an amount that is the same proportion of the LEA’s total subgrant under section 611(f) of the Act as the number of parentally-placed private school children with disabilities aged 3 through 21 enrolled in private elementary schools and secondary schools located in the LEA is to the total number of children with disabilities enrolled in public and private elementary schools and secondary schools located in the LEA aged 3 through 21; and

2. A proportionate share of the LEA’s subgrant under section 619(g) of the Act for children with disabilities aged 3 through 5. This is an amount that is the same proportion of the LEA’s total subgrant under section 619(g) of the Act as the total number of parentally-placed private school children with disabilities aged 3 through 5 enrolled in private elementary schools located in the LEA is to the total number of children with disabilities enrolled in public and private elementary schools located in the LEA aged 3 through 5.

Consistent with section 612(a)(10)(A)(i) of the Act and § 300.133 of these regulations, annual expenditures for parentally-placed private school children with disabilities are calculated based on the total number of children with disabilities enrolled in public and private elementary schools and secondary schools located in the LEA that receive special education and related services under Part B, as compared with the total number of eligible parentally-placed private school children with disabilities aged 3 through 5 enrolled in private elementary schools located in the LEA. This ratio is used to determine the proportion of the LEA’s total Part B subgrants that is to be expended on the services provided to the group of parentally-placed private school children with disabilities enrolled in private elementary schools and secondary schools located in the LEA.

The following outlines the examples of how the proportionate share is calculated:

There are 300 eligible children with disabilities enrolled in the Flintstone School District and 20 eligible parentally-placed private school children with disabilities enrolled in private elementary schools and secondary schools located in the LEA for a total of 320 eligible public and private school children with disabilities (note: proportionate share for parentally-placed private school children is based on total children eligible, not children served). The number of eligible parentally-placed private school children with disabilities (20) divided by the total number of eligible public and private school children with disabilities (320) indicates that 6.25 percent of the LEA’s subgrant must be spent for the group of eligible parentally-placed children with disabilities enrolled in private elementary schools and secondary schools located in the LEA. Flintstone School District receives $152,500 in Federal flow through funds. Therefore, the LEA must spend $9,531.25 on special education or related services to the group of parentally-placed private school children with disabilities enrolled in private elementary schools and secondary schools located in the LEA. (Note: The LEA must calculate the proportionate share of IDEA funds before earmarking funds for any early intervening activities in § 300.226).

Appendix C to Part 300—National Instructional Materials Accessibility Standard (NIMAS)

Under sections 612(a)(23)(A) and 674(e)(4) of the Individuals with Disabilities Education Act, as amended by the Individuals with Disabilities Education Improvement Act of 2004, the Secretary of Education establishes the NIMAS. Under section 674(e)(4) of the Act, the NIMAS applies to print instructional materials published after July 19, 2006. The purpose of the NIMAS is to help increase the availability and timely delivery of print instructional materials in accessible formats to blind or other persons with print disabilities in elementary and secondary schools.

Technical Specifications—The Baseline Element Set

The Baseline Element Set details the minimum requirement that must be delivered to fulfill the NIMAS. It is the responsibility of publishers to provide this NIMAS-conformant XML content file, a package file (OPF), a PDF-format copy of the title page (or whichever page(s) contain(s) ISBN and copyright information), and a full set of the content's images. All of the images included within a work must be provided in a folder and placeholders entered in the relevant XML document indicating their location (all images must be included). The preferred image type is SVG, next is either PNG or JPG format. Images should be rendered in the same size/proportion as their originals at 300 dpi. Images should be named with relative path filenames in XML files (example: img id="staricon4" src="/images/U10C02/staricon4.jpg" alt="star icon").

NIMAS-conformant content must be valid to the NIMAS 1.1 [See ANSI/NISO Z39.86 2005 or subsequent revisions]. In addition, files are required to use the tags from the Baseline Element Set when such tags are appropriate. Publishers are encouraged to augment the required Baseline Element Set with tags from the Optional Element Set (elements not included in the Standard) as applicable. For the purposes of NIMAS, appropriate usage of elements, both baseline and optional, is defined by the DAISY Structure Guidelines. Files that do not follow these guidelines in the selection and application of tags are not conformant to this Standard. Both optional elements and appropriate structure guidelines may be located within Z39.86–2002 and Z39.86–2005 available from http://www.daisy.org/z3986/. Use of the most current standard is recommended.

c. Block elements

APPENDIX C

TEA | Division of IDEA Coordination  | http://www.tea.state.tx.us/special.ed/ | March 2012 | Appendix C-1
### d. Inline Elements

- **em** Indicates emphasis. Usually &lt;em&gt; is rendered in italics. Compare with &lt;strong&gt;.
- **q** Contains a short, inline quotation. Compare with &lt;blockquote&gt; which marks a longer quotation set off from the surrounding text.
- **strong** Marks stronger emphasis than &lt;em&gt;. Visually &lt;strong&gt; is usually rendered bold.
- **sub** Indicates a subscript character (printed below a character’s normal baseline). Can be used recursively and/or intermixed with &lt;sup&gt;.
- **sup** Marks a superscript character (printed above a character’s normal baseline). Can be used recursively and/or intermixed with &lt;sub&gt;.
- **br** Marks a forced line break.
- **line** Marks a single logical line of text. Often used in conjunction with &lt;linenum&gt; in documents with numbered lines. [Use only when line breaks must be preserved to capture meaning (e.g., poems, legal texts).]
- **linenum** Contains a line number, for example in legal text. [Use only when &lt;line&gt; is used, and only for lines numbered in print book.]
- **pagenum** Contains one page number as it appears from the print document, usually inserted at the point within the file immediately preceding the first item of content on a new page. [NB: Only valid when it includes an id attribute.]
- **noteref** Marks one or more characters that reference a footnote or endnote &lt;note&gt;. Contrast with &lt;annoref&gt;.&lt;noteref idref=''#yyy''''&gt; and &lt;note&gt; are independently skippable. For the most current usage guidelines, please refer to http://www.daisy.org/z3986/

### e. Tables

- **table** Contains cells of tabular data arranged in rows and columns. A &lt;table&gt; may have a &lt;caption&gt;. It may have descriptions of the columns in &lt;col&gt;s or groupings of several &lt;col&gt; in &lt;colgroup&gt;s. A simple &lt;table&gt; may be made up of just rows &lt;tr&gt;. A long table crossing several pages of the print book should have separate &lt;pagenum&gt; values for each of the pages containing that &lt;table&gt; indicated on the page where it starts. Note the logical order of optional &lt;thead&gt;, optional &lt;tfoot&gt;, then one or more of either &lt;tbody&gt; or just rows &lt;tr&gt;. This order accommodates simple or large, complex tables. The &lt;thead&gt; and &lt;tfoot&gt; information usually helps identify content of the &lt;tbody&gt; rows. For a multiple-page print &lt;table&gt; the &lt;thead&gt; and &lt;tfoot&gt; are repeated on each page, but not redundantly tagged.
- **td** Indicates a table cell containing data.
- **tr** Marks one row of a &lt;table&gt; containing &lt;th&gt; or &lt;td&gt; cells. For the most current usage guidelines, please refer to http://www.daisy.org/z3986/

### f. Images

- **imggroup** Provides a container for one or more &lt;img&gt; and associated &lt;caption&gt;&lt;(s)&gt; and &lt;prodnote&gt;&lt;(s)&gt;. A &lt;prodnote&gt; may contain a description of the image. The content model allows: 1) multiple &lt;img&gt; if they share a caption, with the ids of each &lt;img&gt; in the &lt;caption&gt; &lt;imgref='id1' id2...'&gt;, 2) multiple &lt;caption&gt; if several captions refer to a single &lt;img id='xxx'&gt; where each caption has the same &lt;caption &lt;imgref='xxx'&gt;, 3) multiple &lt;prodnote&gt; if different versions are needed for different media (e.g., large print, braille, or print). If several &lt;prodnote&gt; refer to a single &lt;img id='xxx'&gt;, each prodnote has the same &lt;prodnote &lt;imgref='xxx'&gt;.
- **img** Points to the image to be rendered. An &lt;img&gt; may stand alone or be grouped using &lt;imggroup&gt;. Note that providing extracted images is not a requirement of the NIMAS. If they are included, it is best to refer to them using &lt;img&gt; within the &lt;imggroup&gt; container. Note that providing extracted images is not a requirement of the NIMAS. If they are included, it is best to refer to them using &lt;img&gt; within the &lt;imggroup&gt; container.
- **caption** Describes a &lt;table&gt; or &lt;img&gt;. If used with &lt;table&gt; it must follow immediately after the &lt;table&gt; start tag. If used with &lt;imggroup&gt; it is not so constrained. For the most current usage guidelines, please refer to http://www.daisy.org/z3986/
1. The Optional Elements and Guidelines for Use
Publishers are encouraged to apply markup beyond the baseline (required) elements. The complete DTBook Element Set reflects the tags necessary to create the six types of Digital Talking Books and Braille output. Because of the present necessity to subdivide the creation of alternate format materials into distinct phases, the Panel determined that baseline elements would be provided by publishers, and optional elements would be added to the NIMAS conformant files by third party conversion entities. In both circumstances the protocols for tagging digital files should conform to the most current ANSI/NISO Z39.86 specification. Content converters are directed to the most current DAISY Structure Guidelines (http://www.daisy.org/z3986/) for guidance on their use.

Since the publication of the original National File Format report from which the NIMAS technical specifications were derived, ANSI/NISO Z39.86–2002 was updated and is now ANSI/NISO Z39.86–2005. It may be best to avoid using the following optional elements which are no longer included in ANSI/NISO Z39.86–2005: style, notice, hr, and levelHd.

Also, the following new elements were introduced by ANSI/NISO Z39.86–2005 and should be considered optional elements for the NIMAS: bridgehead, byline, coverted, dateline, epigraph, linegroup, and poem. Please refer to ANSI/NISO Z39.86–2005 for guidance on their use.

2. Package File
A package file describes a publication. It identifies all other files in the publication and provides descriptive and access information about them. A publication must include a package file conforming to the NIMAS. The package file is based on the Open eBook Publication Structure 1.2 package file specification (For most recent detail please see http://www.openbook.org/oebps/oebps1.2/download/oeb12-xhtml.html#sec2). A NIMAS package file must be an XML-valid OeB PS 1.2 package file instance and must meet the following additional standards:

The NIMAS Package File must include the following Dublin Core (dc:)metadata:
- dc:Title
- dc:Creator (if applicable)
- dc:Date (Date of NIMAS-compliant file creation—yyyy-mm-dd)
- dc:Format ("NIMAS 1.0")
- dc:Identifier (a unique identifier for the NIMAS-compliant digital publication, e.g., print ISBN + "-NIMAS"—exact format to be determined)
- dc:Language (one instance, or multiple in the case of a foreign language textbook, etc.)
- dc:Rights (details to be determined)
- dc:Source (ISBN of print version of textbook)

And the following x-metadata items:
- nimas-SourceEdition (the edition of the print textbook)
- nimas-SourceDate (date of publication of the print textbook)
- nimas-grade (specific grade level of the print textbook, e.g., Grade 6)
- nimas gradeRange (specific grade range of the print textbook, e.g., Grades 4–5)

An additional suggestion references the use of:
- dc:audience:educationLevel (for the grade and gradeRange identifiers, noting that Dublin Core recommends using educationLevel with an appropriate controlled vocabulary for context, and recommends the U.S. Department of Education’s Level of Education vocabulary online at http://www.ed.gov/admin/reference/index.jsp. Using educationLevel obviates the need for a separate field for gradeRange since dc elements can repeat more than once. A book used in more than one grade would therefore have two elements, one with value “Grade 4” and another with value “Grade 5.”

A final determination as to which of these specific metadata elements to use needs to be clarified in practice. The package manifest must list all provided files (text, images, etc.). (Note: For purposes of continuity and to minimize errors in transformation and processing, the NIMAS-compliant digital text should be provided as a single document.)

3. Modular Extensions
The most current DAISY/NISO standard, formally the ANSI/NISO Z39.86, Specifications for the Digital Talking Book defines a comprehensive system for creating Digital Talking Books. A part of this standard is DTBook, an XML vocabulary that provides a core set of elements needed to produce most types of books. However, DTBook is not intended to be an exhaustive vocabulary for all types of books.

Guidelines for the correct approach to extend the DAISY/NISO standard have been established. Mathematics, video support, testing, workbooks, music, dictionaries, chemistry, and searching are some of the extensions that have been discussed. Visit http://www.daisy.org/z3986/ to learn more about modular extensions.
LEAs that seek to reduce their local maintenance of effort in accordance with § 300.205(d) and use some of their Part B funds for early intervening services under § 300.226 must do so with caution because the local maintenance of effort reduction provision and the authority to use Part B funds for early intervening services are interconnected. The decisions that an LEA makes about the amount of funds that it uses for one purpose affect the amount that it may use for the other. Below are examples that illustrate how §§ 300.205(d) and 300.226(a) affect one another.

Example 1: In this example, the amount that is 15 percent of the LEA’s total grant (See § 300.226(a)), which is the maximum amount that the LEA may use for early intervening services (EIS), is greater than the amount that may be used for local maintenance of effort (MOE) reduction (50 percent of the increase in the LEA’s grant from the prior year’s grant) (See § 300.205(a)).

If the LEA chooses to set aside $150,000 for EIS, it may not reduce its MOE (MOE maximum $50,000 less $150,000 for EIS means $0 can be used for MOE).

If the LEA chooses to set aside $100,000 for EIS, it may not reduce its MOE (MOE maximum $50,000 less $100,000 for EIS means $0 can be used for MOE).

If the LEA chooses to set aside $50,000 for EIS, it may not reduce its MOE (MOE maximum $50,000 less $50,000 for EIS means $0 can be used for MOE).

If the LEA chooses to set aside $30,000 for EIS, it may reduce its MOE by $20,000 (MOE maximum $50,000 less $30,000 for EIS means $20,000 can be used for MOE).

If the LEA chooses to set aside $0 for EIS, it may reduce its MOE by $50,000 (MOE maximum $50,000 less $0 for EIS means $50,000 can be used for MOE).

Example 2: In this example, the amount that is 15 percent of the LEA’s total grant (See § 300.226(a)), which is the maximum amount that the LEA may use for EIS, is less than the amount that may be used for MOE reduction (50 percent of the increase in the LEA’s grant from the prior year’s grant) (See § 300.205(a)).

If the LEA chooses to use no funds for MOE, it may set aside $300,000 for EIS (EIS maximum $300,000 less $0 means $300,000 for EIS).

If the LEA chooses to use $100,000 for MOE, it may set aside $200,000 for EIS (EIS maximum $300,000 less $100,000 means $200,000 for EIS).

If the LEA chooses to use $150,000 for MOE, it may set aside $150,000 for EIS (EIS maximum $300,000 less $150,000 means $150,000 for EIS).

If the LEA chooses to use $300,000 for MOE, it may not set aside anything for EIS (EIS maximum $300,000 less $300,000 means $0 for EIS).

If the LEA chooses to use $500,000 for MOE, it may not set aside anything for EIS (EIS maximum $300,000 less $500,000 means $0 for EIS).
